Introduction

Since 23 October 2018 (the “**Trading Starting Date**”), the ordinary shares (the “**Shares**”) of Equita Group S.p.A. (“**Equita Group**” or the “**Company**”) were admitted to trading on the Euronext Milan market – formerly the Mercato Telematico Azionario – (hereinafter “**EXM**”) organised and managed by Borsa Italiana, Euronext STAR Milan segment – formerly the STAR segment – (hereinafter “**STAR**”).

This Report on corporate governance and ownership structure (the “**Report**”) was prepared in conformity with current regulations and the Corporate Governance Code (as defined below), taking into account, in relation to the nature and content of the information, the latest version of the “*Format for the report on corporate governance and ownership structure*” prepared by Borsa Italiana (Edition IX, January 2022).

The Report was approved by the Company's Board of Directors on 17 March 2022 and is available on the Company's website www.equita.eu (*Corporate Governance* section, *Corporate Documents* area).

Glossary

“**Shareholders’ Meeting**” means the meeting of the Shareholders of Equita Group;

“**Shares**” means the ordinary shares of Equita Group;

“**Shareholders**” means the holders of the Shares;

“**Borsa Italiana**” means Borsa Italiana S.p.A.;

“**Corporate Governance Code**” or “**Code**” means the Corporate Governance Code of listed companies approved in January 2020 by the Corporate Governance Committee promoted by Borsa Italiana, ABI, Ania, Assogestioni, Assonime and Confindustria, and available to the public at the following link: <https://www.borsaitaliana.it/comitato-corporate-governance/codice/2020.pdf>;

“**Board of Statutory Auditors**” means Equita Group’s Board of Statutory Auditors;

“**Board of Directors**” means Equita Group’s Board of Directors;

“**CONSOB**” means the National Commission for Companies and the Stock Exchange;

“**SME**” means a small or medium-sized enterprise in accordance with and for the effects of Article 1, paragraph 1, letter w-quater.1) of the Consolidated Finance Law;

“**Paragraph**” means each paragraph of the Report;

“**Shareholder Agreements**” means the First Shareholder Agreement-*Bis* and the Equita Group Shareholders' Agreement;

“**Report**” means the report on corporate governance and ownership structure of Equita Group, in accordance with Art. 123-*bis* of Legislative Decree no. 58 of 24 February 1998;

“**Articles of Association**” means the articles of association of Equita Group, as most recently amended on 22 February 2022 following the free share capital increase of the Company resolved, in accordance with Articles 2443 and 2349 of the Italian Civil Code, by the Board of Directors of Equita Group based upon the delegation granted to the Board of Directors itself by the Shareholders’ Meeting of 16 April 2018, available at the website www.equita.eu (*Corporate Governance* section, *Articles of Association* area);

“**TUF**” means the Consolidated Law on Finance, Legislative Decree no. 58 of 24 February 1998.

1. Issuer Profile

The Company is the head of a group (the “**Equita Group**”) that offers a wide range of products, services and investment activities, characterised by a distinctive business model.

The Equita Group is an independent Italian institution with a consolidated presence on the capital markets through the “*Global Markets*,” “*Investment Banking*” and “*Alternative Asset Management*” business lines. The Research Team supports and completes the activities of the other business lines thanks to the broad research coverage on companies with financial instruments listed mainly on Italian markets.

The Company is the parent company of the SIM group – “Equita Group” – listed on the specific register of the Bank of Italy and subject to consolidated supervision pursuant to Art. 12 of the TUF, consisting of, in addition to the Company itself, Equita SIM

S.p.A. (“**Equita SIM**”), Equita Capital SGR S.p.A. (“**Equita Capital SGR**”) – wholly-owned subsidiaries of Equita Group – and Equita K Finance S.r.l. (“**Equita K Finance**” and “**EKF**”), a 70% subsidiary of Equita Group. Equita Group carries out direction and coordination of its subsidiaries.

As indicated below, the Company is characterised by a significant participation by its management (represented by managers and employees) in the Equita Group’s share capital. In particular, at the date of this Report, based upon information available to Company, management - which signed, on 31 July 2019, a voting agreement entitled “First Shareholder Agreement-*Bis*” which was subsequently “partially” joined on 14 July 2020 by another two Shareholders (see Paragraph 2.7) - holds, also taking account of the majority of votes already achieved, 63.4% of the voting rights that can be exercised in the Shareholders’ Meeting. The Shares held by management which signed the aforementioned First Shareholder Agreement-*Bis* are subject to lock-up commitments, consequently aligning the interests of Equita Group management with those of the market investors. It is also noted that each of the two Shareholders who partially joined the First Shareholder Agreement-*Bis*, also signed, on 14 July 2020, two separate lock-up agreements with the Company (see Paragraph 2.7).

For the sake of full disclosure, it should also be noted that on 10 February 2022 27 Equita Group shareholders, including managers, employees and contractors, signed a shareholders' agreement called “Equita Group Shareholder Agreement” (of which more information will be provided in Section 2.7 below) among other things concerning voting and lock-up commitments. This Agreement will enter into force on the day following the expiry (scheduled for 31 July 2022) of the First Shareholder Agreement-*Bis*, currently in force.

The corporate governance system of the Equita Group, which adopts the traditional administration and control system, is characterised by the presence of the following corporate bodies:

- (i) the Board of Directors, in charge of managing the enterprise, also promoting sustainable success, as detailed in Section 4.1 below;
- (ii) the Board of Statutory Auditors, instructed to oversee (i) compliance with the law and the Articles of Association and respect of correct management principles, (ii) the adequacy of the internal control system and the administrative-accounting system, as well as the reliability of the latter to represent correctly the management events, (iii) the practical implementation of the corporate governance rules envisaged by the Corporate Governance Code, (iv) the adequacy of the provisions imparted to subsidiaries in relation to the communication obligations of inside information, and (v) the financial reporting process, the effectiveness of the internal control, internal audit and risk management systems, the independent audit on the annual and consolidated accounts, the independence of the independent auditing company;
- (iii) the Shareholders' Meeting, which resolves on matters reserved to it by law, regulations and the Articles of Association.

Following articles 155 et seq. of the TUF, auditing is entrusted to a company registered in the register of auditors, proposed by Board of Statutory Auditors and appointed by the Shareholders' Meeting.
The Shares of Equita Group are admitted to trading on the EXM - STAR segment.

Note that for the purposes of the correct application of the Corporate Governance Code, also taking into account the principle of proportionality which is a key principle of the Code itself, Equita Group qualifies as (i) a “non-large company” (as it does not reach the levels of capitalisation described in the Code) and (ii) a “concentrated ownership” company (as it is a company in which several shareholders participating in a shareholder agreement hold the majority of the votes exercisable at the ordinary shareholders' meeting). Therefore, by virtue of the aforementioned principle of proportionality, only some of the provisions of the Code are applicable to Equita Group.

Finally, it is noted that Equita Group is classifiable as an SME in accordance with Art. 1, paragraph 1, letter *w-quater* 1) of the TUF. In particular, at 31 December 2021 the turnover of the Company and the consolidated turnover amounted respectively to Euro 11.019.116,96 and Euro 99.696.980,92, while the capitalisation of the Company was Euro 192 million.

2. Information on ownership structure

At the date of this Report, no shareholder controls the Company in accordance with Art. 93 TUF.

2.1. Share Capital Structure

At the date of 31 December 2021, the subscribed and fully paid-up share capital was Euro 11,427,910.50 split into 50,224,200 ordinary shares with no par value. Subsequently, in view of the free share capital increase following the resolution passed by the Board of Directors on 22 February 2022 aimed at implementing the so-called “second cycle”¹ of the equity-based incentive plan known as the “*2019-2021 Equita Group Plan based upon financial instruments*” (as detailed in Section 2.9 of this Report), the share capital changed.

Specifically, on this Report’s date the fully subscribed and paid-in share capital of Equita Group is Euro 11,489,982.85, divided into 50,497,000 ordinary shares with no par value on the Report’s date. This can be seen in Table 1 (Information on ownership structure), In relation to the share capital increases related to the implementation of incentive plans, see the content of Paragraph 2.9 of this Report.

2.2. Restrictions on the transfer of securities

All shares, which are registered, grant the same capital and administrative rights envisaged by law and by the Company's Articles of Association, subject to what is indicated in Paragraph 2.4 of this Report on the increase of voting rights.

At the date of this Report, there are no restrictions in the Articles of Association on the transfer of Company Shares.

Some shareholders of the Company (managers, employees, former employees and collaborators of the Equita Group) have, however, assumed particular lock-up commitments. For information on those *lock-up* commitments, see Paragraph 2.7 below.

2.3. Major shareholdings

At this Report’s date, the Shareholders who hold, directly or indirectly, shareholdings exceeding 5% of the

¹ Note that this resolution to increase the share capital was taken in order to implement the second cycle of the aforementioned incentive plan, the Board of Directors of Equita Group having resolved on 18 February 2021 on a first share capital increase for the assignment of shares deriving from performance shares granted to Equita Group personnel as part of the first cycle of implementation of the aforementioned incentive plan.

share capital with voting right in Equita Group, as recorded by the communications in accordance with Article 120 of the Consolidated Finance Law received by the Company, are reported in Table 1 (*Information on ownership structure, major shareholdings*).

2.4. Securities granting special rights

No securities with special control rights have been issued.

In derogation of the general rule that each Share is entitled to one vote, the Company's Articles of Association envisage that each Share is entitled to two votes upon the occurrence of certain circumstances, as indicated in Article 6-bis of the Articles of Association.

The assessment of the presuppositions for the purposes of attributing the increased vote is carried out by the Board of Directors - and, for it, by the Chairperson or by the Managing Director, even using specifically instructed assistants - in respect of existing regulatory and legislative rules, according to the methods described in the Articles of Association.

On 20 December 2018, the Equita Group approved the regulation for the increased vote, which governs the procedures for requesting registration in the list for attribution of the increased vote. This documentation is available on the Company's website (www.equita.eu, *Corporate Governance* section, Share Capital and Shareholders area - Increased Vote). It is noted that, in November 2019, several Shareholders of Equita Group invoked the right, envisaged by Art. 6-bis of the Articles of Association, to have the period of 24 (twenty-four) months of possession of the Shares (required to achieve the increase of voting rights) run from the trading start date of the Shares on AIM Italia – Alternative Capital Market and therefore they obtained the increase of voting rights with reference to the Shares held by each of them at that date. Each Share held thereby is therefore attributed two voting rights that can be exercised at all ordinary and extraordinary Company Shareholders' Meetings.

In view of the aforementioned achievement of increased voting rights for the Equita Group Shareholders, the Company, in November 2019, in conformity with the obligations deriving from existing regulations, communicated to the market the change of share capital in terms of voting rights.

2.5. Employee shareholding: mechanism for exercising voting rights

No employee shareholding system is envisaged at the date of this Report.

For completeness, it is noted that the composition of the Equita Group's share capital includes a significant shareholding by management of the Group (represented by managers, employees, former employees and collaborators). In particular, at the date of this Report, management which signed the First Shareholder Agreement-*Bis* holds 63.4% of the voting rights exercisable in the Shareholders' Meeting (that percentage also takes account of the number of voting rights referring to the Shares held and granted in the First Shareholder Agreement-*Bis* by the two Shareholders who partially joined that agreement on 14 July 2020). The Shares held by management which signed the First Shareholder Agreement-*Bis* are subject to lock-up commitments contained in that agreement, consequently aligning the interests of management with those of the Equita Group. It is also noted that the two Shareholders who partially joined the First Shareholder Agreement-*Bis* also signed, on 14 July 2020, separate lock-up agreements with the Company (see Paragraph 2.7).

Recall that on 30 April 2019, pursuant to and for the effects of Article 114-bis of the TUF, the Company's Shareholders' Meeting approved an equity-based remuneration plan entitled “2019-2021 Equita Group Plan based upon financial instruments” (the “**First Plan**”), subsequently amended by the Shareholders' Meeting of 29 April 2021, having among its beneficiaries the Group personnel (as defined in the Information Document of the aforementioned plan, available on the website www.equita.eu, *Corporate Governance* section, *Corporate Documents* area), and specifically those who have roles strategic for achieving the Group's objectives, including: (i) employees and, if the Board of Directors deems it appropriate, contractors of Group companies, in consideration of the tasks assigned to them and for the duration thereof, as well as (ii) Directors

and categories of personnel whose professional activities have or may have a significant impact on the Group's risk as a whole. That Plan was implemented for the first time with reference to the variable shares of remuneration relating to the 2019 financial year (1 January 2019 - 31 December 2019) and, thereafter, with reference to the variable shares of remuneration relating to the 2020 financial year (1 January 2020 - 31 December 2020) and 2021 (1 January 2021 - 31 December 2021). For further information on the essential elements of that Plan, see the Information Document relating to the Plan of financial instruments published in accordance with Article 114-bis of the Consolidated Finance Law on the Company's internet website www.equita.eu (*Corporate Governance* section, *Corporate Documents* area). For information on the implementation of the Plan relating to the years 2019, 2020 and 2021, see the respective Reports on the Policy on Remuneration and on Fees Paid also published on the Company's internet website (*Corporate Governance* section, *Corporate Documents* area).

Furthermore, note also that pursuant to and for the purposes of art. 114-bis of the TUF on 7 May 2020 the Company's Shareholders' Meeting approved a compensation plan based on stock options called "*Equita Group 2020-2022 plan for senior management based upon stock options*" (the "**Second Plan**"), subsequently amended by the Shareholders' Meeting of 29 April 2021, having among its beneficiaries (i) the Chief Executive Officer of the Company and of the other companies of the Group, even if they are not employees of the Group and (ii) other employees/contractors of the Group identified by the Board of Directors who are responsible for divisions and/or fall within the definition contained in the Second Plan of Executives with Strategic Responsibilities and/or key personnel (i.e. categories of personnel who have or may have a significant impact on the Group's risk as a whole). The Second Plan states that, in line with the provisions of the Remuneration Policies, in 2020 the Company may grant free of charge to each beneficiary of the Second Plan itself a certain number of stock options, which are assigned only upon completing a deferment period which takes effect from the date of attribution (namely the date on which the Board of Directors, or the entity delegated by the same, has communicated to each beneficiary the number of stock options attributed under the Second Plan) and ends in 2023, the date on which the number of stock options may be rectified in the event of failure to achieve one or more three-year company targets (known as ex post corrections). The final number of assigned stock options is in fact determined subject:

- (i) to the achievement in 2022 and 2023 of certain three-year company targets, and
- (ii) to the occurrence of the other conditions envisaged by the Second Plan.

Once assigned, each stock option gives the right to the purchase, during the exercise period of 5 (five) years with effect from the assignment date, and subject to payment of the Exercise Price (as defined within the aforementioned information document, to which reference is made), of one (1) Equita Group share.

It is noted that in May 2020 each beneficiary of the Second Plan was informed of the number of stock options that, upon the occurrence of the conditions described above, would be assigned in 2023.

2.6. Restrictions on voting right

There are no voting rights restrictions in accordance with the Articles of Association. Some shareholders of the Company (managers, employees, former employees and collaborators of the Equita Group) have, however, assumed particular voting commitments, on certain matters, in the Shareholders' Meeting. For information on those voting commitments, see Paragraph 2.7 below.

2.7. Agreements between shareholders

At the date of this Report, two Shareholder Agreements have been signed concerning shareholdings in total equal to or greater than the threshold indicated in Article 120, paragraph 2, of the Consolidated Finance Law ("**Shareholder Agreements**").

First Shareholder Agreement-Bis

On 31 July 2019, 28 shareholders of Equita Group including managers, employees and collaborators (jointly, the “**First Agreement Participants**” and, individually, the “**First Agreement Participant**”) signed a shareholder agreement entitled “First Shareholder Agreement-*Bis*”, concerning all Shares held by the same, directly and/or indirectly, until the expiry of the First Shareholder Agreement-*Bis* itself (with the exception of any financial instruments that were not purchased by the aforementioned shareholders following an offer and/or assignment and/or contribution and/or loan of any nature by the Equita Group companies).

On 14 July 2020, the First Shareholder Agreement-*Bis* was also joined, in conformity with the provisions of Article 9 of the First Shareholder Agreement-*Bis*, by Giuseppe Renato Grasso and Filippo Guicciardi (the “**New Participants**”) who assumed the qualification of agreement participants (jointly, together with the First Agreement Participants, the “**Agreement Participants**” and, individually, the “**Agreement Participant**”).

In particular, the New Participants adhered to all provisions of the aforementioned First Shareholder Agreement-*Bis*, with the exception of the provisions on lock-up indicated in Article 5) of that First Shareholder Agreement-*Bis*, which were replaced, in relation to the New Participants, by lock-up commitments assumed by each of the New Participants towards Equita Group, through the signature of two separate lock-up agreements.

The New Participants have transferred to the aforesaid First Shareholder Agreement-*Bis* (i) all the Equita Group shares held by the New Participants as of the subscription date (i.e. as of 14 July 2020), (ii) the additional Equita Group shares that may be acquired by the New Participants as a result of the exercise of the put/call option envisaged in the extraordinary purchase transaction involving Equita Group’s purchase of 70% of the shares held by the New Participants, (ii) the additional Equita Group shares that may be acquired by the New Participants as a result of the exercise of the put/call option envisaged in the extraordinary purchase transaction involving Equita Group’s sale of 70% of the share capital of the controlling holding company of Equita K Finance, K Holding S.r.l. – which the New Participants founded – and (iii) in general, in accordance with the First Shareholder Agreement-*Bis*, all Equita Group directly and/or indirectly shares held by the New Participants until the expiry of the First Shareholder Agreement-*Bis* (with the exception of any financial instruments that were not acquired by the aforesaid New Participants as a result of an offer and/or assignment and/or contribution and/or financing of any kind by companies of the Equita Group).

At the date of this Report, the First Shareholders' Agreement-*Bis* includes 24,052,897 ordinary shares of Equita Group (corresponding to a total of 47,344,913 voting rights exercisable in the Shareholders' Meeting of the Company), which represent in total 47.6% of the share capital of Equita Group, 60.1% of the total voting rights that make up the share capital (namely including rights relating to treasury shares) and 63.4% of voting rights exercisable in the Shareholders' Meeting of the Company (namely excluding rights relating to treasury shares). Note that the signing of the First Shareholder Agreement-*Bis* (by the First Participants in the Agreement) took place at the same time as the dissolution of the “First Shareholder Agreement” and the “Second Shareholder Agreement” signed respectively on 25 October 2017 and 15 November 2017. In addition to the First Shareholder Agreement-*Bis*, there is the Equita Group Shareholder Agreement signed on 10 February 2022 but not yet in force. In fact, this Agreement will enter into force on the day following the expiry (scheduled for 31 July 2022) of the First Shareholder Agreement-*Bis* currently in force.

Note that the signing of the Equita Group Shareholder Agreement also took place at the same time as the early termination of the “Fourth Shareholder Agreement” by mutual consent of the members on 10 February 2022, such agreement having been stipulated on 15 November 2017 and effective from 21 November 2019.

Governance

With the First Shareholder Agreement-*Bis*, each Agreement Participant who indirectly holds the Shares must be the only legitimated entity to participate and vote (i) in the Shareholders’ Meeting of Equita Group, on behalf of the shareholder of Equita Group invested by the same who is the holder of Shares, and (ii) in the Shareholders’ Meeting of the company invested by the same who is the holder of Equita Group shares with

reference to resolutions concerning Equita Group itself.

With regard to the Equita Group Shareholders' Meeting, each Participant in the Agreement agrees to exercise the voting right pertaining to the shares held thereby, including for any special meetings pursuant to Article 2376 of the Italian Civil Code, in accordance with the will expressed in writing by the Participants in the Agreement representing the majority of the votes covered by the First Shareholder Agreement, on the following matters:

- i) approval of the financial statements;
- ii) appointment of the company administration and control bodies;
- iii) extraordinary operations under the remit of the shareholders' meeting (merely by way of example but without limitation; capital operations, modification of the nature and/or characteristics of the shares, mergers, transformations).

Moreover, without prejudice to what is described below, each Participant in the Agreement agrees not to purchase financial instruments issued by Equita Group, and/or not to perform any act – including acts aimed at the possible allocation of the voting rights increase – and/or not to enter into shareholders' agreements concerning financial instruments issued by Equita Group, except in the event that: (i) such Participant in the Shareholder Agreement shall give prior written notice to the President and Vice President of the Shareholder Agreement – as defined in the First Shareholder Agreement-*Bis* and in accordance with the procedures set forth therein – of its intention to perform one of the aforesaid acts, in order to allow the assessment of the possible existence of the conditions which may give rise to the obligation of the other Participants in the Shareholder Agreement to launch a public tender offer for Equita Group; and (ii) shall perform the acts discussed in the notice only upon the outcome of the aforesaid assessment.

Lock-up

With the First Shareholder Agreement-*Bis*, each First Agreement Participant undertakes, commencing from the effective date of that First Shareholder Agreement-*Bis* and until the expiry of the same:

- (i) not to complete acts of transfer and/or disposition by deed between living persons concerning the Shares of the First Shareholder Agreement-*Bis*;
- (ii) not to enter into any type of derivative contract, simple or complex, on the Shares subject to the First Shareholder Agreement-*Bis*, with any maturity; and
- (iii) not to carry out securities lending activities concerning the Shares of the First Shareholder Agreement-*Bis*.

The above lock-up commitments: (i) from the effective date of the First Shareholder Agreement-*Bis* (i.e. from 31 July 2019) until after the next 12 months (i.e. until 31 July 2020) concerned the entirety of the Shares held by each Agreement Participant, while (ii) from the day after the elapse of the aforementioned 12 months (i.e. from 1 August 2020) until the expiry of the First Shareholder Agreement-*Bis* (i.e. until 31 July 2022) they will concern 75% (seventy-five per cent) of the Shares held by each First Agreement Participant on the day after that on which the aforementioned 12 months elapsed (i.e. at 1 August 2020). Each Agreement Participant may complete one of the acts subject to the aforementioned lock-up prohibition exclusively with the written consent of the Agreement Participants that represent the majority of the votes subject to the First Shareholder Agreements-*Bis*, at their sole discretion, with regard also to the purchaser of the shares to be transferred.

The aforementioned lock-up commitments do not apply to the New Participants, as the same are replaced by the commitments assumed by each of the New Participants in relation to Equita Group through the signature, on 14 July 2020, of two separate lock-up agreements (“**Lock-up Agreements**”).

By virtue of said Lock-up Agreements, from the signing date of the Lock-up Agreements and until the expiry of said agreements, each of the New Participants agrees: (i) not to complete acts of transfer and/or disposition by deed between living persons concerning the shares; (ii) not to enter into any type of derivative contract, simple or complex, on the shares, with any maturity; (iii) not to perform securities lending activities concerning the shares.

The lock-up commitments made by the New Participants: (i) from the date of signature of the Lock-up Agreements for the next 12 months (namely until 14 July 2021), will concern the entirety of the shares held, respectively, by the New Participants at the date of signature of the Lock-up Agreements; (ii) from the day after the elapse of the aforementioned 12 months (i.e. from 15 July 2021) until the expiry of the Lock-up Agreements (i.e. until 14 July 2023), they will concern 75% (seventy-five per cent) of the shares held, respectively, by the New Participants, on the day after that on which the aforementioned 12 months elapse (i.e. 15 July 2021).

Each of the New Participants may complete one of the acts subject to the prohibition envisaged by the Lock-up Agreements only with prior written consent of Equita Group, at its sole discretion, with regard also to the purchaser of the shares to be transferred.

Purchase option in the case of an “adverse event”

In the case of permanent invalidity or death of one of the Agreement Participants (“**Adverse Event**”), each Agreement Participant will have, not jointly with the other Agreement Participants and in relation to the Agreement Participant affected by the Adverse Event or, if appropriate, in relation to the heirs of the same, a purchase option, in one or more tranches, for themselves or for a person to be appointed in accordance with Art. 1401 of the Italian Civil Code, to exercise the cited option, concerning an equal number of shares owned by the same Agreement Participant affected by the Adverse Event, under the following terms and conditions: (i) the purchase option may be exercised within 3 (three) months from the written communication of the Adverse Event sent to each Agreement Participant not affected by that event; (ii) upon the act of exercise of the purchase option, the Agreement Participant involved must declare if it intends also to exercise the purchase option due to the other Agreement Participants who do not exercise their purchase option; (iii) the purchase price will be equal to the weighted average market price per Share of the month preceding the date of sending the communication of exercise of the purchase option, having deducted 10% (ten per cent) of that price.

Dissolution of the First Shareholder Agreement-Bis

The First Shareholder Agreement-Bis will cease: (i) in relation to Francesco Perilli or Andrea Vismara in the case of revocation without just cause, in whole or in part, of, or in the case of resignation for just cause from the current assignments and/or corporate roles in Equita SIM and/or Equita Group respectively granted to one or to the other; (ii) in relation to one of the other Agreement Participants (other than Francesco Perilli and Andrea Vismara) in the event of dismissal without just cause or without justification from the subjective profile or without a justified subjective reason, or in the case of resignation for just cause of that Agreement Participant from the employment relationship in place with Equita Group, Equita SIM S.p.A. or Equita Capital SGR S.p.A.; (iii) in relation to any Agreement Participant affected by an Adverse Event or, if appropriate, in relation to the heirs of the same, subject to the purchase option previously mentioned; (iv) in relation to any Agreement Participant that, in full respect of the provisions of the First Shareholder Agreement-Bis, has fully transferred by deed between living persons the shares held by the same.

Bodies of the Agreement

The Agreement Participants have entrusted to Francesco Perilli the role of president of the First Shareholder Agreement-Bis (the “**President**”) and to Andrea Vismara the role of vice president of that agreement (the “**Vice President**”), it being understood that the cited roles are regulated as follows:

- (i) the President and the Vice President exclusively have the functions that are assigned to them by virtue of the First Shareholder Agreement-Bis;
- (ii) the roles of President and Vice President are not remunerated;
- (iii) if the President or Vice President gives up the role, or for any reason terminates the same, the new President or Vice President is designated by the Agreement Participants, who represent the majority of the cotes subject

to the First Shareholder Agreement-*Bis*, within 10 (ten) days from the date of leaving office or from the termination.

The role of President of the Agreement and of Vice President of the Agreement is exclusively that of receiving notices and communications from the Agreement Participants in accordance with that First Shareholder Agreement-*Bis*.

Entity at which the financial instruments are deposited

Each Agreement Participant undertakes to grant, and has granted, an irrevocable assignment as intermediary to Credito Emiliano Banca S.p.A. (CREDEM), or to the different intermediary chosen by the Agreement Participants who represent the majority of votes subject to the First Shareholder Agreement-*Bis*, also in favour of the other Agreement Participants in accordance with Art. 1411 of the Italian Civil Code for the deposit and transfer of shares, also for the case of exercise of the purchase option described above.

Type of agreement and duration

The shareholder covenants contained in the First Shareholder Agreement-*Bis* are attributable to significant shareholder covenants in accordance with Art. 122, paragraph 1 and paragraph 5, letters a) b), c) and d) of the Consolidated Finance Law.

The First Shareholder Agreement-*Bis* was signed on 31 July 2019, became effective on the same date and will have a duration of 3 (three) years, namely until 31 July 2022. The New Agreement Participants partially joined the First Shareholder Agreement-*Bis* on 14 July 2020.

The Lock-up Agreements were signed, respectively, by the New Participants, on 14 July 2020; they became effective on the same date and will have, respectively, a duration of 3 (three) years, namely until 14 July 2023.

Equita Group Shareholder Agreement

On 10 February 2022, 27 shareholders of Equita Group S.p.A. including managers, employees and contractors (jointly the “**Agreement Participants**”, and individually the “**Agreement Participant**”) signed a shareholder agreement called “Equita Group Shareholder Agreement” (the “**Shareholder Agreement**” or the “**Agreement**”) concerning all the Equita Group shares that will be held by them, the effective date of the Shareholder Agreement as well as all other future Equita Group shares held directly and/or indirectly by them from the effective date of the Shareholder Agreement until the expiry of said Agreement (hereinafter collectively the “**Shares**”).

The Agreement will enter into force on the day following the expiry (scheduled for 31 July 2022) of the First Shareholder Agreement currently in force and signed by almost all the Agreement Participants.

The signing of the Agreement also took place at the same time as the early termination of the “Fourth Shareholder Agreement” by mutual consent of the members on 10 February 2022, such agreement having been stipulated on 15 November 2017 and effective from 21 November 2019.

At the date of publication of this communication, the Agreement Participants represent a total of 45.6% of the share capital, 57.5% of the voting rights (including treasury shares) and 60.6% of the voting rights exercisable at the Equita Group shareholders' meeting (with 23,035,234 Equita Group ordinary shares).

Parties to the Agreement and financial instruments held by them

Each Agreement Participant has transferred to the Agreement all Equita Group shares directly and/or indirectly held thereby on the effective date of the Agreement as well as all other possible future Equita Group shares that will be directly and/or indirectly held thereby from the effective date of the Agreement until its expiry.

Agreement contents

Attendance and voting at shareholders' meetings

Pursuant to the provisions of the Agreement, each Agreement Participant that holds Shares indirectly shall be the only party entitled to participate and vote (i) in the Equita Group shareholders' meeting on behalf of the shareholder of Equita Group that is invested in by such Agreement Participant and that is a holder of Shares, in any event without prejudice to the right to attend and vote in the Equita Group shareholders' meeting through the so-called “designated representative” that may be appointed by Equita Group, and (ii) in the shareholders' meeting of the company invested in by said Agreement Participant and which is the holder of Shares, with reference to resolutions concerning Equita Group.

Intermediary designated for the deposit and transfer of the Shares

Each Agreement Participant agrees to entrust Credito Emiliano Banca S.p.A (hereinafter “**CREDEM**”) or any other intermediary selected by the Agreement Participants representing at least the majority of the total votes for the Shares covered by the Agreement with the deposit and transfer of the Shares, including in the event of exercise of the purchase option. It is understood that the Agreement Participants representing at least the majority of the total votes pertaining to the Shares under the Agreement may decide that the Agreement Participants that may be interested may appoint – for the deposit and transfer of their Shares that are not subject to the lock-up restrictions referred to in Article 4.5) – an intermediary other than CREDEM or other previously designated intermediary.

Exercise of the right to vote on certain matters

With regard to the Equita Group Shareholders' Meeting, each Agreement Participant agrees to exercise the voting right pertaining to the Shares held and conferred in the Shareholders' Agreement in accordance with the will expressed in writing by the Agreement Participants representing at least the majority of the total votes pertaining to the Shares covered by the Shareholder Agreement on the following matters: a) approval of the financial statements, b) appointment of the corporate management and control bodies, c) extraordinary operations under the remit of the shareholders' meeting (including but not limited to: capital operations other than those serving the incentive plans adopted by the Equita Group, modification of the nature and/or characteristics of the Equita Group shares, mergers, demergers and transformations directly concerning the Equita Group).

Prohibition against purchasing financial instruments (including shares) issued by Equita Group and performing other acts

Furthermore, without prejudice to what is described below, each Agreement Participant agrees not to purchase financial instruments issued by Equita Group (with the exception of any financial instruments assigned/purchased in the context of incentive plans adopted by the Group or in any event assigned/allocated by the Group), and/or in any event not to perform any act and/or enter into any shareholder agreement having as its object financial instruments issued by Equita Group.

Agreement Participants may perform the above prohibited acts only if: (i) such Agreement Participant shall give prior written notice to the Agreement President and Vice President – as defined in the Agreement and in accordance with the procedures set forth therein – of their intention to perform one of the aforementioned acts in order to allow the assessment of the actual absence of conditions that may give rise to the obligation of such Agreement Participant, also possibly in agreement with other Agreement Participants, to launch a public tender offer on Equita Group; and (ii) shall perform the acts covered by the notice only upon the favourable outcome of the aforementioned assessment.

In any event, should the breach of the aforesaid prohibition give rise to an obligation on the part of the other Agreement Participants who are not in breach to launch a public tender offer for Equita Group, each Agreement Participant agrees to take all necessary steps to be able to subsequently avail themselves, where possible, of any

of the exemptions from the obligation to launch a public tender offer envisaged by the laws and regulations in force from time to time.

Agreement Participants who violate the aforementioned prohibition shall be required to bear the full costs and expenses of promoting a takeover bid, without prejudice to the obligations of each Agreement Participant described above.

Prohibition against selling Shares (lock-up) and other transactions

With the Shareholder Agreement, from the date of entry into force of the Agreement and until its expiry each Agreement Participant agrees:

- (i)** not to complete “acts of transfer and/or disposition” by deed between living persons concerning the Shares, as further detailed in the following paragraphs;
- (ii)** not to enter into any type of simple or complex derivative contract based on the Shares having any maturity, as detailed in the following paragraphs;
- (iii)** not to carry out securities lending activities concerning the Shares, as further detailed in the following paragraphs.

For the purposes of this paragraph, “transfer and/or dispositive acts” means any transaction or act, whether for consideration or not, whether in rem or compulsory (including but not limited to sale, donation, exchange, contribution in kind, forced sale, block sale, transfers resulting from merger, demerger or liquidation of companies, carry-over, securities lending and forward transfers, the constitution of a trust or an estate fund), whereby the result of the whole or partial transfer to a third party of the ownership or bare ownership of, or the constitution or transfer of the right of usufruct in respect of, one or more Shares may be achieved (or the right to be achieved by a third party), directly or indirectly, immediately or deferred, permanently or even only temporarily, by one or more acts.

Specifically, the above lock-up commitments:

- a)** for each Agreement Participant who is less than or equal to 49 years of age, shall exclusively concern 60% of the total Shares held by such Agreement Participant as of the date the Shareholder Agreement is signed (i.e. 10 February 2022) (therefore, for the purposes of calculating the aforementioned 60% share, only the Shares held on the date the Shareholder Agreement is signed will be taken into account, and no other Shares that may be purchased/allotted and/or transferred after the date the Shareholder Agreement is signed);
- b)** for each Agreement Participant who is between 50 and 60 years of age (inclusive), shall only concern 40% of the total Shares held by such Agreement Participant as of the date the Shareholder Agreement is signed (i.e. 10 February 2022) (therefore, for the purposes of calculating the aforementioned 40% share, only the Shares held on the date the Shareholder Agreement is signed, i.e. 10 February 2022, will be taken into account, and no other Shares that may be purchased/allotted and/or transferred after the date the Shareholder Agreement is signed);
- c)** shall not apply to any Agreement Participant who is more than 60 years of age.

In any case, each Agreement Participant may perform one of the acts covered by the aforesaid prohibitions only with the written consent of the Agreement Participants representing at least 67% of the total votes pertaining to the Shares covered by the Shareholder Agreement, at their sole discretion, having regard also to the reasons for the waiver as well as – where applicable – to the possible buyer of the Shares to be transferred and, more generally, to the proposed transaction.

The Agreement Participants representing at least the majority of the total votes pertaining to the Shares covered by the Shareholder Agreement may also establish that the commitments and prohibitions described above do not apply with respect to the Shares that the Agreement Participants intend to transfer in the context of strategic or extraordinary transactions concerning Equita Group and/or the Group (such as, by way of example, M&A transactions, mergers, demergers, takeover bids, other transactions mentioned in the Shareholder Agreement,

etc.).

Finally, each Agreement Participant who intends to sell Shares that are not subject to lock-up restrictions under the terms of the Shareholder Agreement must inform the Agreement President and Vice President (as defined in the Agreement) in writing no later than the day following the placement of the order to sell, also specifying the number of Shares offered for sale.

Purchase option in the case of an Adverse Event

In the case of permanent invalidity or death of one of the Agreement Participants (hereinafter “**Adverse Event**”), each of the other Agreement Participants shall have, in proportion to the Shares held thereby under the Agreement (without prejudice to the provisions of letter d) below) and not jointly with the other Agreement Participants and in relation to the Agreement Participant affected by the Adverse Event or, if appropriate, in relation to the heirs thereof, a purchase option, in one or more tranches, for themselves or for a person to be appointed in accordance with Art. 1401 of the Italian Civil Code, concerning the shares owned by the same Agreement Participant affected by the Adverse Event, under the following terms and conditions:

a) the purchase option may be exercised – for themselves or for a person to be appointed pursuant to Article 1401 of the Civil Code – within three (3) months of written notice of the Adverse Event being sent by the Agreement President or Vice President to each Agreement Participant not affected by such event;

b) the purchase option – for themselves or for a person to be appointed pursuant to Article 1401 of the Civil Code. – must be exercised by each Agreement Participant that may be interested by means of a written communication to be sent to the intermediary referred to in art. 4.2) above specified by the Agreement President or Vice President in the communication referred to in letter a) above, cc’ing the Agreement President and Vice President;

c) in the case of the exercise of the purchase option by a person to be appointed pursuant to Article 1401 of the Civil Code:

(i) the appointment of such person must be approved by the Agreement Participants not affected by the Adverse Event representing at least the majority of the total votes pertaining to the Shares covered by the Shareholder Agreement; in the context of such approval, the Agreement Participants not affected by the Adverse Event representing at least the majority of the total votes pertaining to the Shares covered by the Shareholder Agreement shall also determine whether or not such person shall also be subject to this Shareholder Agreement;

(ii) in the event of non-approval pursuant to letter c)(i) above, such person may not legitimately purchase the Shares of the Agreement Participant affected by the Adverse Event in whole or in part, and the Agreement Participant who has exercised the purchase option for a person to be appointed pursuant to article 1401 of the Civil Code may alternatively propose another person, for whose appointment the provisions of letter c)(i) above shall apply;

(iii) where the Agreement Participants not affected by the Adverse Event representing at least the majority of the total votes pertaining to the Shares covered by the Shareholder Agreement have established – pursuant to letter c)(i) above – that the appointee must also be subject to this Shareholder Agreement, the Agreement Participant who has exercised the purchase option per person to be nominated shall ensure, pursuant to art. 1381 of the Italian Civil Code, that the person nominated thereby sends to the Agreement President and Vice President (as defined in the Agreement) a written adhesion to the Agreement itself, an adhesion that must be signed for acceptance by the Agreement Participants not affected by the Adverse Event representing at least the majority of the total votes pertaining to the Shares covered by the Shareholder Agreement and who have approved the takeover of such person in this Shareholder Agreement pursuant to letter c)(i) above;

d) when exercising the purchase option, the Agreement Participant concerned must declare if they intend to also exercise the purchase option – for themselves or for a person to be appointed pursuant to Article 1401 of the Civil Code – due to other Agreement Participants who may not exercise their purchase option. It is understood that if the declaration of wanting to benefit from the purchase option of others is made by several Agreement

Participants, this purchase option shall automatically increase by an equal number of Shares to each Agreement Participant who made such declaration;

e) in the case that the purchase option is exercised for themselves (and not for another appointee), the Shares transferred to each Agreement Participant who has exercised such purchase option shall be conferred in this Shareholder Agreement;

f) the purchase price shall be equal to the weighted average market share price for volumes, discounted by 10% (ten per cent), calculated based on the month prior to the date the communication exercising the purchase option is sent;

g) the price due following the exercise of the purchase option must be paid without interest by bank transfer upon transfer of the Shares.

It is understood that if none of the Agreement Participants exercises the purchase option – for themselves or for a person to be appointed – within the terms of letter a) above, or if for any reason the exercise of the purchase option is not in any case successful, the Shares belonging to the Agreement Participant affected by the Adverse Event or, where appropriate, to the heirs thereof shall no longer be the subject of this Shareholder Agreement.

Dissolution of the Agreement

The Agreement shall be permanently terminated:

a) with respect to Francesco Perilli, Andrea Vismara and Fabio Deotto, as well as with respect to any other Agreement Participants who no longer have an employment relationship with the Group but who are members of the Group's corporate bodies, in the event of revocation without just cause in whole or in part of, or in the event of resignation for just cause from, or in the event of expiry/forfeiture without renewal of the current assignments and/or corporate positions in the Group respectively held by each;

b) with respect to one of the other Agreement Participants (other than those specified in letter a) above), in the event of dismissal without just cause or without subjective justification or without a justified subjective reason, or in the event of resignation for just cause of such Agreement Participant from the employment relationship with the Group;

c) with respect to any Agreement Participant affected by an Adverse Event, or if appropriate with respect to the heirs thereof, without prejudice to the provisions of Article 4.6, letter c)(iii) in the case of exercise of the purchase option for a person to be appointed;

d) with respect to any Agreement Participant who, in full compliance with the provisions of this Shareholder Agreement, has fully transferred by deed between living persons the Shares held and conferred thereby to the Shareholder Agreement;

e) with respect to any Agreement Participant, even at the request of such Agreement Participant, where such termination is (i) resolved and resulting from a written document signed by Agreement Participants representing at least 67% of the total votes pertaining to the Shares covered by the Shareholder Agreement, and (ii) is justified (for example, with the termination by such Agreement Participant of its employment relationship with the Group);

f) among all the Agreement Participants where such termination is resolved and it results from a written deed signed by the Agreement Participants representing at least 67% of the total votes pertaining to the Shares covered by the Shareholder Agreement.

General provisions

Waivers and exceptions to the application of the Agreement's provisions

Where justified, the Agreement Participants representing at least 67% of the total votes pertaining to the Shares covered by the Shareholder Agreement may establish waivers and/or exceptions to the application of the provisions of the Shareholder Agreement with respect to all the other Agreement Participants or exclusively

of the Agreement Participants who so request.

Amendments to the Agreement

Any amendment to the Agreement must be agreed to in writing by all the Agreement Participants. However, the Agreement Participants representing at least 67% of the total votes pertaining to the Shares covered by the Shareholder Agreement may establish, by written deed signed by such Agreement Participants and with binding effect with respect to all Agreement Participants:

- (i) amendments to art. 3 of the Shareholder Agreement that do not concern (a) the quorum and/or (b) the expansion of the matters subject to voting or prohibitions/obligations and/or (c) the strengthening of the processes envisaged therein; and
- (ii) amendments to the remaining articles of the Shareholder Agreement that do not concern (a) quorums and/or (b) the extension of prohibitions/obligations and/or (c) the strengthening of the processes envisaged therein.

Addition to the Agreement of other shareholders

Without prejudice to the provisions of Article 4.6, letter c)(iii), the entry of additional shareholders into the Shareholder Agreement is subject to the existence of both of the following conditions: a) written accession of the third party to the aforementioned Agreement, sent to the Agreement President and Vice President; and b) approval and signature for acceptance of the aforementioned written accession by the Agreement Participants representing at least the majority of the total votes pertaining to the Shares covered by this Shareholder Agreement.

Nullity / voidability / inapplicability / unenforceability of provisions of the Agreement

If one or more of the provisions of the Shareholder Agreement should be found to be contrary to mandatory legal provisions or declared null and void, or objectively unenforceable/applicable, the remaining provisions of the Shareholder Agreement shall remain in force to preserve the purpose and spirit of the Shareholder Agreement to the extent possible. Furthermore: (i) the provisions that have been declared null and void or that have objectively become unenforceable/applicable because they are contrary to law shall be (a) replaced by the Agreement President (or in their absence by the Agreement Vice President) with legally permissible provisions that will enable the content of this Agreement to be as close as possible to what was originally intended by the Agreement Participants and ensure that it is executed in accordance with its spirit and the purposes intended by the Agreement Participants and (b) communicated in writing to all Agreement Participants, while (ii) provisions that have been declared null and void or that have objectively become unenforceable/applicable for reasons other than conflict of law, shall be (a) replaced by the Agreement Participants representing at least the majority of the total votes pertaining to the Shares covered by the Shareholder Agreement with legally permissible provisions that enable the Agreement to be drafted as closely as possible to the content originally intended by the Agreement Participants and ensure that it is executed in accordance with its spirit and the purposes intended by the Parties, and (b) communicated in writing to all the Parties.

Type of agreement and duration

The shareholder covenants contained in the Agreement are attributable to significant shareholder covenants in accordance with Art. 122, paragraph 1 and paragraph 5, letters a), b), c) and d) of the Consolidated Finance Law.

By signing the Agreement, the Agreement Participants have expressly acknowledged and agreed that the Shareholder Agreement:

- (i) will come into force:

- (a) the day following the “natural” expiry of the First Shareholder Agreement-*Bis*, i.e. 1 August 2022; or
- (b) in the event of “early” dissolution of the First Shareholder Agreement-*Bis*, on the day following the “early” expiry of the aforementioned First Shareholder Agreement-*Bis*;
- (ii) shall cease to have effect:
 - (a) on 31 March 2025, if this Shareholder Agreement has entered into force on 1 August 2022; or
 - (b) 3 (three) years from the date of entry into force, if this Shareholder Agreement entered into force before 1 August 2022, in particular before 31 March 2022; or
 - (c) 31 March 2025, if this Shareholder Agreement entered into force before 1 August 2022 but after 31 March 2022; and
- (iii) may be renewed upon expiry by express agreement in writing.

The Shareholder Agreement constitutes the complete manifestation of all the understandings between the Agreement Participants regarding its object. The Agreement Participants have mutually acknowledged that in any case the additional agreements that may be signed in whole or in part even between the same Agreement Participants and concerning Equita Group shares remain unaffected.

Bodies of the Agreement

The Agreement Participants have entrusted to Andrea Vismara the role of president of the Agreement (the “**Agreement President**”), and to Matteo Ghilotti the role of vice president of the Agreement (the “**Agreement Vice President**”), it being understood that the aforementioned roles are regulated as follows:

- (i) the Agreement President and the Agreement Vice President exclusively have the functions that are assigned to them by virtue of this Shareholder Agreement;
- (ii) the roles of Agreement President and Agreement Vice President are not remunerated;
- (iii) if the Agreement President or Agreement Vice President gives up the role, or for any reason terminates the same, the new Agreement President or Agreement Vice President is designated by the Agreement Participants, who represent the majority of the votes attributed to the Shares subject to this Shareholder Agreement, within 10 (ten) days from the date of leaving office or from the termination.

2.8. Change of control clauses and takeover bid statutory provisions

At today’s date there are no significant agreements of which the Company or its subsidiaries are party and that acquire effectiveness, are modified or are extinguished in the case of a change of control of the contracting companies.

For takeover bids (“**Takeover Bids**”), Article 7, paragraph 1, of the Company's Articles of Association requires the threshold under Article 106, paragraph 1, of the TUF, for mandatory takeover bids on the Company's securities, is set at 25%, and for the purposes of Article 106, paragraph 1-ter, of the TUF, in the presence of the conditions established by laws and regulations.

Without authorisation from the shareholders' meeting, the Board of Directors and any delegated bodies may:

- (i) carry out operations to prevent a public purchase or exchange offer, from the communication referred to in Article 102, paragraph 1 of the TUF until the closing of the offer or until the offer expires; and
- (ii) implement decisions taken before the beginning of the period referred to in point (a) above, which have not yet been fully or partly implemented, which do not fall within the normal course of the company's activities and whose implementation may combat the achievement of the objectives of the bid, in derogation of the provisions of Article 104 of the Consolidated Finance Law (known as the *passivity rule*).

The Articles of Association do not allow the passivity rules provided for by Article 104-bis of the TUF.

2.9. Delegations to increase the share capital and authorisations to purchase treasury shares

Delegations to increase the share capital

On 16 April 2018, under Article 2443 of the Italian Civil Code, the Shareholders' Meeting granted the Board of Directors, the power to increase the share capital free of charge under Article 2349 of the Italian Civil Code, on one or more occasions by 16 April 2023 up to a maximum of 2,500,000 Shares. This must not exceed 5% of the total shares outstanding at the date of the shareholders' meeting. The method involved allocating a corresponding amount from the “*Reserve for the issue of shares under Art. 2349 of the Italian Civil Code*” set up for this purpose.

On 18 February 2021, the Board of Directors of the Company partially exercised the aforementioned delegation, resolving on the free share capital increase pursuant to Articles 2443 and 2349 of the Italian Civil Code in order to implement the so-called “first cycle” of the incentive plan based upon financial instruments known as “*2019-2021 Equita Group Plan based upon financial instruments*” by the assignment of shares originating from the performance shares attributed by the Company last year to the beneficiaries of that plan. The aforementioned capital increase concerned the issue of 224,200 ordinary shares² (equal to approximately 0.4% of the total outstanding shares), for a nominal Euro 51,566 allocated to share capital.

On 22 February 2022, the Board of Directors of the Company again partially exercised the aforementioned delegation, resolving on the free share capital increase pursuant to Articles 2443 and 2349 of the Italian Civil Code in order to implement the so-called “second cycle” of the aforementioned incentive plan. The aforementioned free share capital increase concerned the issue of 272,800 ordinary shares³ of the Company (equal to approximately 0.5% of the total outstanding shares – 50,497,000), for a nominal Euro 62,072.35 allocated to share capital.

On 16 April 2018, the Shareholders' Meeting resolved to grant the Board of Directors, under Article 2443 of the Italian Civil Code, the power to increase the share capital on one or more occasions by 16 April 2023 by issuing a number of Shares not exceeding 10% of the total Shares outstanding at the date of that meeting for a nominal amount not exceeding a total of Euro 10,000,000, with the exclusion of the option right under Article 2441, paragraph 4, second sentence, of the Italian Civil Code, all subject to the start of trading of the Company's Shares on the Euronext STAR Milan market.

Resolutions to increase the share capital

For completeness of information, note that the Shareholders' Meeting of 29 April 2021 resolved a) to increase the share capital for a maximum of Euro 800,000, by issuing a maximum of 3,500,000 new shares, all without indication of par value, with exclusion of the option right in accordance with Art. 2441, paragraph 8 of the Italian Civil Code, to be offered for subscription exclusively to employees of companies or subsidiaries as part of the two incentive plans in force and approved by the shareholders' meeting as well as the further incentive plans approved from time to time by the shareholders' meeting, in conformity with the remuneration policies adopted by the company and b) to delegate to the managing director the broadest power to execute the capital increase approved, to issue the relative shares, to identify the assignees of the incentive plans approved by the shareholders' meeting, to deal with the procedures and formalities necessary for the exact execution of the capital increase, with the possibility also:

- to establish the issuance price of the new shares, in accordance with the provisions of the incentive plans;
- to establish the terms and methods for exercising the stock options, including the effective date of their exercise and the consequent assignment of shares, in accordance with the provisions of the incentive plans;
- to establish the methods for subscribing and paying the capital increase, in accordance with the provisions of the incentive plans;

² Ordinary shares all without indication of par value, with regular enjoyment and having the same characteristics as the outstanding shares. The capital increase occurred through the partial use of the available reserve for the purposes of share issuances.

³ Ordinary shares all without indication of par value, with regular enjoyment and having the same characteristics as the outstanding shares. The capital increase occurred through the partial use of the available reserve for the purposes of share issuances.

to fix the start date of enjoyment of the new shares, in accordance with the provisions of the incentive plans.

Authorisations to purchase and dispose of treasury shares

At the date of this Report, there are no authorisations granted by the Shareholders' Meeting for the purchase of treasury shares of the Company.

As regards the disposal of treasury shares, it is recalled that on 31 October 2017, the Company's ordinary shareholders' meeting resolved, on the other hand, to authorise the Board of Directors to sell or dispose of all treasury shares in the portfolio, one or more times, therein including in the context of any incentive operations involving the assignment or disposal of treasury shares, such as the use of any financial instruments that can be exchanged or converted into shares, stock option or stock grant plans and incentives for company representatives, employees or collaborators of Equita Group.

Note, however, that at its meeting on 17 March 2022 the Board of Directors resolved to propose the authorisation to purchase additional own shares at the next Shareholders' Meeting (2022 Shareholders' Meeting), as well as a new authorisation to dispose of them (after revocation of the previous authorisation of 31 October 2017), in order to provide the Company with an instrument of strategic flexibility it can resort to, even partially, for one or more of the following purposes:

- (i) support the liquidity of the Equita Group share, in order to facilitate the smooth conduct of trading and avoid price fluctuations that are not in line with market trends, as well as regularise the trend of trading and prices in the face of momentary distortions related to excess volatility or a lack of liquidity, also pursuant to and for the effects of the relative market practice admitted by Consob, in accordance with the provisions of art. 13 of Regulation EU 596/2014;
- (ii) operate with a medium and long-term investment perspective, intervening both in the market and through a public takeover bid – in the case of the purchase of own shares – or on the market or even outside the market, also included through Accelerated Book Building or blocks – in the case of the disposal of treasury shares – at any time, in whole or in part, on one or more occasions;
- (iii) establish a portfolio of treasury shares to sell, dispose of and/or use at any time, in whole or in part, on one or more occasions, provided that it is consistent with the Company's strategic guidelines, in the context of strategic partnership agreements and/or corporate/financial transactions, including but not limited to acquisitions, mergers, capital transactions, investment transactions by third parties in the share capital, swaps, contributions, exchanges, financing transactions or other transactions, in relation to which the assignment or other disposition of treasury shares is necessary or appropriate;
- (iv) implement incentive plans or programmes based on financial instruments (such as, by way of example and not exhaustive, stock options, stock grants, performance shares, instruments convertible into shares of the Company), for consideration or free of charge, to company representatives, employees or contractors of the Company and/or its subsidiaries; and
- (v) allocate shares to incentivise, retain and/or attract resources/employees/contractors/company representatives of the Company and/or its subsidiaries at the discretion of the Board of Directors or the Managing Director.

Authorisation would be requested for the purchase (and any subsequent disposition) in one or more tranches of ordinary shares of the Company, without par value and listed on the "Euronext STAR Milan" market organised and managed by Borsa Italiana S.p.A., up to a maximum of 1,000,000 (one million) ordinary Company shares (corresponding to approximately 2% of the Company's share capital as of today), within the limits of distributable profits and available reserves resulting from the last approved financial statements at the time of each transaction, as well as in compliance with the provisions of Article 2357, paragraph 3 of the Italian Civil Code.

The authorisation request would also include the right to dispose – at any time, without time limits, in whole

or in part, in one or more instances and even before the purchases have been exhausted – of the treasury shares in the portfolio (specifically, not only the own shares purchased under the board and shareholders' authorisation but also the treasury shares already held in the portfolio by the Company at today's date), for the same purposes enumerated above.

The authorisation for the purchase would have a maximum duration, allowed by art. 2357, paragraph 2 of the Italian Civil Code, and would be valid for a period of 18 months from the date of the Shareholders' Meeting (which will be convened for next 28 April).

At the end of the year closing at 31 December 2021, Equita Group held 4,059,802 treasury shares in the portfolio. At the date of this Report, the number of treasury shares is 4,039,802.

2.10. Management and coordination activities

As the parent company of the SIM group, Equita Group carries out management and coordination activity and issues directives to the Equita Group's individual members, namely to Equita SIM, to Equita Capital SGR and to Equita K Finance.

* * *

The information required by Article 123-*bis*, first paragraph, letter i) of the Consolidated Finance Law is contained in the Report on the Policy on Remuneration and on Fees Paid published in accordance with Article 123-*ter* of the Consolidated Finance Law, on the internet website of the Company www.equita.eu (*Corporate Governance* section, *Corporate Documents* area) as well as on the internet website of the Company www.equita.eu (*Corporate Governance* section, *Shareholders' Meetings* area).

The information required under Article 123-*bis*, paragraph 1, letter l) is illustrated in Paragraphs 4.2 and 13 of this Report.

3. Compliance

This Report has been prepared considering the indications set out in the “Format for the report on corporate governance and ownership structure” prepared by Borsa Italiana (IX Edition, January 2022).

The Company joined, from the trading start date of the shares on the Euronext STAR Milan (formerly MTA/STAR), the Corporate Governance Code, then became the Corporate Governance Code, the latter accessible to the public on the website of the Corporate Governance Committee <https://www.borsaitaliana.it/comitato-corporate-governance/codice/2020.pdf>

The Company has acceded to the Corporate Governance Code, approved by the Corporate Governance Committee in January 2020 (applicable to companies that have decided to join it with effect from the first financial year beginning after 31 December 2020), giving notice thereof at the meeting of the Board of Directors on 18 February 2021.

The Company is not subject to laws that affect its corporate governance structure other than those of Italy and the European Union.

4. Board of Directors

4.1. Board of Directors' role

The Board of Directors plays a significant role in the Company guidance and management. Without prejudice to the functions attributed to the Board of Directors by the applicable law, under Art. 15 of the Articles of Association, the company management is the exclusive responsibility of the Board of Directors, which has the

broadest powers to carry out all the necessary actions to achieve the company purpose, with the sole exception of those reserved by the law or the Articles of Association for the Shareholders' Meeting.

Under the Articles of Association, the Board of Directors, in accordance with Article 2365, paragraph 2 of the Italian Civil Code, can pass the following resolutions, without prejudice to the shareholders' meeting's authority:

(i) merger and transfer in the cases provided for law; (ii) establishment or closure of branch offices, in Italy or abroad; (iii) reduction of capital if there is a withdrawal by one or more shareholders; (iv) adaptation of the Articles of Association to regulatory provisions; (v) transfer of the registered office within the national boundaries.

The Board of Directors, and any of its delegated bodies, without the need for authorisation from the Shareholders' Meeting, may: (a) carry out actions that may counteract the achievement of the objectives of a public purchase or exchange offer, starting from the notification provided for by Art. 102, point 1 of the TUF and until the closing of the offer, or until the offer's expiration; (b) implement decisions taken before the beginning of the period indicated in letter (a) above, which have not yet been partly or completely implemented, which do not fall within the normal course of the company's business and the implementation of which may counteract the achievement of the offer objectives.

Finally, note that in accordance with the provisions of the Corporate Governance Code, the Board of Directors approves the strategic plans.

Specifically, note that the last strategic plan approved at the board meeting of 17 March 2022 was drawn up also taking into account matters relevant to the generation of long-term value and ESG issues.

The approved Strategic Plan, called "*2024 Equita three-year business plan*", also includes the 2022-2024 CSR Plan (Corporate Social Responsibility) drawn up on the basis of the CSR strategy that the Group has adopted. Specifically, for the next three years it has been decided to merge the sustainability plan into the business plan, confirming the contents already contemplated in the previous CSR Plan to which the new "Young 4 Future" objective was added in light of Equita's commitment to support the growth of young people both within Equita and in the surrounding community. The latter is a commitment that has always distinguished the Equita Group and on which Equita has focused its attention for years, to the point of making it one of the company's strategic objectives.

Therefore, the overall objectives that the CSR Strategy will be based on will be as follows:

1. Promote the well-being of employees;
2. Increase the satisfaction of customers and the financial community;
3. Promote the social and economic development of the community;
4. Reduction of climate impacts;
5. Young 4 Future.

Furthermore, among the commitments made in the environmental field, those aimed at achieving carbon neutrality are particularly worthy of note, as this can be achieved starting from the calculation of the carbon footprint and implementing initiatives to reduce and compensate for our environmental impacts.

In addition to the above, in order to formalise the commitment to Social issues, the Equita Foundation will be established. Its by-laws have already been approved in 2021 and with it the Equita Group will continue to carry out initiatives for the development of young people, culture, art, support for the community and for the promotion of financial education and capital markets.

For further information on this point, see the press release published on 17 March 2022 and available on the Company's website at this link: https://www.equita.eu/static/upload/cs-/0000/cs-equita---risultati-fy-2021-e-piano-2022-2024--17032022-_vf-rev.pdf

As part of the approvals of the quarterly data, the Company is committed to presenting the achievements or deviations from the objectives of the approved Strategic Plan and budget. The Board of Directors defines the nature and level of risks compatible with the Company's strategic objectives, including in its assessments of elements that may be relevant in terms of sustainable success.

As for the corporate governance system, note that the model adopted by the Company is the so-called traditional model, functional to the current needs of the issuer and the Group; therefore no proposals for changes were made at the Shareholders' Meeting. As the parent company of the SIM Group, Equita Group has adopted various procedures for the proper operation of corporate governance (e.g. Group Code of Conduct, Governance and Information Flow Rules, 231 Organisational Model etc.).

The Board of Directors assesses the adequacy of the administrative and accounting procedures, particularly with regard to the preparation of the financial statements, and assesses the management performance, taking account of the information provided by the delegated bodies and comparing the results achieved with those budgeted.

The Board of Directors also resolves on strategic operations, even for subsidiaries, taking into account their relevance, economic or otherwise, within the Group and according to the procedure described in the Rules on direction and coordination – adopted by the Board of Directors at its meeting of 15 July 2021 – which also contains the criteria for identifying when a transaction assumes significant strategic, economic, capital or financial importance for the Company or the Group, even if executed by a subsidiary.

With regard to the policy for the management of dialogue with shareholders in general, see Paragraph 12 of this Report.

4.2. Appointment and replacement

Under Article 11 of the current Articles of Association, the Company is managed by a Board of Directors which is composed of 7 (seven) to 11 (eleven) members. All directors must be in possession of the requirements of eligibility, professionalism and integrity envisaged by the applicable laws and regulations. At least 2 (two) directors for a Board of 7 (seven) or 8 (eight) members, or 3 (three) directors for a Board of 9 (nine) to 11 (eleven) members, must meet the independence requirements outlined in Article 148, Section 3, of the Consolidated Finance Law (TUF), as referred to in Article 147-ter, Section 4, of the Consolidated Finance Law (TUF). In addition to the professionalism, integrity and independence requirements provided for by law, the Articles of Association and the Code, Directors are subject to the so-called interlocking prohibitions under Article 36 of Legislative Decree no. 201/2011, converted into law with amendments by Law no. 214 of 22/12/2011, containing competition protection and personal cross-holdings in the credit, insurance and financial markets provisions.

The Directors are appointed for a period of 3 (three) financial years, or for the period, of not more than 3 (three) financial years, established at the time of appointment, and they may be re-elected. The Directors' term of office expires on the date of the Shareholders' Meeting called to approve the financial statements of the last year of their office, subject to causes of termination and forfeitures provided by the law and by the Articles of Association.

The Board of Directors is appointed based on lists submitted by the shareholders in which the candidates are to be listed by means of a sequential number.

The lists signed by those who submit them must have a number of candidates not exceeding the maximum number of members to be elected. These lists must be filed at the company's registered office, under the terms and procedures provided for by applicable laws and regulations.

Depending on the number of directors under Article 11.2 of the Articles of Association, the lists must contain, at least 2 (two) or 3 (three) candidates who meet the independence requirements mentioned in applicable laws and regulations and any Corporate Governance Codes for listed companies in force at the time. The lists must include a number of candidates of different gender so as to ensure that the composition of the Board of Directors respects legal provisions and applicable regulations on gender balance (male and female). It is understood that if the gender distribution criterion does not result in a whole number of directors of the less represented gender, this must be rounded up to the higher unit. The curriculum vitae containing the personal and professional characteristics of the individual candidates with any indication of their suitability to be classified as independent must be filed with the lists, together with the declaration of the individual candidates that they accept their candidacy and certify, under their own liability, that there are no grounds for incompatibility or ineligibility, along with the existence of the requirements prescribed by the Articles of Association and by the applicable laws and regulations. A shareholder may not present or exercise the voting right for more than one list, even though a third party or trust company.

The lists may be presented by the outgoing Board of Directors or by those shareholders who, alone or together with other shareholders, own at least 2.5% (two point five per cent) of the share capital with voting rights. This must be proven by filing suitable certification, or representing any different percentage established by mandatory legal or regulatory provisions. On this point, it should be noted that Consob, in accordance with the provisions of art. 144-*septies* of the Issuers' Regulation, in March 2020 (namely before the Shareholders' Meeting of Equita Group which then voted on the appointment of the new corporate bodies, now in office) made public the shares of investment required for the submission of lists of candidates for election to the administration and control bodies. In particular, CONSOB, subject to any lower share envisaged by the Articles of Association, determined the minimum share of investment required for submitting lists of candidates for election to the administration and control bodies of Equita Group - occurring in May 2020 - in the amount of 2.5% of the Company's share capital. According to the latest Consob Determination (Determination no. 60) of 18 January 2022, this percentage was confirmed again. Note, however, that the corporate bodies will not be renewed at the 2022 Shareholders' Meeting.

The certification issued by the intermediary proving the ownership of that investment necessary to submit the list must be produced when filing the list itself.

Submitted lists which do not comply with the above procedures shall be treated as not having been submitted. The Board of Directors is elected as follows:

- (a) all members, except one, of which 2 (two) are independent if the Board is composed of 7 (seven) or 8 (eight) members, or 3 (three) are independent if the Board is composed of 9 (nine) to 11 (eleven) members, are taken from the list that obtained the highest number of votes, based on the sequential order in which they were listed;
- (b) the other member is taken from the list that received the second highest number of votes and is not connected in any way, even indirectly, with the shareholders who submitted or voted for the list that came first by number of votes, based on the sequential order in which they were listed.

A ballot vote will be held if there is a tie between several lists. If only one list is submitted, the Board of Directors is taken entirely from that list, if it obtains the majority required by law for the ordinary shareholders' meeting. For the appointment of those directors who, for any reason, could not be elected by the above procedure or if no lists are submitted, the shareholders' meeting resolves with the majorities required by law, without prejudice to compliance with the requirements established by the applicable legal and regulatory

provisions and the Articles of Association related to the composition of the Board of Directors and, in particular, the balance between genders.

If, after the votes, the Board of Directors is not composed of the minimum number of directors of the less represented gender established by the applicable laws and regulations, the candidate of the more represented gender elected last in sequential order from the list that obtained the highest number of votes shall be replaced by the first candidate in sequential order from the same list belonging to the less represented gender not elected in accordance with the above. If the minimum number of directors of the less represented gender is not thereby reached, the aforementioned replacement applies also for the candidates of the list that came second by number of votes.

Finally, if the above procedures do not ensure the appointment of a number of directors in possession of the independence requirements or of the less represented gender equal to the minimum number established by the applicable laws and regulations, the replacement will take place by resolution passed by the shareholders' meeting by relative majority, subject to the submission of candidates who meet the necessary requirements.

If one or more directors leave office during the year, the others shall replace them by a resolution approved by the Board of Statutory Auditors. These shall co-opt, if possible, the first person on the same list to which the director leaving office belonged, provided that they meet the legal and regulatory requirements for taking office and the majority is always made up of directors appointed by the shareholders' meeting. The directors thus appointed remain in office until the next Shareholders' Meeting, which appoints the director with the majorities required by law.

If most of the directors appointed by the shareholders' meeting cease to be in office, those still in office must call the shareholders' meeting to replace the missing directors. If all the directors cease to hold office, the shareholders' meeting for the appointment of the Board of Directors must be convened urgently by the Board of Statutory Auditors, which may in the meantime carry out acts of ordinary management. The loss of the existence of the legal requirements is a cause for the director's forfeiture. The termination of the directors due to expiry of the term takes effect from when the new management body has been reconstituted.

The list voting procedure applies only if there is a renewal of the entire Board of Directors.

For the sake of completeness, note that some changes to the Articles of Association, including some changes regarding slate voting, will be submitted to the 2022 Shareholders' Meeting in an effort to clarify this procedure. For more information, see the relevant explanatory report on the item on the agenda concerning the amendments to the articles of association, available on the website www.equita.eu (*Corporate Governance, Shareholders' Meetings*)

If the shareholders' meeting does not do so, the Board elects, from its members, for the same duration as the Board of Directors, the Chairperson and possibly one or more Vice-Chairpersons who remain in office for the whole duration of the Board's mandate.

The Chairperson of the Board of Directors, the Vice-Chairpersons and the Managing Directors are responsible separately for representing the Company in dealings with third parties and during legal proceedings (with the right to appoint attorneys and lawyers). The representation is also the responsibility of the general manager, agents and representatives within the limits of the powers granted to them.

* * *

4.3. Composition

The Board of Directors currently in office, except for some changes that occurred in 2020 and 2021 – as detailed below – was appointed by the ordinary Shareholders' Meeting of 7 May 2020, for a period of three financial years until the approval of the financial statements as at 31 December 2022.

The members of the Board of Directors who were appointed by the aforementioned Shareholders' Meeting by the list vote procedure are as follows: Francesco Perilli, Andrea Vismara, Michela Zeme, Sara Biglieri, Massimo Ferrari, Paolo Colonna and Silvia Demartini.

Note that at the date of the Shareholders' Meeting three lists were submitted: one majority list submitted by the shareholders Francesco Perilli, Andrea Vismara, Matteo Ghilotti, Fabio Deotto and Stefano Lustig, jointly holders of 24.5% of the share capital having the right to vote (list no. 1), one minority list submitted by the shareholders Fenera Holding S.p.A., PKP Investments 1939 S.p.A. and Justus s.s., jointly holders of 5.66% of the share capital having the right to vote (list no. 2) and a second minority list submitted by the shareholders Anima SGR S.p.A., manager of the Anima Crescita Italia and Anima Iniziativa Italia funds, Mediolanum International Gestione Fondi SGR S.p.A., manager of the Mediolanum Flessuro Italia fund and Amber Capital Italia SGR S.p.A., manager of the Alpha Ucits Sicav-Amberity Fund, jointly holders of 2.80% (list no. 3).

The Directors Francesco Perilli, Andrea Vismara, Michela Zeme, Sara Biglieri, Massimo Ferrari and Paolo Colonna were taken from list no. 1, being the list that received the most votes at the Shareholders' Meeting (77.05% of the voting capital), while the Director Silvia Demartini was taken from list no. 2, being the list that received the second most votes (17.84% of the voting capital).

For further information on the lists submitted in 2020, see the documents published on the Company website www.equita.eu (*Shareholders' Meetings Area/ Shareholders' Meeting 7 May 2020*).

After the aforementioned appointment, the Board of Directors of the Company of 7 May 2020 appointed Francesco Perilli as Chairperson and Andrea Vismara as Managing Director.

The Director Massimo Ferrari resigned, with effect from 15 November 2020, in view of the intensification of his work and professional commitments. On 17 December 2020, the Company's Board of Directors co-opted, in replacement of the Director Ferrari, the Director Marzio Perrelli, Independent Director taken from the list of candidates that received the third most votes (list no. 3), thereby confirming, once again, the market-friendly approach that has always distinguished the Company. The Shareholders' Meeting of 29 April 2021 confirmed the appointment of Mr Perrelli as Director of the Company's Board of Directors. Mr Perrelli will remain in office until the expiry of the Board of Directors currently in office (i.e. until the Shareholders' Meeting to approve the 2022 financial statements).

In 2021 the chair of the Board of Directors changed. In fact, on 9 September 2021, following the resignation of Mr Perilli as Chair, the Board of Directors appointed Sara Biglieri as the new Chair of the Board of Directors with effect from 9 September 2021.

Note that the resignation from the position of Chair by Mr Perilli did not result in a resignation from the position of director, which he in fact continues to hold. In this regard, note that as member of the aforementioned Board of Directors, Mr Perilli was given some powers to manage the relationships between the Company and the relevant and/or majority shareholders, to manage the Company's relationships with the shareholders signing the Shareholder Agreements from time to time and to support in identifying investment and/or business opportunities for the Equita Group.

Also at its meeting of 9 September 2021, in view of the role of executive director assumed by Mr Perilli, the Board of Directors changed the composition of the Remuneration Committee, replacing the Director Francesco Perilli with the independent Director Silvia Demartini.

At the date of this Report, the Board is therefore made up of the following members: Sara Biglieri (Non-Executive Chairperson), Andrea Vismara (Managing Director), Francesco Perilli (Executive Director), Michela

Zeme (Non-Executive and Independent Director), Paolo Colonna (Non-Executive and Independent Director), Silvia Demartini (Non-Executive and Independent Director) and Marzio Perrelli (Non-Executive and Independent Director).

Note that following the changes made, the Board of Directors is today made up of a non-executive Chair, two executive Directors and four non-executive and independent Directors (majority) with a high gender differentiation, also reflected in the body's top positions. Note in particular that the Company's Board of Directors consists of three members of the less represented gender (the Directors Sara Biglieri in the role of Chair, Michela Zeme and Silvia Demartini), in conformity with the allocation criteria between genders established by the legislation applicable to the Company.⁴

Moreover, the presence of a majority of non-executive directors (five out of seven members, four of whom are independent) is able to ensure their significant weight in the adoption of board resolutions and in the monitoring of the Company's management, as required by the Code.

The following is a summary of the professional profile of the members of the new Board of Directors.

Sara Biglieri - Born in Pavia on 11 September 1967, she graduated in Law with honours from the University of Pavia. She worked with Italian and foreign law firms, developing a consolidated experience in commercial and corporate law. She currently works as a partner at Dentons law firm. During her career, Sara Biglieri has covered the role of chairperson or member of the Supervisory Bodies in the company Johnson & Johnson S.p.A., in the Johnson & Johnson Foundation and in the company Falck S.p.A. where she now has the role of director. Recall that currently Ms Biglieri holds the position of Chair of the Board of Directors of Equita Group S.p.A. She has published several articles in Italian and international trade magazines.

List of assignments as director or auditor covered by Ms Biglieri in other listed companies or those of significant dimensions.

Falck S.p.A. (Director)

Andrea Vismara – Born in Milan on 29 June 1965, he graduated *magna cum laude* in business administration from the Bocconi University of Milan and attends specialisation courses at New York University. He began his career at Goldman Sachs International in London where, between July 1990 and May 1995, he built up his expertise within the Corporate Finance team. He then moved to the debt capital markets department with responsibility for the issuance of bonds on behalf of Italian clients.

Between July 1995 and January 2006 he divided his time between the Milan and London offices of Barclays, de Zoete Wedd (later acquired by Credit Suisse) and Credit Suisse, first as a member of the M&A team, then as head of Equity Capital Markets activities for the Italian and Southern European markets. Thereafter, he held the role of Chief Operating Officer in 2002-2003 and the role of legal representative of CSFB Italian Branch in 2004. He was responsible for the management of customer relations for all investment banking products and for

⁴ It is noted that, in relation to gender diversity, various regulatory changes have taken place. In particular:

- Law no. 167 of 2020 (known as 2020 Budget Law), entering into force on 1 January 2020, establishes that, with effect from renewals of the corporate bodies of listed companies that take place in the next shareholders' meeting season of 2020, the allocation criterion between genders is at least equal to two-fifths, subject to the allocation criterion of one-fifth envisaged by Article 2 of Law 12 July 2011, no. 120, for the first renewal after the trading start date.

- before the entry into force of the 2020 Budget Law, Art. 147-ter, paragraph 1-ter of the Consolidated Finance Law established that the share of the less represented gender must be at least one-third of the elected directors. However, that criterion was applied with effect from the first year of renewal of the administration and control bodies of companies listed on regulated markets after one year from the date of entry into force of Italian Law no. 120 of 2011 (so-called Golfo-Mosca Law), reserving to the less represented gender, for the first mandate in application of the law, a share equal to at least one-fifth of the directors and auditors elected.

The current Board of Directors of the Company, appointed by the Shareholders' Meeting of 7 May 2020, is the first Board of Directors appointed after the start of trading and, therefore, as this is the first renewal, in conformity with that latter criterion, the share of the less represented gender that should be respected is equal to at least one-fifth. The current composition of the Board of Directors respects that criterion and also, having three directors of the less represented gender, respects the criterion of two-fifths (required commencing from the next renewal of the Board of Directors).

executing the assignments received.

Between April 2006 and December 2007, he worked as a freelance consultant for several large industrial groups. In 2008 he joined Equita as head of the business Investment Banking line and since 2009 he also holds the position of member of the Board of Directors. Currently Managing Director of Equita Group and of Equita SIM. Mr Vismara is also a member of the Committee of Market Operators and Investors (established by Consob), member of the Board of Assonime, member of the Steering Committee and Executive Committee of Assosim, member of the Technical Expert Stakeholder Group on SMEs (TESG) established by the European Commission and member of the Alumni Board of Bocconi.

He currently covers the role of Managing Director of Equita Group and of Equita SIM, where he was responsible for investment banking from 2008 as well as Chairperson of Equita K Finance S.r.l., a company with over twenty years of experience in Merger & Acquisition activities and founding shareholder of *Clairfield International*, which joined the Equita Group in July 2020. At the date of this Report, he also covers the role of director in the companies *Blue Earth Diagnostics* (based in Oxford, United Kingdom), *Bracco Horizons Limited* (based in Buckinghamshire, United Kingdom) and *Blue Earth Therapeutics Limited* based in Oxford (United Kingdom), companies operating, respectively, in the sector of molecular imaging diagnostics and in the sector of experimental research and development in the field of biotechnologies.

None

Francesco Perilli - Born in Milan on 14 December 1960, he served two years as a Navy Officer in Costa Armatori, graduated in Economics with honours at the Luigi Bocconi University in Milan. He completed his academic training at New York University. He was hired at Euromobiliare S.p.A. (later to become Equita SIM) in January 1985 and followed the transformation of the company into a securities brokerage firm. Since 1989, he has covered the role of Chief Equity Investments Adviser. Since 1992, following the expansion of Equita SIM's activities, he has also dealt with the Equity Capital Market (ECM) and advisory activities. Member of the ASSOSIM steering committee from 1994 to 2018. He was also a member, from April 1994 to December 1997, of the steering committee and, from April 2017 to 2021, of the Board of Directors of Borsa Italiana. From 1992 to 2017 he covered the role of General Manager (and from 1994 also Managing Director) of Equita SIM. He currently holds the position of Executive Director of Equita Group and of Equita SIM.

None

Michela Zeme - Born in Mede (PV) on 2 January 1969, after graduating in Business Administration from the Bocconi University of Milan during the academic year 1993/1994, she qualified as a chartered accountant and statutory auditor in 1999. Michela Zeme gained significant professional experience in the tax and corporate field, working with leading firms and providing advice to many companies (including listed companies) and Italian groups operating in real estate, telecommunications, industrial, financial, insurance and banking. She has held many institutional positions in leading Italian companies and financial institutions.

List of assignments as director or auditor covered by Ms Zeme in other listed companies or those of significant dimensions.

- 1) AVIO S.P.A. (Standing Auditor)
- 2) MASI AGRICOLA S.P.A. (Standing Auditor)

Paolo Colonna – Born in Turin on 23 May 1948, he has worked for over 30 years in Private Equity. Initially investing and managing in person, since 1988 as co-founder of the Permira funds in Italy, of which he was Chairperson and Managing Director. He oversaw over 60 operations including Marazzi, Ferretti, Valentino,

Grandi Navi Veloci, Azelis, TFL. He is particularly active in the creation of industrial and synergic groups. In January 2015 he founded and has since managed Creazione di Valore S.r.l., a private equity investment company. Before his investor activity, he worked at McKinsey & Co in Milan and in Chicago in the capacity of strategic advisor. Co-founder of three non-profit initiatives, he is a member of the Central Charitable Commission of the Cariplo Foundation. He is a chemical engineer at Politecnico di Torino and gained a Master's in Business Administration from Harvard Business School.

None

Silvia Demartini - Born in Turin on 7 June 1964, she gained a Master's in International Trade from the Foreign Centre of the Piedmont Chamber of Commerce (now Foreign Centre for Internationalisation).

After some professional experiences in the administrative area, in 1990 her career began at Fenera Holding, a newly-incorporated Turin investment company with diversified activities in Italy and abroad, in which, since 2001, she covered the role of CFO and head of the finance and investments areas (with responsibilities for corporate, legal, tax and budget affairs, and analysis and control of shareholdings and investments), and of which she was appointed General Manager in 2020.

She has been a board director of Fenera Holding since 2009 and covers roles in numerous group companies and subsidiaries.

During her career, she has accrued experience and skills in the financial sector, with reference to both public and private markets.

List of assignments as director or auditor covered by Ms Demartini in other listed companies or those of significant dimensions.

None

Marzio Perrelli - Born in Rome, on 16 September 1968, he achieved his French baccalauréat from the Grenoble Academy and graduated in Economics and Business from Luiss in Rome in 1992.

A banker and now Executive Vice President at Sky Italia, from 2008 to 2018 he was Managing Director for HSBC Italia. In addition to that role, from 2004, he was also head of the Global Banking and Markets area which included a series of activities, such as Fixed Income, Derivatives, Equity and Equity Capital Markets, M&A and Advisory.

Previously, from 1993 to 2004, Mr Marzio Perrelli covered at Goldman Sachs major roles in the United Kingdom and from 2001 in Italy, as Managing Director of the branch.

Diversity criteria and policies

On 13 February 2020, the Company's Board of Directors adopted a *Policy on diversity of the administration and control bodies* (the "**Policy**") aimed mainly at developing diversities within the Board of Directors and Board of Statutory Auditors of the Company, recognising diversity to be a company asset capable of guaranteeing the adoption of informed decisions and encouraging the expression of multiple perspectives and professional experiences, in line with the expectations of the stakeholders.

Gender equality

In order to guarantee adequate complementary skills, the Policy recommends that the composition of the Board of Directors and the Board of Statutory Auditors guarantees adequate representation of both genders,

irrespective of the requirements of composition of the corporate bodies envisaged at the time by existing regulations.

In any case, the Company's Articles of Association expressly provide that the appointment of the Directors and Auditors must be made on the basis of lists, which must include a number of candidates of different gender so as to ensure that the composition of the Board of Directors and the Board of Statutory Auditors respects the applicable provisions of law and regulations on gender balance.

In view of the continuous evolution of the regulations on allocation criteria between genders, the Company's Board of Directors has not seen fit, at this stage, to suggest changes to the Articles of Association with a view to determining a specific quota able to guarantee gender balance.

The introduction *ex ante* of an allocation criterion between genders into the Articles of Association would involve the need to make a statutory amendment every time there is a change of those criteria in the regulations/legislation.

In light of the foregoing, the Equita Group Board of Directors has decided that it is more appropriate and more suitable to adopt the aforementioned Policy on diversity which is a more flexible tool, able to identify general principles that are applied not only with reference to the concept of gender diversity but also with reference to a broader concept of diversity that includes age, skills, experiences, etc.

Finally, through the aforementioned Policy, the Company undertook to guarantee, irrespective of the requirements of composition of the corporate bodies envisaged at the time by existing regulations, adequate representation of the male and female genders.

Dimension of the Board of Directors

In order to guarantee a fair balance of the skills required, the Policy recommends, in determining the number of members of the Board of Directors and the Board of Statutory Auditors, taking account of the characteristics of the Company and, in particular, the dimensions, complexity and specific aspects of its business.

On the point, it is noted that the Company's Articles of Association state that the Board of Directors may consist of 7 (seven) to 11 (eleven) members, in the number determined each time by the Shareholders' Meeting.

As regards, on the other hand, the control body, the Articles of Association of Equita envisage that the company management is entrusted to a Board of Statutory Auditors consisting of 3 (three) standing auditors and 2 (two) alternate auditors.

Age and seniority in office

In order to guarantee adequate integration of experiences, the Policy recommends that the Board of Directors and the Board of Statutory Auditors of the Company include profiles with different professionalism by age and seniority in office, so as to guarantee a balance between innovation and continuity, between prudence and risk appetite.

Diversity of professional and managerial skills and origins

In order to guarantee the necessary expertise for managing the issues submitted from time to time for the analysis of the Board of Directors and the Board of Statutory Auditors, the Policy recommends appointing directors and auditors with different training and professional experiences, accrued in different national and international contexts, relating to the specific aspects of the Company's business.

In this perspective, Equita's Articles of Association state that, when electing the members of the Board of Directors and Board of Statutory Auditors, the curriculum vitae of the candidates is sent, amongst other things, highlighting their personal and professional characteristics.

It is also noted that at the meeting on 18 March 2020, the outgoing Board of Directors, in conformity with the provision of application criterion 1.C.1 letter h) of the Corporate Governance Code in force at the time,

developed guidelines on the managerial and professional figures whose presence in the Board is deemed opportune, for the purposes of the appointments of the corporate bodies occurring in the Shareholders' Meeting of 7 May 2020. In relation to the content of those guidelines, see the document published on the Company's website, in the section *Corporate Governance – Shareholders' Meetings – Shareholders' Meeting of 7 May 2020*.

The majority list that was proposed by some Shareholders (including the members of the Board of Directors) of the Company for the purposes of appointing the members of the administration and control bodies in the Shareholders' Meeting on 7 May 2020, took account of the principles indicated in the Policy on diversity, as well as the guidelines on the managerial and professional figures and in fact that majority list contained, out of seven candidates, three of female gender (Michela Zeme, Sara Biglieri and Stefania Milanesi) and three independents (Michela Zeme, Massimo Ferrari and Paolo Colonna) as well as diversification in terms of seniority of office and managerial and professional experiences.

The current Board of Directors, also considering the outcomes of the self-assessment conducted most recently in February 2022 (see Paragraph 7 below), adequately reflects diversity in terms of gender, age and seniority of office, consisting, out of a total of seven members, of three directors of female gender (Michela Zeme, Silvia Demartini and Sara Biglieri), with a ratio higher than that of 1/5 required by the legal provisions in force and applicable to the Company (on this point, please refer to Paragraph 4.3), of four independent directors (Michela Zeme, Silvia Demartini, Paolo Colonna and Marzio Perrelli) and of directors with seniority of age, office and professional and managerial experiences that differ between them.

Finally, with regard to the measures adopted by the Company to promote equal treatment and opportunities among genders within the company, please refer to the analyses conducted by the Company with respect to the Letter of the Corporate Governance Committee, as detailed in Paragraph 16 below.

Maximum number of concurrent assignments in other companies

The Corporate Governance Code has established that in "large companies", the administrative body must express its guidance on the maximum number of assignments in the administration or control bodies of other listed companies or those of significant dimensions that can be considered compatible with the effective conduct of the role of director in the company, taking account of the commitment deriving from the position covered. On this point, at the meeting of the Board of Directors on 22 February 2022 at which the issue of the number of positions held was addressed, it was recalled that Equita Group does not qualify as a "large company" pursuant to the Code, and therefore the Company is not required to express considerations and/or draw up rules/policies on the matter, it being understood that the Company, taking into account the information provided by the Directors for the the checks of their requirements, and specifically the checks performed annually on interlocking, has knowledge of the number of positions held by each Director in listed companies or companies of significant size. In any case, each Director has the duty to assess the compatibility of the positions they hold in other listed companies and/or those of significant dimensions with respect to the position held at the Company. To date, taking into account the participation and involvement of the Directors in the Board and in the internal board committees, it is evident that any other positions they hold are not interfering and are therefore compatible with the effective performance of the role of Company director.

4.4. Operation of the Board of Directors

The operation of the Board of Directors is governed by the provisions of the Articles of Association in force from time to time and by a regulation adopted by the aforementioned body – in accordance with the requirements of Recommendation 11 of the Code – in the board meeting of 15 July 2021. The aforementioned regulation was also drafted in accordance with the provisions of the Bank of Italy Regulation of 5 December 2019, as this

regulation also applies to the parent company of the SIM Group, Equita Group.

This document consists of the following sections:

- “*Introduction*”, section identifying the document’s purposes;
- “*Composition and requirements of the Board of Directors*”, a section defining the composition of the Board, taking into account the provisions of the Articles of Association and the requirements that the members of the Board must meet;
- “*Appointment and replacement of Directors. Term of the Board*”, a section defining the process for appointing directors, including in the event of resignation or early termination of office;
- “*Powers*”, a section defining the functions of the Board;
- “*Convening and conduct of meetings*”, section defining the times and methods for convening and conducting meetings;
- “*Frequency of meetings*”, section indicating, among other things, the minimum frequency with which the Board of Directors must meet;
- “*Pre-membership information*”, a section defining the terms, as required by the Code and the relevant Q&A, for sending the pre-membership information to the members of the Board as well as the methods for sending it;
- “*Minutes of meetings*”, section describing the methods for drafting and keeping board minutes in accordance with the requirements of the Code;
- “*Confidentiality obligations*”, a section regulating the obligations that the members of the Board, the Secretary, the Statutory Auditors and all those who take part in meetings or have access to pre-membership information must comply with;
- “*Self-assessment*”, a section describing the methods and timing for the Board's self-assessment process;
- “*Committees*”, a section defining the tasks of the Board with respect to the establishment and attribution of functions to the Committees. With regard to the functions of the latter, it is noted that the operations of each committee are governed by its own procedural rules;
- “*Miscellaneous*”, section in which it is specified that any changes to the text of the Rules must be approved by the Board of Directors.

Specifically, with regard to the **procedures for the minutes** of meetings, the rules provide that a first draft of the meeting minutes shall be drawn up prior to the meeting itself and with the help of the competent internal Functions by the Office of Legal and Corporate Affairs under the coordination of the Secretary, and that they shall be sent to all Directors and Statutory Auditors before the meeting to act as a guide for the discussion of the items on the meeting’s agenda.

During the course of the meeting, the Secretary notes the attendance and any comments and/or observations made by those present, and then at the end of the meeting, with the help of the Legal and Corporate Affairs Office, updates the first draft of the minutes, amending and supplementing them. Subsequently, with the help of the Legal and Corporate Affairs Office, the Secretary shares the updated version of the minutes with the competent internal functions and gathers any comments.

The final text of the minutes of each board meeting is submitted to the Board of Directors for formal approval, ideally at the next meeting. The meeting minutes shall adequately record any dissent or abstention expressed by the members of the Board of Directors on individual issues along with the reasons for such dissent or abstention. Following approval by the Board of Directors, the final text of the minutes is transcribed into the book of meetings and resolutions of the Board of Directors and signed by the Director chairing the meeting and the Secretary.

The part of the minutes relating to resolutions that are subject to immediate execution may be certified and extracted by the Chair or the Managing Director, possibly together with the Secretary, even before the completion of the process of formal approval of the entire minutes by the Board of Directors at the next meeting.

As regards the **management of pre-meeting information**, the rules of the Board of Directors envisage that it be provided through:

- (i) the distribution of appropriate documentation and additional information before the meeting to support the decisions that the Board of Directors will be called upon to take or the information that the Board of Directors will be called upon to gather, as well as
- (ii) the distribution of a draft of the minutes of the board meeting before the meeting itself, drawn up as a guide for the discussion of the items on the meeting's agenda.

The documentation and additional information in support of the decisions or to provide information to the Board shall be made available to the Directors and Auditors in such a way as to preserve their confidentiality and privacy, shortly after the convocation of the meeting and at least three (3) days before the board meeting, or if this is not possible as soon as possible before the board meeting.

Documentation relating to Board meetings is distributed to Directors and Statutory Auditors in electronic format using a special electronic platform provided by an external provider and managed by the Company's Legal and Corporate Affairs Department, as system administrator and on behalf of the Secretary. The Legal and Corporate Affairs Office enables individual Board members and Statutory Auditors to access the platform, has constant control over access and the tracking of downloads of documents.

The platform is protected by security systems that meet the highest international security standards, certified to ISO 27001 and backed by strict confidentiality commitments to preserve data integrity. The hosted data is not shared in cloud systems and the systems are continuously monitored to prevent any attempted hacks and/or the occurrence of technical problems. Users' access to the platform – enabled in advance by the Legal and Corporate Affairs Office – requires the use of credentials and passwords created by the users themselves in compliance with alphanumeric security criteria and of their exclusive ownership/knowledge (no password is sent by email or displayed, and in the event of a password recovery request an email is sent with a single secure access link that expires after 24 hours and after the first use).

The documentation is uploaded onto the platform by the Legal and Corporate Affairs Office and is automatically watermarked with an indication of its confidential nature. Each document can only be printed and downloaded by authorised users and can only be archived and/or deleted by the Legal and Corporate Affairs Department as system administrator.

In special cases the aforementioned documentation may be sent by email and/or in paper form provided that, in all cases, the use of methods of transmitting and storing the documentation suitable for preserving its confidentiality and privacy is ensured.

The supporting documentation relating to the items on the agenda and the additional information transmitted are kept in the Board's records.

With regard to the actual compliance with the terms set out in the rules for pre-meeting information, note that the Board of Directors expressed a substantially positive opinion during the self-assessment (the results of which were presented at the meeting of 22 February 2022). Regarding the other contents related to the outcomes of the self-assessment, please see Section 7 below.

Conduct of meetings

During the financial year ended 31 December 2021, the Board of Directors met 7 times for an average duration of about 1 hour and 15 minutes. The meetings were attended by members either in person at the registered office or by audio/video link, in accordance with the provisions of the articles of association. The number of attendances at the meetings is shown in Table 2 attached to this Report.

In addition, in view of the specific nature of some matters addressed in those board meetings, the Board of Directors saw fit to involve persons external to the Board, such as the Group CFO & COO, who also assumed the role of Secretary in all Board meetings, as well as the Company control functions.

As of the date of this Report, the Board of Directors met twice in 2022 and a total of at least eight meetings

are planned during the current financial year.

In compliance with the obligations of listed issuers under Article 2.6.2 of the Consob Markets Regulation, the Company's Board of Directors approved at the meeting on 16 December 2021 the calendar of corporate events relating to 2022, currently published on the Company's website www.equita.eu (*Investor Relations* section, *Financial Calendar* area).

4.5. Role of the Chair of the Board of Directors

In compliance with the provisions of Principle X of the Corporate Governance Code, the Chair of the Board of Directors plays a liaison role between executive and non-executive directors, stimulating the Board debate and favouring the intervention of those who, in their capacity as non-executive directors, are members of board committees, also in order to keep the Board of Directors informed on the results of the analyses performed by the various committees during their meetings.

As regards the notice of call for Board meetings, pursuant to the Board of Directors' rules, the items on the agenda are identified by the Legal and Corporate Affairs Office in agreement with the Secretary, with the help of the other competent Functions, as part of the annual planning of Board meetings, in compliance with the provisions in force from time to time. The draft agenda may be amended and/or supplemented from time to time, at the request of the competent Functions, if deemed appropriate/necessary, provided that this is done before the expiry of the terms for convening the meeting.

That said, once the draft notice of call has been drawn up in accordance with the procedure described above, it is shared in good time with the Chair of the Board of Directors, who may request amendments/additions or further details on the issues to be submitted to the Board of Directors. The final notice of call is then signed by the Chair of the Board of Directors and sent via the Legal and Corporate Affairs Office to all Board members and to the Statutory Auditors in the manner envisaged in the Articles of Association.

Following the dispatch of the notice of call, within the term set out in the Board of Directors' rules, i.e. *“shortly after the convocation of the meeting and at least three (3) days before the board meeting, or if this is not possible as soon as possible before the board meeting”*, the Directors and Standing Auditors are sent the documentation relating to the issues to be discussed at the board meeting. The documentation is made available electronically, in accordance with the procedure described in Section 4.4 above.

Note that, in order to make it easier for Directors and Auditors to read and understand the documentation where it is particularly complex and voluminous, more concise and illustrative documents (e.g. slides/presentations) summarising the most significant and relevant points of said documentation are made available in advance of the Board meeting and, where deemed appropriate, projected during Board meetings.

As already mentioned, all the directors (executive and non-executive) are involved in the Board of Directors' meetings, and they also report on the meetings of the internal committees. The Board of Statutory Auditors is also involved in the Board of Directors' discussions, in that, through its Chair, it expresses its opinion on the issues addressed by the Board of Directors where necessary and/or deemed appropriate, and reports at least annually on the results of the checks concerning the existence of the legal requirements for the Board itself, as well as on its own self-assessment process.

Note also that during board meetings the Secretary also takes part in the discussion, who, in their capacity as CFO & COO of the Equita Group, provides clarifications or explains specific topics that, for example, are the result of work/projects carried out under their coordination. Lastly, note that where deemed useful and/or appropriate the Heads of the Control Functions are also invited to attend Board meetings.

The Chairperson of the Board of Directors and the Managing Director have ensured that after their appointment and during their term in office the directors may participate, in the most appropriate forms, in initiatives to provide them with adequate knowledge of the sector of activity in which the Company operates, the company dynamics and their evolution.

More specifically, following is a summary of the meetings from the date of listing of the Company's shares on the Euronext STAR Milan market to date:

- During the transition process from Euronext Growth Milan (formerly AIM Italia) to Euronext STAR Milan (formerly MTA/STAR), all members of the Board of Directors and the Board of Statutory Auditors were informed of the obligations arising from the listing on a regulated market during the board meeting on 18 September 2018.
- thereafter, during 2019, the members of the Board and the Board of Statutory Auditors of the Company took part in an induction meeting, also involving the Managing Director of Equita Group, the Group CFO & COO, the Chairperson and Vice-Chairperson of Equita SIM and the heads of the Group's business areas. That meeting concerned, in particular, the presentation of the strategic lines of the Group's Business Plan. In relation to the aforementioned meeting, the independent members of the then Board of Directors (Massimo Ferrari and Michela Zeme) also expressed their views, emphasising the importance that, during meetings of the Board of Directors, specific sessions are planned, on a half-yearly basis, dedicated to the evolution of the business;
- in July 2020 a meeting also took place between all Directors and Auditors of the Equita Group, along with all members of the Advisory Board of Equita Group, in which Company Management presented the strategic plan, the peculiarities of the individual Business lines and the new projects. That meeting also represented an opportunity to present the Management of Equita K Finance, whose control was acquired by the Company with effect from 14 July 2020;
- on 27 September 2021 an induction meeting was held, also involving the Managing Director of Equita Group, the Group CFO & COO, the Chairperson and Vice-Chairperson of Equita SIM and the heads of the Group's business areas, as well as the members of the Advisory Board. At this meeting, the excellent results of H1 2021, the performance of the individual business lines and the plans for the coming year were presented;
- In general, the members of the Board of Directors and the Board of Statutory Auditors are invited to participate in meetings with the Company's management, during which they are provided with information on specific transactions or issues.

With regard to the role of the Chairperson in the self-assessment process, which will be illustrated in greater detail in Section 7 below, note that at the meeting held on 22 February the Chair coordinated the work, presenting the results of the self-assessment itself and, in addition to the aforesaid self-assessment process, also informed the Board of Directors of the Company's assessments and position with respect to the Recommendations contained in the Chairperson's Letter for Corporate Governance.

Finally, note that in 2021 there were quarterly meetings to discuss with shareholders immediately after the approvals of the Group's results, and that in general in 2021 there were no particular issues that required a dialogue with shareholders. Therefore, there were no significant developments or matters to be reported by the Chair to the Board with respect to the dialogue with shareholders. Finally, as regards the policy for managing dialogue with shareholders, see Section 12 below.

Secretary of the Board of Directors

With regard to the Secretary of the Board of Directors, note that at its meeting of 15 July 2021 the current Board of Directors appointed the Secretary of the Board of Directors in accordance with Recommendation 18. Specifically, at the aforementioned Board meeting the Board first defined the professional requirements for assuming this office and the functions that would be attributed thereto, and then made the appointment. These requirements and functions are set out in the rules of the Board of Directors, also approved at the aforementioned meeting.

More precisely, the alternative requirements for the post of Secretary are as follows:

- a) a university degree in economics and/or law;
- b) experience in the role of Secretary and/or Director in Boards of Directors of companies (listed and/or unlisted, companies with share capital and/or partnerships) or, alternatively, in corporate settings;

c) adequate knowledge of corporate governance.

The Secretary may also be a person who does not hold the office of Director and may be either an employee/contractor of the Company or a person external to it.

With regard to functions, among other things the Secretary is entrusted with the following functions, as detailed in the Rules of the Board of Directors:

- support the work of the Chair, in particular with regard to coordinating the tasks relating to the convening, organisation and conduct of board meetings, as well as providing the documentation necessary for the conduct of the meeting;
- impartially provide assistance, advice and support to the Board of Directors both during and outside Board meetings on matters discussed/to be discussed;
- coordinate and supervise activities relating to the drafting of minutes of board meetings, manage the finalisation process at the end of these meetings;
- follow and coordinate activities relating to the transcription of the minutes of board meetings in the designated corporate book.

During the aforementioned Board meeting, taking into account the requirements described above, Mr Perilli (then Chairperson of the Board) proposed to the Board to appoint Ms Stefania Milanese, CFO & COO of the Equita Group, as Secretary of the Board of Directors – who until then had performed this role, being appointed from time to time at the various meetings of the Board of Directors – assigning her the functions described above.

Ms Milanese acted as Secretary in accordance with the provisions of the Code and the Board of Directors' Rules, coordinating the preparatory activities for the Board of Directors, providing support during Board sessions, also through explanatory presentations on topics falling within her area of competence as CFO & COO, and managing the process of finalising the Board minutes.

In conclusion, with regard to the Secretary, note that in the event of the Secretary's absence/impediment/unavailability, on the proposal of the Chair the Board of Directors shall appoint a replacement for the Secretary from time to time who meets the criteria described above.

4.6. Executive directors

Based upon the provisions of the Articles of Association, on 7 May 2020, the Board of Directors appointed among its members the Managing Director, in the person of Mr Andrea Vismara, attributing to the same powers of representation and management of the Company.

The powers attributed by the Board of Directors to the Managing Director by resolution dated 07 May 2020, whose description is indicated below, may be exercised severally, and include powers to appoint attorneys for certain acts or categories of acts, with the exception of matters reserved to the remit of the Board of Directors as a collegial body by law or by the articles of association by virtue of specific company policies.

Legal representation and related powers

- a) represent the Company in any relationship with Public Authorities, Public Bodies and Public or Private Administrations (e.g. Revenue Agency, Ministry of Treasury, Guardia di Finanza, etc.), Supervisory Authorities (e.g. Consob, Bank of Italy, Anti-Trust Authority, etc.), centralised financial instruments management companies (e.g. Monte Titoli), companies that manage regulated markets, multilateral trading systems and systematic internalisers (e.g. Borsa Italiana), for all operations and procedures related to the conduct of corporate affairs, with the power to draw up and submit statements, communications, briefs, complaints, reports, applications, appeals, claims and counterclaims, reach agreements and settlements, issue receipts, exonerating those Offices and their officials from any obligation or responsibility in relation to those operations;

- b) represent the Company with the tax authorities by drawing up, signing and submitting any declarations, reports, applications, appeals, complaints of any nature and type before the aforementioned offices, including the Company's tax return, VAT returns, both periodical and in summary form, and for the reporting and documentation related to the income of third parties subject to withholding tax; to challenge tax assessments before the tax commissions and administrative offices of all levels, propose, accept and sign settlements;
- c) represent the Company before all social security, insurance and labour institutions, completing what is required by labour laws, including insurance, indemnities, taxes, and representing the Company in relation to trade union organisations, both of employers and of workers;
- d) represent the Company in relations with third parties, drafting and signing correspondence, communications and documents intended for them;
- e) represent the Company in relations with Group companies, drafting and signing correspondence, communications and documents intended for them;
- f) represent the Company in ordinary, extraordinary and general Shareholders' Meetings of any company, association, body and/or organisation not constituting a company, in which the Company has the right to participate, and designate a person who may attend and represent the Company in the Shareholders' Meetings, issuing the necessary proxies and giving them the necessary instructions;
- g) represent the Company in legal proceedings, as plaintiff or defendant, whatever the nature of the case (including civil, criminal, administrative or tax) in any state, level and degree before any judicial or administrative authority, national or foreign; accept compromises and arbitration clauses, appoint and revoke arbitrators; settle, reconcile or otherwise define disputes or proceedings (including civil, criminal, administrative or tax) and abandon and accept abandonments of the proceedings; seek injunction orders; intervene or summons third parties to the case; promote enforcement, preventive or precautionary acts, give consent to their revocation or renunciation; appoint and revoke lawyers and attorneys; issue a garnishee's statement; allow, through special agents, registrations, subrogation, reduction, postponement and cancellation of mortgages and liens, give consent to the execution and cancellation of transcriptions, notes and endorsements; represent the Company in bankruptcies, arrangements with creditors, debt restructuring procedures and bankruptcy proceedings until the settlement of the procedures; make applications for bankruptcy and ascertainment of insolvency, proposing any appeal, petition, action or opposition useful or necessary in any bankruptcy or insolvency proceedings, lodging claims and certifying the Company's receivables, demand distribution, issue receipts and carry out any action relating to the procedures; file, and waive, complaints and lawsuits; act as damages claimant in lawsuits and revoke claims; delegate powers to experts and third parties, granting to the parties all legal powers, including the power to reconcile, settle and abandon and accept abandonments; file appeals for the cancellation of protests; activate procedures for the amortisation of financial instruments, securities and passbooks;

Company Powers of administration

Ordinary management powers

- a) supervise the management of the Company's ordinary activities and business;
- b) prepare and submit the Company and Group business plan to the Board of Directors for approval;
- c) supervise and verify the development and implementation of the Company and Group business plan, as approved by the Board of Directors;
- d) prepare and submit the Company and Group budget for approval to the Board of Directors;
- e) propose to the Board of Directors all initiatives deemed useful and/or opportune in the Company and the Group's interest and formulate proposals on matters reserved for the Board of Directors;
- f) implement the Board of Directors and Shareholders' Meeting resolutions, adopting all necessary and opportune measures;

- g) without prejudice to anything envisaged by internal policies or procedures, report on a periodic basis, at least quarterly, to the Company's Board of Directors on the activities carried out in the exercise of his powers, on the most significant operations carried out by the Company and the Group, and on the general management performance and its outlook;
- h) coordinate all operational functions in the company's organisation structure, in full compliance with internal organisational regulations and procedures;
- i) supervise the management of the Company's financial debts, assets, and liquidity;
- j) carry out any transaction involving securities, valuables, financial instruments, and currencies but not for speculative purposes;
- k) supervise personnel management, ensuring the planning and development of resources, making decisions on recruitments, terminations and adopting measures (including economic and/or disciplinary) regarding employment relationships, therein including managers;
- l) supervise the management and execution of the legal and regulatory obligations to which the Company is subject (such as, financial, tax, accounting, health and safety, work and social security, personal data processing regulations, etc.), appointing any persons responsible and granting them tasks, powers and instructions;
- m) as "original employer" responsible for the protection of the occupational health and safety of workers pursuant to Italian Legislative Decree no. 81/08, as subsequently amended, carry out, in full autonomy, all activities and fulfilments required and/or appropriate and adopt prevention and protection measures to protect occupational health and safety, also establishing the interventions that are necessary or appropriate to achieve, maintain and/or restore safe conditions in the workplace and, more generally, comply with the legislation on the protection of the occupational health and safety of workers in accordance with Italian Legislative Decree no. 81/08;
- n) carry out any activity necessary and/or opportune for the Company to comply with the European Union and Italian regulations on privacy and data security (including the measures and interpretative guidelines of the competent authorities) and fulfil any obligation envisaged by the same, including, for example, the powers to:
 - decide on personal data processing purposes and methods and the organisational profiles, procedures and tools used, and the adequacy of security measures;
 - appoint a Data Protection Officer (DPO) and appoint data "processors" and/or "officers";
 - verify the application of the regulations through controls on the data "officers" and "processors";
- o) supervise and coordinate internal and intergroup information flows;
- p) promote and offer to customers the services offered by the Company and the Group;
- q) draw up and publish press releases;
- r) file licences, trademarks or product marks, internet domains, names, and intellectual property rights, and issue mandates for that purpose, and do whatever is necessary to protect and renew them.

Contracts, acts and related operations

- a) in general, enter into, sign, modify, execute, withdraw from or terminate contracts of any nature instrumental to the direct or indirect achievement of the corporate purpose (such as contracts with personnel, contracts with customers related to products and services offered or provided by the Company, contracts for professional services and supply of goods and services, contracts for consultancy, storage contracts, shipping contracts, contracts for the purchase and sale of movable and immovable property, contracts of transfer, even of credits, lease contracts, if appropriate even for more than nine years, finance lease contracts - of moveable, immovable and registered property, contracts of insurance, bank contracts, contracts with intermediaries, contracts with companies that operate regulated markets, multilateral trading systems and systematic internalisers, contracts with companies for the centralised management of

- financial instruments, loans, mortgages, intergroup contracts, etc.), establishing their terms and conditions;
- b) with reference to contracts with banks, financial companies, post offices, insurance companies and entities in general, enter into, sign, modify, execute, withdraw and terminate contracts, by way of example but without limitation, relating to:
- mortgages, transfers of credit, sureties, endorsements, credit operations;
 - deposit of sums, securities, notes, financial instruments, and currencies, including dematerialised financial instruments;
 - credit lines and loans, of any type and/or duration, granting the necessary guarantees, and performing any other transaction or act necessary in relation to the same;
 - current accounts to be opened or already opened in the Company name;
 - lease contracts of safety deposit boxes and safes;
 - risk hedging transactions for fluctuations of the interest rate due in relation to credit lines and loans of any form;
 - regulation of relationships between credits of the Company (and/or its subsidiaries and/or associates) for the satisfaction of reciprocal credit claims;
 - insurance policies;
- c) transact on current accounts and/or securities accounts opened in the Company name and carry out any type of credit and debit banking transaction (such as requesting, drawing, issuing, endorsing banker's cheques, cashier's cheques, bank, postal or telegraphic orders, bills of exchange and credit instruments, issue payment instructions, make withdrawals, issue transfers and transfer instructions to bank and postal current accounts, carry out any operation concerning securities, assets, financial instruments and currencies, such as purchase, sale, exchange, pledging and any operation);
- d) negotiate, stipulate, sign, issue and cancel any acts which are instrumental to the direct or indirect achievement of the corporate purpose (such as certificates, statements, declarations, deeds of receipt and/or exemption from liability, deeds of release, receipts, petitions, complaints, statement of quantities, securities, acknowledgements, commitments, indemnities, liquidations, guarantees, requests, applications, claims, registrations, debt notes of the Company, invoices, deferrals, debit and credit notes, drafts, receipts, etc.), setting out their terms and conditions.

Correspondence and delegation to employees and third parties

- a) receive, send, draft and/or sign the correspondence sent by, and/or intended for, the Company;
- b) grant, within the scope of the received powers, proxies for individual acts or categories of acts to employees of the Company or Group companies and to third parties, with the right to sub-delegate.

Expenditure limits

All powers indicated above that involve expenses and/or costs of any nature and type on behalf of the Company may be exercised up to a maximum amount of EUR 500,000 (five hundred thousand) per individual operation - with sole signature - and up to a maximum amount of EUR 5,000,000 (five million) per individual operation - with joint signature with the CFO & COO or with one of the following executive directors of the Company or of the Group companies: Stefano Lustig and Matteo Ghilotti.

A "single transaction" is any transaction carried out even at different times which has a unitary characteristic and, for an open-ended transaction, it must refer to a consideration envisaged for the timeframe of one year.

The contracts for granting to the Company credit lines and loans may be signed with sole signature by the Managing Director where the amount of the credit line or loan does not exceed Euro 30 million, per individual operation.

It is understood that for the signature of some categories of contracts, indicated in the Policy on the Granting of Powers of Ordinary Administration and Representation and Respective Powers of Signature, the criteria for

the signature and expenditure limits envisaged by that Policy will apply.

The Company's Managing Director is now the main person responsible for the company management under the Code. In that regard, it is noted that the Managing Director has not taken up the position of director of another issuer not belonging to the same group of which a director of the Company is the Managing Director.

Chairperson of the Board of Directors

The Board of Directors of 7 May 2020 (meeting after the Shareholders' Meeting on the same date that appointed the Board of Directors currently in office) appointed Francesco Perilli as Chairperson of the Board of Directors and Andrea Vismara as Managing Director. Subsequently, in September 2021 Chairperson Francesco Perilli stepped down as Chair. As already specified in this Report, this renunciation did not lead to the termination of his appointment to the Board of Directors. In the meeting of 9 September 2021, taking into account the aforementioned resignation, the Board of Directors appointed Sara Biglieri as the new Chairperson of the Board of Directors and conferred upon Mr Perilli certain proxies as specified in more detail below (see Section "Other Executive Directors").

The new and current Chairperson of the Board of Directors is classified as a non-executive director as he does not have managerial delegations. The Chairperson of the Board of Directors is not a controlling shareholder of the Company.

Reporting to the Board of Directors

As part of the self-assessment process of the Board of Directors and the internal committees, the Board, at the meeting on 22 February 2022, considering the assessments of its members, considered adequate the pre-board information provided to the same. Specifically, as will be discussed more in detail in the self-assessment referred to in Section 7 below, the Board of Directors considered that the term for sending the pre-meeting information/documentation detailed in the Rules of the Board of Directors, i.e. "*shortly after the convocation of the meeting and at least three (3) days before the board meeting, or if this is not possible as soon as possible before the board meeting*", had been substantially complied with, and also considered that the quarterly information provided by the Chief Executive Officer to the Board and the management of information flows were adequate.

It is in fact noted that the Managing Director, in conformity with the regulations applicable to the Company and in line with the delegations attributed to him, provided to the Board members, at least quarterly, information mainly in relation (i) to the exercise of the delegations attributed to him, (ii) to the significant strategic operations of the Equita Group and (iii) to the impacts deriving from the introduction of new provisions of law and regulations relevant for the Company and the Group.

Finally, note that within the framework of the Boards of Directors, the Chairs of the relevant board Committees (i.e. the Remuneration Committee, the Control and Risk Committee and the Related Parties Committee), after the meetings of the committees themselves, always provide a report on the meetings held and the results of the analyses performed by them.

4.7. Other executive directors

The Board of Directors is made up of executive and non-executive directors. In respect of the provisions of the Corporate Governance Code, "executive directors" are:

- the chair of the company or of a subsidiary of strategic importance when such person is delegated powers involving the management or elaboration of company strategies;
- directors who have been delegated management powers and/or hold managerial positions in the

company or in a subsidiary with strategic importance, or in the parent company when the position also concerns the company;

- directors who are members of the company's executive committee, and, in companies adopting the two-tier model, directors who are members of the body entrusted with management tasks (for Italian companies adopting the two-tier model, the members of the management board).

Directors who do not fall into any of the above categories may be qualified as non-executive directors.

To date, in addition to Mr Vismara (Chief Executive Officer), there is only one other director considered to be an executive director insofar as he has powers conferred on him by the Board of Directors, namely Director Francesco Perilli. On this point, note that following Mr Perilli's resignation from the position of Chairperson of the Board of Directors in order to take an executive role, in its meeting of 9 September 2021 the Board of Directors granted Mr Francesco Perilli the following powers:

- management of relations and dialogue between the Company and significant/majority shareholders;
- management of relationships with shareholders who are signatories to shareholder agreements signed from time to time and in force;
- support in identifying investment and/or business opportunities for the Equita Group.

4.8. Independent Directors.

Note that on 7 May 2020, the Shareholders' Meeting appointed the new administrative body which will remain in office for three financial years, namely until the approval of the financial statements at 31 December 2022. The members of the new Board of Directors currently in office are the following: Sara Biglieri (Non-Executive Chairperson), Andrea Vismara (Managing Director), Francesco Perilli (Executive Director), Michela Zeme (Non-Executive and Independent Director), Silvia Demartini (Non-Executive and Independent Director), Paolo Colonna (Non-Executive and Independent Director) and Marzio Perrelli (Non-Executive and Independent Director).

Four Directors are classified as independent (Michela Zeme, Silvia Demartini, Paolo Colonna and Marzio Perrelli) in a Board of Directors composed of seven members. Independent directors represent the majority of the Board of Directors. This not only complies with Recommendation 5 of the Corporate Governance Code, which stipulates that, in addition to the Chair, there must be at least two independent directors (the Company has four), but also ensures a better diversification of the composition of the board committees, in which – it is recalled – a majority of independent directors is required. All the independent directors have the appropriate skills to perform their role, skills and requisites that were verified during the Board's appointment and when setting up the board committees.

Note that the Chair of the Board of Directors does not qualify as an independent Director.

As from the date of appointment of the new Board of Directors currently in office, i.e. from 7 May 2020, the following independence assessments have been performed by the Board:

- 1) for the Directors Michela Zeme, Silvia Demartini, Massimo Ferrari (no longer in office) and Paolo Colonna, the requirements of integrity, professionalism and independence (pursuant to Article 148, paragraph 3 of the TUF and Article 3 of the Corporate Governance Code) were verified on 20 May 2020, and on the same date the market was informed by means of a press release;
- 2) on 17 December 2020, the requirements of professionalism, integrity and independence (pursuant to Article 148, paragraph 3 of the TUF and Article 3 of the Corporate Governance Code) were also ascertained for the new co-opted Director, Mr Marzio Perrelli, and on the same date the market was informed by means of a press release;
- 3) subsequently, on 18 February 2021, the requirements of independence were again ascertained in relation to the Directors Michela Zeme, Silvia Demartini and Paolo Colonna (in accordance with Art. 148, third

paragraph of the TUF and art. 2, Recommendation 7 of the Corporate Governance Code).⁵ Information was given to the market, by press release, also in relation to this latter check;

- 4) lastly, on 22 February 2022, the requirements of independence were ascertained with respect to the Directors Michela Zeme, Silvia Demartini, Paolo Colonna and Marzio Perrelli (in accordance with Article 148, third paragraph of the TUF and Article 2, Recommendation 7 of the Corporate Governance Code, as supplemented by Article 2.7 of the Board of Directors' Rules, approved by the Board of Directors at its meeting of 15 July 2021, which defined the quantitative and qualitative criteria for assessing the significance of the circumstances referred to in points c) and d) of the aforementioned Recommendation 7). The market was informed of the verification by means of a press release.

With regard to the aforementioned quantitative and qualitative criteria, these have been defined in the Board of Directors' Rules approved at the meeting of 15 July 2021. More specifically, under the aforementioned Rules, the following are considered “significant” (and therefore compromise or appear to compromise the Director's independence):

- a. commercial, financial or professional relationships existing within the previous 3 (three) financial years between the Director ⁽⁶⁾ and
- (i) Equita Group or its subsidiaries or their executive directors or top management, and/or
 - (ii) a party which, even together with others through a shareholder agreement, controls Equita Group (or, if such controlling party is a company or entity, its executive directors or top management),

if in at least one of the 3 (three) years in question the total value of such relationships is higher than: (x) 30% of the total annual income received in any capacity by the Director as a natural person, or (y) 20% of the turnover of the legal person, organisation or professional firm of which the Director has control or is a significant officer or partner. Irrespective of the above quantitative parameters, the Board of Directors and/or the Director concerned shall consider a commercial, financial or professional relationship as significant if it is actually capable of affecting the Director's independence of judgement, insofar as, by way of example only, the aforementioned relationship may have an effect on the Director's position and role within the legal entity, organisation or professional firm, or otherwise relates to important transactions of Equita Group;

- b. the additional remuneration ⁽⁷⁾ received by the Director for the offices held in Equita Group and/or in its subsidiaries in the 3 (three) previous financial years and paid by Equita Group and/or one of its subsidiaries, if, in at least one of the 3 (three) financial years of reference, such additional remuneration is higher than twice the total remuneration received by the Director in the financial year of reference for the office of Director of Equita Group and member of board committees of Equita Group recommended by the Code or envisaged by the applicable laws and regulations. The following do not constitute “additional remuneration”: (i) the fixed remuneration for the office of Director of Equita Group, and (ii) the remuneration for the office of member of Equita Group's board committees recommended by the Code or envisaged by current regulations. On the other hand, the following constitute “additional remuneration”: (i) the fixed remuneration for the office

⁵ Note that with regard to Mr Perrelli, the verification of the independence requirements was performed in the context of the co-option of Mr Perrelli himself – which took place at the Board of Directors' meeting of 17 December 2020 – with respect to both the requirements set forth in Article 148, paragraph 3 of the TUF and the criteria set forth in the Corporate Governance Code. As there were, however, no significant changes between the requirements envisaged by the Corporate Governance Code and those envisaged by the new Code, it was deemed unnecessary to carry out, at the meeting on 18 February 2021, a new check of independence in relation to Mr Perrelli.

⁶ For the purposes of this provision, relationships of the Director that are both direct and indirect, e.g. through companies controlled thereby or of which they are an executive director, or as a partner of a professional firm or consulting company, shall be taken into account.

⁷ The remuneration is understood as “additional” to the fixed remuneration for the office of Director of Equita Group and member of Equita Group's board committees recommended by the Code or envisaged by the regulations in force.

of Director of companies controlled by Equita Group, and (ii) the remuneration for the office of member of board committees of companies controlled by Equita Group.

Note that, with regard to the last check conducted (Board meeting of 22 February 2022), before the meeting each of the aforementioned independent Directors issued a declaration informing the Company that they met the requirements of independence described above and did not fall under any of the circumstances referred to in Article 2, Recommendation 7 of the Corporate Governance Code, as supplemented by Article 2.7 of the aforementioned Board of Directors' Rules, which defined the quantitative and qualitative criteria for assessing the significance of the circumstances referred to in points c) and d) of the aforementioned Recommendation 7. Specifically, the Company verified that in the event of a member's participation also in Boards of Directors and/or committees established in Equita Group's subsidiaries, the limit of additional remuneration established in the Board of Directors' Rules was not exceeded. In the course of the checks conducted no principle or criterion laid down in the Code was ever disapplied.

The Board of Statutory Auditors verified, at the meetings indicated above, the correct application of the assessment criteria and procedures adopted by the Board of Directors to assess the independence of its members. In fact, with specific reference to the latter check, the Board of Statutory Auditors ascertained the use of additional parameters to assess the significance of the circumstances referred to in points c) and d) of the aforementioned Recommendation 7, as described in the Board of Directors' Rules.

In relation to the meeting of the independent Directors, it is noted that the Updated Corporate Governance Code, at Art. 2, Recommendation 5, establishes that *“In large companies, the independent directors meet in the absence of the other directors on a periodic basis and in any case at least once a year to assess the issues considered of interest with respect to the functioning of the administrative body and the corporate management”*. Although the Company is not classifiable, in accordance with the Updated Corporate Governance Code, as a large company, the independent Directors have considered it useful, also in conformity with what was done in the past and in the perspective of good corporate governance, to meet in the absence of the other Directors, to discuss matters of interest for the Company.

The independent Directors met on 11 February 2021. The Directors Silvia Demartini, Paolo Colonna and Michela Zeme were present at that meeting, while apologies were sent by Mr Marzio Perrelli.

The Independent Directors, overall, appreciated the activities of the Board of Directors, both as regards the preparation of the meetings and the board debate, also considering the limitation caused by remote links. They also hoped for the year 2021 that the Company would propose induction activities, both in terms of corporate governance, in view of the entry into force of the new Corporate Governance Code of Borsa Italiana and Consob Resolutions nos. 21623 and 21624 transposing Directive (EU) 2017/828 of the European Parliament and of the Council of 17 May 2017 on encouraging the long-term commitment of shareholders (“SHRD II”), and business.

Finally, the opportunity was highlighted of focusing on IT controls in relation to cybersecurity, given the general resurgence of cyber-attacks, also by virtue of smart-working.

Following this meeting, the Independent Directors met (on a voluntary basis, as they are not required to meet under the provisions of the Code) on 14 March 2022. The meeting was attended by all Independent Directors (Michela Zeme, Silvia Demartini, Paolo Colonna and Marzio Perrelli).

The Directors first expressed their positive assessment of the brilliant results achieved by the Company in the 2021 financial year, and unanimous appreciation for the work done by the organisation as a whole, even in a particularly challenging context such as that of recent periods.

With regard precisely to the organisation, they agreed to submit to the Chief Executive Officer and the Remuneration Committee some reflections on a so-called “succession plan” for the group's top management, and, partly related to the previous issue, on managing the turnover of mid-career professionals – especially in the core business areas – possibly evaluating the opportunity to perform an in-depth study of the labour market

in Italy and abroad for this type of professional.

They also considered it useful to propose to the Risk Management area that an overall mapping of the group's risks should be envisaged, going beyond the already very well managed monitoring of financial risks.

All the independent directors have maintained this status from the date of their appointment until today, as emerged from the aforesaid board reviews.

4.9. Lead Independent Director

At the date of this Report, no Lead Independent Director has been appointed, since the conditions set out in Recommendation 13 of the Corporate Governance Code were not met.

In fact, the current Chair of the Board of Directors, Ms Sara Biglieri, does not also hold the role of chief executive officer and does not hold significant management powers (being a non-executive Director). Furthermore, Ms Biglieri does not exercise control over the Company, not even jointly with other shareholders (e.g. by virtue of shareholder agreements).

5. Corporate information processing

At its 26 July 2018 meeting, the Company's Board of Directors approved, with effect from the date of submission at Borsa Italia of the application for admission of the Shares to trading on Euronext STAR Milan:

- a Code (the “**Self-Regulation Code for Internal Dealing**”) for the management of information requirements based on the rules on internal dealing under Art. 19 of Regulation (EU) no. 596/2014 (“**MAR**”); Article 114, paragraph 7, of the TUF; and 152-*quinquies.1* and subsequent articles of Consob Regulations, adopted by resolution no. 11971 of 14 May, 1999 (the “**Issuers’ Regulations**”), to set (i) rules for the fulfilment of the Company’s communication obligations to Consob and the market relating to the relevant transactions concerning the financial instruments issued by the Company, other connected financial instruments, carried out either through third parties, the company’s administrative or control bodies, by senior managers with regular access to privileged information, by relevant subjects as identified by Issuers’ Regulation, and the persons closely linked to them; (ii) their relevant limits. This Code is available on the website www.equita.eu (*Corporate Governance* section, *Corporate Documents* area);
- some amendments to the procedure for the management of inside information and the keeping of the register of those who, because of their work or professional activity or their functions, have access to such information on a regular or occasional basis, approved by the Board of Directors on 10 November 2017 and amended on 17 May 2018 (the “**Procedure for the Processing of Inside Information and the establishment and keeping of the Insider List**”), to regulate (i) the internal management and external communication of information on events occurring in the Company's sphere of activity in application of the regulations in force on processing of inside information; and (ii) the operating procedures to be observed for keeping the Insider List. This procedure specifically describes the general obligations of confidentiality that the personnel are bound by as well as the obligations of confidentiality and secrecy that the persons involved from time to time in the case of inside information are bound by, the process of managing inside information, the functions involved in the process, the management of delays, communications to third parties and the keeping of the Insider List.

6. Board Committees

Following the appointment, by the Shareholders’ Meeting of 7 May 2020 of the new administrative body occurring by way of list vote, the Board of Directors of the Company, meeting on that date, established the new Control and Risks Committee, Remuneration Committee and Related Parties Committee (having also expired the mandate of the previous control and risks, remuneration and related parties committees at the same

time as the mandate of the previous Board of Directors). Specifically, the meeting of the Board of Directors held on 7 May 2020 set up the control and risk, remuneration and related parties committees in the following compositions:

Control and Risks Committee: Michela Zeme, Chairperson of the Committee (Non-Executive and Independent Director), Massimo Ferrari, member of the Committee (Non-Executive and Independent Director) and Silvia Demartini, member of the Committee (Non-Executive and Independent Director).

Remuneration Committee: Paolo Colonna, Chairperson of the Committee (Non-Executive and Independent Director), Michela Zeme, member of the Committee (Non-Executive and Independent Director) and Francesco Perilli, member of the Committee (Non-Executive Director).

Related Parties Committee: Silvia Demartini, Chairperson of the Committee (Non-Executive and Independent Director), Paolo Colonna, member of the Committee (Non-Executive and Independent Director) and Sara Biglieri, member of the Committee (Non-Executive Director).

The Remuneration Committee was assigned the functions set out in Art. 6 of the Corporate Governance Code in force at the time (as well as those set out in the Circular of the Bank of Italy 285/2013, as amended and supplemented and recalled by the Bank of Italy Regulation of 5 December 2019), and specifically advisory and investigation functions for the determination of the remuneration of the directors invested with particular functions as well as the remuneration and loyalty policies for the personnel as described in Section 8 below; to the Control and Risks Committee the functions referred to in Article 7 of the Corporate Governance Code in force at the time (as well as those referred to in the Circular of the Bank of Italy 285/2013, as amended and supplemented and recalled by the Bank of Italy Regulation of 5 December 2019) and specifically the functions of supporting the governing body in the assessments and decisions on risks and the internal control system, expressing assessments and formulating opinions on the respect of the principles that the internal control system, the company organisation and the requirements of the company control functions must comply with and the Related Parties Committee, the functions referred to in art. 4, paragraph 3 of the CONSOB Regulation on Related Parties, and in particular the advisory functions for the benefit and in support of the body responsible for approving and/or executing the transaction with related parties, in accordance with the “related parties procedure” adopted by the Company.

Thereafter, in view of the voluntary resignation of the Director Massimo Ferrari, the Control and Risks Committee and the Related Parties Committee, following the resolution of the Board of Directors of 17 December 2020, modified their composition as described below.

Control and Risks Committee: Michela Zeme, Chairperson of the Committee (Non-Executive and Independent Director), Silvia Demartini, member of the Committee (Non-Executive and Independent Director) and Sara Biglieri (Non-Executive Director).

Related Parties Committee: Silvia Demartini, Presidente del Comitato (Non-Executive and Independent Director), Paolo Colonna, member of the Committee (Non-Executive and Independent Director) and Marzio Perrelli, member of the Committee (Non-Executive and Independent Director).

In 2021 the composition of the Remuneration Committee also changed compared to what was established by the resolution of the Board of Directors of 7 May 2020, detailed above, and this in consideration of the appointment by the Board of Directors of Mr Perilli and his consequent qualification as executive director. On this point, note that pursuant to the Corporate Governance Code as well as the Bank of Italy Regulation of 5 December 2019, board committees must be composed of non-executive directors, the majority of whom must be independent. At its meeting of 9 September 2021, the Board of Directors therefore appointed Ms Silvia Demartini as a new member of the Remuneration Committee to replace Mr Perilli.

In summary, the Control and Risk, Remuneration and Related Parties Committees were composed as follows at the date of this Report:

Control and Risks Committee: Michela Zeme, Chairperson of the Committee (Non-Executive and

Independent Director), Silvia Demartini, member of the Committee (Non-Executive and Independent Director) and Sara Biglieri (Non-Executive Director).

Remuneration Committee: Paolo Colonna, Chairperson of the Committee (Non-Executive and Independent Director), Michela Zeme, member of the Committee (Non-Executive and Independent Director) and Silvia Demartini, member of the Committee (Non-Executive and Independent Director).

Related Parties Committee: Silvia Demartini, Presidente del Comitato (Non-Executive and Independent Director), Paolo Colonna, member of the Committee (Non-Executive and Independent Director) and Marzio Perrelli, member of the Committee (Non-Executive and Independent Director).

With regard to the Appointments Committee (a committee recommended in the Corporate Governance Code), the Company took advantage of the option provided by the Code to assign the functions of this committee to the entire Board of Directors, under the coordination of the Chairperson of the Board of Directors. Note that since Equita Group is a company with concentrated ownership, it is not necessary for it to comply with the Code's requirement that, in order to be able to assign the functions of one of the recommended committees, the Board of Directors must be composed of a number of independent directors equal to at least half of the directors in office. In any case, note that Equita Group, while not required to comply with the aforementioned obligation, has complied with this condition by having four independent members out of a Board of Directors composed of seven members (and therefore a majority). As illustrated in more detail in Section 7 below, the Board of Directors has devoted adequate space to the performance of the Appointments Committee's functions when issues have arisen that would have fallen within the remit of that committee under the Code.

In setting up and determining the composition of the committees, the Board of Directors ensured that each member had adequate knowledge, skills and experience to perform their tasks.

Note that, with regard to the functions attributed to the aforementioned committees, as part of the process of adaptation to the new Corporate Governance Code the Board of Directors has amended the contents of the rules of the control and risk and remuneration committees, assigning them the functions as set out in the Code, without prejudice to any other functions attributed pursuant to the 2019 Bank of Italy Regulations. For further information on the competencies and functions assigned to the Remuneration, Control and Risk Committees, as well as on the procedures for managing meetings and prior information to the Committees, see Sections 8, 9 and 10 of this Report, respectively.

Finally, note that the Company has set up an internal CSR (Corporate Social Responsibility) Committee and appointed a CSR Manager in the person of the Managing Director. The CSR Manager was appointed and the CSR Committee was established by resolution of the Board of Directors of 12 September 2019 and its composition was defined at the meeting of 14 November 2019, a meeting at which the relevant Committee rules were also approved.

As regards the composition of this committee, note that it is composed of:

- the Managing Director of Equita Group as Committee Chair (the Chairperson);
- the Equita Group's Head of Internal Audit with the role of Deputy Chair, as well as Supervisor of the implementation of the CSR strategy (the Vice Chairperson Supervisor);
- the CFO and Head of Personnel of Equita Group;
- a number of members varying from three to five proposed by the Chairperson so as to ensure a heterogeneous composition of the Committee in terms of gender, roles and age groups, including an adequate representation of "young people". There are currently five members.

The Committee makes proposals and provides advice to the Board of Directors on scenarios and sustainability, meaning the processes, initiatives and activities aimed at overseeing the Company's commitment to sustainable development along the value chain, with particular reference to: employee health, well-being and safety; local development; training and growth of employees and young talent; the environment and efficient use of resources; governance, integrity and transparency; innovation.

In the framework of its proposing and consultative functions vis-à-vis the Board of Directors, the Committee specifically:

- a) makes proposals on the Group's environmental, social and governance strategy, objectives to be achieved and monitors their implementation over time;
- b) examines and evaluates the sustainability policy aimed at ensuring the creation of value over time for shareholders and all other stakeholders in accordance with the principles of sustainable development,
- c) examines and evaluates the investment policy with regard to sustainability,
- d) examines – also with the support of Internal Audit – the implementation of the sustainability strategy in business initiatives, based on the guidance of the Board of Directors;
- e) monitors the company's positioning with respect to financial markets on sustainability issues;
- f) at the request of the Board, provides an opinion on other sustainability issues;
- g) provides support to the Remuneration Committee in identifying sustainability parameters to be included in the Remuneration Policy;
- h) performs an analysis of the information on ESG issues reported in the pertinent section of the financial statements or disseminated through the various communication channels (company website, social media, press, etc.).

During the 2021 financial year, the CSR Committee held three meetings, with an average duration of roughly 90 minutes each. In 2021, the Committee analysed initiatives focusing mainly on diversity and climate. With regard to diversity, the Committee was involved in assessing the organisation of specific events aimed at promoting diversity, especially gender diversity. On the climate issue, the Committee assessed many initiatives, including the calculation of the carbon footprint for carbon neutrality. The Committee was also involved in the process of adapting the Equita Group's SGR to the SFDR regulations, in holding training courses (cineforums) on ESG issues for the organisation and in organising charity initiatives.

7. SELF-ASSESSMENT AND SUCCESSION OF DIRECTORS – APPOINTMENTS COMMITTEE

7.1 Self-assessment and succession of directors

In accordance with the Corporate Governance Code, the Board of Directors periodically assesses the effectiveness of its activities and the contribution made by its individual members through a self-assessment process that the Board of Directors conducts annually. Note that the self-assessment process is also carried out in accordance with the Bank of Italy Regulation of 5 December 2019, applicable to the Company as Parent Company of the SIM Group.

The last self-assessment was performed in February 2022 and its results were reviewed at the board meeting of 22 February 2022. Specifically, the self-assessment focused on the size, qualitative and quantitative composition and operation of the Board of Directors and its Committees.

The process was conducted through the transmission to the Directors of a “self-assessment questionnaire” (“**Questionnaire**”), prepared by the Legal and Corporate Affairs Office and shared with a representation of the Company's independent directors.

The Questionnaires were completed by the Directors anonymously and then subsequently collected and analysed with the support of the Legal and Corporate Affairs Office, and the results were written up in a report kept on file at the Company that illustrates the results of the self-assessment and highlights the strengths and/or weaknesses that emerged.

The results of the self-assessment showed that:

- 1) the current dimension and composition of the Board are adequate, also taking account of the professional characteristics, experience, even managerial, and gender of its members as well as their seniority in office;
- 2) with regard to the qualitative composition of the Board, executive, non-executive and independent members are adequately represented;

- 3) taking account of the Group's business, the Board has the main professional and managerial expertise necessary for the strategic supervision of the Company, and there are no other areas of expertise, compared to those indicated, that it would be appropriate to introduce into the Board. Note that, with respect to the self-assessment performed last year, the Board members expressed a satisfactory or completely satisfactory opinion with respect to the representation of professional and managerial skills in the "human resources and organisation" area on the Board;
- 4) the diversity of gender, age and seniority in office is adequately represented;
- 5) the quarterly information provided by the Managing Director to the Board and the management of information flows are adequate.

Also in a self-critical key, the Directors also expressed overall appreciation on the level of involvement in the board debate and on the level of awareness of their role, and overall deemed that they provided adequate time for the conduct of the assigned role. Moreover, one Director felt that, despite the fact that the Covid-19 pandemic had "forced" most of the meetings to be held by video-conference, the board's discussions remained satisfactory. In their overall assessment of the Board, all Directors gave a completely satisfactory assessment. Furthermore, one Director pointed out that this completely satisfactory assessment was due to the experience, commitment and contributions of the Directors.

Also in relation to the self-assessment relating to the Committees, it emerged, taking account of the parameters of reference, that the structure, composition and operation of the Committees was adequate.

With regard to the process of appointing Directors, note that this is governed by a slate voting system, as described in greater detail in Section 4.2 of this Report, to which reference should be made. During the 2021 financial year there was no renewal of the corporate bodies, and therefore the Board of Directors did not formulate any guidelines regarding its quantitative and qualitative composition, which it considers optimal. These guidelines were formulated in 2020 by both the Board of Directors and the Board of Statutory Auditors at the Shareholders' Meeting called to deliberate on the appointment of the new Board and Board of Statutory Auditors. On this point, see the documentation published on the website www.equita.eu (*Corporate Governance* section, *Shareholders' Meetings, 2020 Shareholders' Meeting* area).

Finally, it is noted that, based upon the Updated Corporate Governance Code, it is only in "large companies" that the Board of Directors asked to define, with the support of the appointments committee, a succession plan of the *chief executive officer* and the executive directors which identifies at least the procedures to be followed in the event of early termination from the role. However, that provision does not apply to Equita Group as it is not classifiable as a large company in accordance with the aforementioned Updated Corporate Governance Code.

7.2 Appointments Committee

With regard to the Appointments Committee (a committee recommended in the Corporate Governance Code), recall that the Company took advantage of the option provided by the Code to assign the functions of this committee to the entire Board of Directors, under the coordination of the Chairperson of the Board of Directors. Recall that since Equita Group is a company with concentrated ownership, it is not necessary for it to comply with the Code's requirement that, in order to be able to assign the functions of one of the recommended committees, the Board of Directors must be composed of a number of independent directors equal to at least half of the directors in office. In any case, note that Equita Group, while not required to comply with the aforementioned obligation, has complied with this condition by having four independent members out of a Board of Directors composed of seven members (and therefore a majority). The Board of Directors has devoted adequate space to the performance of the Appointments Committee's functions when issues have arisen that would have fallen within the remit of that committee under the Code. The Board of Directors examined the results of the self-assessment process in detail and expressed its considerations with respect to the Chair's Letter

on Corporate Governance. Note that there were no co-options, new appointments or renewals of corporate bodies during 2021. The Board of Directors has not made use of external consultants in the performance of its duties under the Code for the Appointments Committee.

8. REMUNERATION OF DIRECTORS – REMUNERATION COMMITTEE

8.1 Directors' remuneration

With regard to the main contents of the remuneration policy, the procedure by which the Board of Directors has drawn it up, the way in which it is functional to the pursuit of sustainable success, the balance between the fixed and variable components, the maximum limits for the payment of variable components, the performance objectives that the payment of the latter is linked to, the periods of deferral, the contractual agreements that allow for the request for the full or partial clawback of variable components of remuneration paid, on the rules for the possible payment of indemnities for termination of the directorship, on the remuneration of non-executive directors and on the indemnity of directors in the event of resignation, dismissal or termination of the relationship following a takeover bid, see the Report on remuneration policy and compensation paid published on the website www.equita.eu (*Corporate Governance section, Corporate Documents area*).

Share-based remuneration plans

With regard to incentive plans, note that the Company already has two incentive plans (“*2019-2021 Equita Group Plan based upon financial instruments*” and “*2020-2022 Equita Group Plan for senior management based upon Stock Options*”), approved respectively by the Shareholders' Meeting of 30 April 2019 and 7 May 2020 and both amended by the Shareholders' Meeting of 29 April 2021, which, however, each have a total vesting period and holding period of less than five years. These plans, intended for executive directors, managers with strategic responsibilities, employees and contractors, were approved and implemented prior to the entry into force of the Code. Consequently, the meeting of the Board of Directors held on 15 July 2021 decided that the new provisions of the Code should not be applied retroactively to plans that have already been approved and already partly implemented. Otherwise, making changes to these plans in order to have a vesting and holding period of at least five years in total, as required by the Code, would risk modifying the structure of the plans themselves, with obvious distorting and even disincentive effects for the beneficiaries who have already received performance shares or stock options under the plans.

In consideration of the above, during the aforementioned Board meeting the Board of Directors resolved not to make any changes to the existing and in part already implemented incentive plans and to illustrate the reasons for this choice in the Report (as explained above), in compliance with the “comply or explain” principle.

8.2 Remuneration Committee

With reference to the Remuneration Committee, after the appointment by the Shareholders' Meeting on 7 May 2020 of the new administrative body, it is noted that on 7 May 2020, the Board of Directors appointed as members of the Remuneration Committee the directors Paolo Colonna, in the capacity of Chairperson, Francesco Perilli and Michela Zeme. Note that, following the aforementioned appointment, at its meeting of 9 September 2021, in view of the role of executive director assumed by Mr Perilli, the Board of Directors changed the composition of the Remuneration Committee, replacing the Director Francesco Perilli with the independent Director Silvia Demartini.

At the date of this Report, the Remuneration Committee is composed of non-executive directors, all of whom are independent in accordance with Recommendation 26 of the Corporate Governance Code. Specifically, they are the Directors Paolo Colonna (independent Chair), Michela Zeme (independent member) and Silvia

Demartini (independent member).

The Board of Directors verified that all members have knowledge and experience in financial matters or remuneration policies.

The Remuneration Committee, also in conformity with the Supervisory Provisions for Banks, carries out advisory and propositional functions for the Board of Directors in relation to the remuneration of the directors and managers with strategic responsibilities. It has the necessary ability and independence of judgement to formulate assessments of the adequacy of policies, remuneration and incentive plans and their implications on the assumption and management of risks.

In particular, the Remuneration Committee;

- a) submits proposals to the Company's Board of Directors with regard to the remuneration policy, flexible benefits and incentive plans based on financial instruments;
- b) submits proposals on the remuneration of personnel (including executive directors and other directors holding special offices) whose remuneration and incentive systems are decided by the Board of Directors of the Company and/or the Group companies (the “**Group**”);
- c) has an advisory role when defining the Group's remuneration policy, with particular reference to the determination of criteria for the remuneration of the Group's most significant personnel (this concept includes managers with strategic responsibilities) (the “**Group's Key Personnel**”);
- d) expresses, also using information received from the competent company functions, an opinion on the outcomes of the identification process of the Group's Key Personnel, therein including any exclusions pursuant to the Bank of Italy Circular no. 285/2013 (as amended and supplemented);
- e) periodically assesses the adequacy, overall consistency and practical application of the policy adopted for the remuneration of directors, managers with strategic responsibilities and heads of company control functions (in the latter case, in close collaboration with the Board of Statutory Auditors of the Company and of the Group companies), using the information provided by the Managing Director of the Company and of the Group companies;
- f) prepares the documentation for the Board of Directors of the Company and/or of all Group companies for the relevant decisions;
- g) collaborates with the Company's Control and Risk Committee in assessing whether the incentives provided by the remuneration system take account of the risks, capital and liquidity;
- h) ensures the involvement of the competent functions of the Company and/or the Group companies in the preparation and control of remuneration and incentive policies and practices;
- i) expresses opinions, also using information received from the competent functions of the Parent and of the Group companies, on the fixing and achievement of performance targets to which the incentive plans are linked and the assessment of the other conditions applied for the payment of remuneration, supporting the Board of Directors in monitoring the application of the adopted decisions;
- j) expresses opinions and supports the Board of Directors of the Company and the companies of the Group in all the other cases provided for by the remuneration policy, including for the purposes of the decisions relating to the so-called “bonus pool” and of the suspension or reduction of the variable portion or of the call of the incentive component already paid out;
- k) prepares a report containing the variable remuneration proposals for the Key Personnel and the remaining personnel. These are submitted for approval to the Board of Directors of the Group companies and of the Company;
- l) provides to the Board of Directors and to the Shareholders' Meeting of the Company adequate feedback on the activities that it carries out.

More specifically, during the year ended 31 December 2021 the Remuneration Committee determined the 2020 bonus pool, analysed the 2020 Remuneration and Compensation Report as well as the amendments to the new incentive plans “*2019-2021 Equita Group Plan based upon financial instruments*” and “*2019-2021 Equita*

Group Plan based upon stock options” and the rules of these plans, formulated proposals regarding the remuneration for the offices of Chairperson of the Board of Directors, assigned on 9 September 2021 to Director Sara Biglieri, Executive Director, assigned on 9 September 2021 to Director Francesco Perilli and member of the Remuneration Committee, assigned to Director Silvia Demartini.

Persons who may attend the Committee's meetings without the right to vote upon invitation by the Committee Chair include the Chairperson of the Board of Directors, the Managing Director and other directors, and, informing the Managing Director when deemed appropriate in view of the matters to be discussed, officers of the competent corporate functions, as well as employees of the Company or of Group companies. The Chairperson of the Board of Statutory Auditors or another statutory auditor designated thereby may also participate in the works of the Committee without the right to vote; the other Statutory Auditors may also participate without the right to vote.

Without prejudice to the above, the Head of the Risk Management Function may be invited to attend Committee meetings, without voting rights, to express an opinion on matters that may have an impact on the Company's overall risk.

No directors may take part in Committee meetings which discuss their remuneration. The Managing Director is invited to attend Remuneration Committee meetings, without voting rights, for support or information on the matters examined each time. This is without prejudice to the fact that the Managing Director will not witness the discussions and decisions of the Remuneration Committee in which proposals are made relating to his remuneration or in relation to which he has, in any case, a conflicting interest.

During 2021, the Committee held three meetings lasting an average of one hour, with a percentage of attendance of each member of 100%.⁸ The Chairperson of the Board of Statutory Auditors attends the committee meetings. In the financial year in progress, at the date of publication of this Report the Remuneration Committee has met three times. During 2022, the Committee will meet if, based upon the functions and duties attributed to it, its involvement is necessary.

The Remuneration Committee has access to the information and functions necessary to carry out its duties and it has available for its activities a budget approved annually by the Board.

At the earliest opportunity, the Chair of the Remuneration Committee reports to the Board of Directors on the meetings held by the Committee.

It is noted that the incentive mechanisms of the Head of the Internal Audit Function and of the Appointed Manager, as indicated in the Report on the Policy on Remuneration and on Fees Paid, are coherent with the duties assigned to them.

Finally, it is noted that the adequacy of the remuneration of the Head of the Internal Audit Function is assessed annually by the Control and Risk Committee of the Company.

9. INTERNAL CONTROL AND RISK MANAGEMENT SYSTEM – CONTROL AND RISK COMMITTEE

With regard to the internal control and risk management system, note that the Company has adopted a series of controls aimed at ensuring the proper operation of this system. For example, while not subject to regulatory obligations in this respect, Equita Group has established a Group Anti-Money Laundering function. The Company has also adopted a Procedures Manual (e.g. Conflict of Interest Policy, Internal Dealing Code,

⁸ Note that the composition of the Remuneration Committee changed in 2021 with the replacement of Mr Perilli by Ms Demartini. In fact, Directors Colonna and Zeme, in office throughout 2021, attended all Committee meetings, Director Demartini in office since 9 September 2021 attended only one Committee meeting (the only one she could actually attend).

Outsourcing Policy, Group Anti-Money Laundering Policy, etc.) and the Board of Directors annually approves the reports of the control functions and their work plans.

The risk management system and the internal control system are coordinated with each other and among other things aimed at ensuring the reliability, accuracy and timeliness of financial reporting. Specifically, with regard to the process of preparing financial reporting, note that this is done through specific steps.

In fact, based on the current internal procedures, periodic financial reporting is prepared (e.g. quarterly, half-yearly, nine-monthly and annual reports). Among other things, the process of preparing the aforementioned reporting involves the administration and accounting department, management control, the CFO & COO and the Managing Director. There is also ongoing monitoring of the progress of financial reporting as well as control over the final draft of financial reporting through the involvement of the following bodies:

- 1) CFO & COO
- 2) Managing Director
- 3) Independent Auditing Firm
- 4) Control and Risks Committee
- 5) Board of Directors
- 6) Board of Statutory Auditors

Note also that, in accordance with the law, the financial reporting includes a declaration signed by the Managing Director and the Financial Reporting Officer regarding the correspondence between the Equita Group's documentation, books and accounting records.

With particular regard to the assessment of the adequacy of the administrative and accounting procedures for the preparation of the consolidated financial statements for the year ended 31 December 2021, note that this was done on the basis of an evaluation of the internal control system and verification of the processes relating even indirectly to the preparation of accounting and financial statement data. This assessment was conducted on the basis of the procedure laid down in the Manual of the Financial Reporting Officer. The above assessment was performed by the Financial Reporting Officer, also making use of the results of the control activities carried out by a consulting company that used an IT tool developed by said company and the sampling collected by the Head of the Internal Audit Function.

In its meeting of 17 March 2022, following the results that also emerged during the 262 audit, the Board of Directors resolved to consider the resources and powers of the Financial Reporting Officer as adequate and to consider the administrative and accounting procedures used to prepare the consolidated financial statements for the year ended 31 December 2021 as substantially adequate.

9.1 Chief Executive Officer

In support of the Company's internal control and risk management system, in addition to the Control and Risks Committee, on 7 May 2020 (following the renewal of the Board of Directors) the Company's Board of Directors appointed Andrea Vismara as director in charge of the internal control and risk management system, assigning him the functions listed by application criterion 7.C.4 of the then current Corporate Governance Code. In that regard, Equita Group believed that the appointment of a Managing Director, such as Andrea Vismara, to that role, was in line with the provisions of the Corporate Governance Code, where positive aspects associated with a choice of this nature are emphasised also based upon the specific knowledge possessed by the appointed person.

Subsequently, the meeting of the Board of Directors held on 15 July 2021, taking into account the new Code, and in particular Recommendation 32 of the Code itself which provides for the involvement of the CEO as the director in charge of setting up and maintaining the internal control and risk management system, decided to confirm this appointment to Mr Vismara, assigning him the functions established by Recommendation 34 of the Code.

Specifically, in accordance with the aforementioned Recommendation, the CEO:

- a) identified the main business risks, considering the characteristics of the activities performed by the Company and its subsidiaries, and submitted them periodically for examination by the Board of Directors;
- b) implemented the Board of Directors' strategic guidelines, dealing with the design, creation and management of the internal control and risk management system and constantly verifying its adequacy and effectiveness, as well as adapting it to the dynamics of the operating conditions and the legislative and regulatory landscape.

Specifically, with regard to the aforementioned aspects, the CEO oversaw the identification of risks, including through the Board's approval of the ICAAP/ILAAP document and the Group's recovery plan.

- c) may ask the Internal Audit Function to perform checks on specific operating areas and on respect of the internal rules and procedures when carrying out business operations, simultaneously informing the Chairperson of the Board of Directors, the Chairperson of the Control and Risk Committee and the Chairperson of the Board of Statutory Auditors (no other audits were requested in 2021);
- d) promptly reports to the Control and Risk Committee (or to the Board of Directors) on issues and criticalities emerging in the conduct of its activity or of which it has in any case been informed, so that the Committee (or the Board of Directors) may take the appropriate actions.

9.2 Control and Risks Committee

With reference to the Control and Risks Committee established after the appointment by the Shareholders' Meeting of 7 May 2020 of the new administrative body, it is noted that on 7 May 2020, the Board of Directors appointed as members of the Control and Risks Committee the directors Michela Zeme, in the capacity of Chairperson, Massimo Ferrari and Silvia Demartini. Subsequently, following the resignation of the Director Massimo Ferrari and the co-opting of the Director Marzio Perrelli, the composition of the aforementioned Committee was modified, including as Chairperson (independent) Ms Michela Zeme and as members the directors Silvia Demartini (independent member) and Sara Biglieri (non-executive member).

Therefore, the Control and Risks Committee is currently made up, in conformity with the provisions of Recommendation 35 of the Updated Corporate Governance Code, of non-executive directors, the majority of whom are independent, with the Chairperson (Michela Zeme) chosen from the independents.

On 7 May 2020 and subsequently on 17 December 2020, the Board of Directors verified that all members had adequate experience in accounting and financial matters or risk management.

Note that at its meeting of 15 July 2021 the Board of Directors made a number of amendments to the rules of the Control and Risk Committee in order to make it fully compliant with the provisions of the Code.

The Committee has an advisory role in supporting the Board of Directors in assessing and deciding on risks and the internal control system, as well as in approving periodic financial and non-financial reports.

The Committee identifies and proposes the Heads of the company control functions to be appointed. With specific reference to the Internal Audit Function, expresses its support for:

- the appointment and revocation of the Head of the Function;
- whether the same has sufficient resources to fulfil his responsibilities;
- whether the remuneration of the cited Head is consistent with company policies.

If it decides to entrust all or segments of the Internal Audit Function to a party external to the company, it ensures that such party meets adequate requirements of professionalism, independence and organisation and provides adequate reasons for such choice in the Corporate Governance Report;

examines the activity programmes and annual reports of the company control functions addressed to the Board of Directors and, in particular, before the Board meets to approve the audit plan, examines the same along with the periodic reports, concerning the assessment of the internal control and risk management system, as well as those of particular significance prepared by the Internal Audit Function.

The Committee expresses opinions to the Board of Directors on specific aspects relating to the identification of the main corporate risks, including using the information received from the Risk Management and Compliance Functions.

The Committee contributes, through assessments and opinion, to defining the company policy on outsourcing of company control functions.

The Committee verifies that the company control functions comply correctly with the indications contained in the governance regulation.

The Committee assesses, having heard from the manager in charge of preparing the corporate accounting documents, the independent auditor and the Board of Statutory Auditors, the correct use of the accounting standards used to prepare the financial statements as well as their homogeneity for the purposes of preparing the consolidated financial statements.

The Committee also supports the Board of Directors in defining and approving strategic guidelines and risk management policies, so that the main risks relating to the issuer are correctly identified, adequately measured, managed and monitored, determining the compatibility criteria between the risks identified and the sound and correct management of the Company coherent with the identified strategic objectives.

The Committee supports the Board of Directors in periodically checking, at least once a year, the correct implementation of strategies, risk management policies and the adequacy and effectiveness of the internal control and risk management system in relation to the characteristics of the Company and the risk profile adopted.

Without prejudice to the responsibilities of the Remuneration Committee, the Committee ascertains that the incentives underlying the Company's remuneration and incentive system are consistent with the Group's risk.

The Committee supports the Board of Directors in approving the audit plan, within the terms set forth by the law and the Corporate Governance Code and, in any case, at least on an annual basis.

The Committee supports the Board of Directors in assessing the results presented by the independent auditor in any letter of suggestions and in the additional report addressed to the Board of Statutory Auditors.

The Committee assesses the ability of periodic financial and non-financial information to correctly represent the company's business model, strategies, the impact of its activities and the performance achieved, in coordination with any committee envisaged in recommendation 1, letter a) of the Corporate Governance Code.

The Committee examines the content of periodic non-financial information relevant to the internal control and risk management system. In assisting the Board of Directors, the Committee:

- a) provides preliminary opinions for the description, in the corporate governance report, of the main features of the internal control and risk management system and the methods of coordination between the parties involved therein, in order to support the Board of Directors' adequacy assessment;
- b) monitors the Internal Audit function's autonomy, adequacy, effectiveness, and efficiency;
- c) may ask the Internal Audit function to carry out checks on specific operating areas, simultaneously notifying the Chairperson of the Board of Statutory Auditors of the same;
- d) it reports: *(i)* at least every six months, upon the approval of the annual and half-yearly financial Report, on internal control and risk management system activities and their adequacy; and *(ii)* immediately for reports received or other urgent cases arising during extraordinary situations;
- e) supports, with adequate preliminary activities, the assessments and decisions of the Board of Directors on risk management deriving from prejudicial events of which the Board of Directors has become aware; and
- f) carries out the additional duties that are attributed to it by the Board of Directors itself.

The Committee identifies all further risk-related information flows that must be addressed to it (subject, format, frequency, etc.) and must have access to relevant information.

The Committee and the Board of Statutory Auditors exchange all information of mutual interest, and where appropriate coordinate the performance of their respective tasks.

The Committee may use external experts and - where necessary - liaise directly with the Internal Audit, Risk Management and Compliance functions.

The Committee meets at least once a year with the Supervisory Board pursuant to Italian Legislative Decree no. 231/2001 and examines the latter's annual report.

The Committee may be consulted for the assessment of specific transactions for which there is a direct or indirect conflict of interest.

The Control and Risks Committee has the right of access to the necessary information and company functions for the performance of its duties as well as to use external consultants, within the terms and limits of the Board-approved budget.

The Chairperson of the Board of Statutory Auditors or another auditor designated by him may participate in the works of the Control and Risk Committee (the other Auditors may also participate); the Internal Audit Function participates in the Committee as Secretary. The Committee may use external experts and - where necessary - liaise directly with the Internal Audit, Risk Management and Compliance functions.

The Control Functions of the Group companies are periodically invited to take part at meetings of the Committee in order to receive a constant update on the control and risk management system of the latter.

In 2021, the Committee held six meetings, lasting an average of an hour and a half, with a 100% attendance rate for all members.

As of the date of this Report, the Committee has met two times and at least four meetings are planned for 2022.

The Control and Risks Committee carried out its activities through frequent meetings with the Heads of the Control Functions, the CFO & COO and the Independent Auditing Company, as well as through information exchanges with the Board of Statutory Auditors on matters of mutual interest, involving the latter in every meeting of the Committee.

The Committee acknowledged the activities performed by the Supervisory Body pursuant to Italian Legislative Decree no. 231.

Minutes are taken of meetings of the Committee and information is provided to the Board of Directors in relation to the activities performed by the Committee itself.

In the financial year in progress, the Control and Risk Committee met twice as of the date of this Report.

9.3 Head of the Internal Audit Function

At the meeting on 20 May 2020, the Board of Directors, in view (i) of the new appointments of the Board of Directors and of the Board of Statutory Auditors by the Shareholders' Meeting of 7 May 2020, (ii) of the appointment – by the Board of Directors on 7 May last – of Mr Vismara as Appointed Director in charge of the internal control and risk management system and (iii) of the establishment of the new Board Committees resolved by the Board of Directors at the previous meeting on 7 May, saw fit to proceed, in continuity with the decisions made by the outgoing Board and in compliance with the provisions of the Corporate Governance Code then in force, at the proposal of the Appointed Director in charge of the internal control and risk management system, subject to the favourable opinion of the Control and Risks Committee and having heard from the Board of Statutory Auditors, to appoint Ms D'Ardes as Head of the Internal Audit Function. On the point, it is noted that as part of the listing project of the Company's shares on Euronext STAR Milan, the Board of Directors of the Company had already appointed Ms Elisabetta D'Ardes as Head of the Internal Audit Function.

The Head of the Internal Audit Function is not responsible for any operational area and reports hierarchically to the Board of Directors.

The remuneration of the Head of Internal Audit is governed by the Group Remuneration Policy. The Audit and Risk Committee and the Board of Directors have verified – most recently in February 2022 – that this remuneration is paid in accordance with the aforementioned policy.

During 2021, the Board of Directors made available to the Internal Audit Function a budget to be used to

remunerate any activity of external consultants asked to provide support in the conduct of internal auditing activity.

In conformity with the provisions of the Code, the Head of the Internal Audit Function has continuously verified the operation, suitability and adequacy of the internal control and risk management system, through the Audit Plan approved by the Company's Board of Directors on 17 March 2021. Note that the Audit Plan is drawn up based on the results of an annual risk assessment.

The Head of the Internal Audit Function also has access to all information required to carry out her duties and has prepared periodic reports detailing her activity, the methods used to manage risks, and compliance with the plans defined for their containment. Her reports assessed the suitability and adequacy of the internal control and risk management system and were forwarded to the Chairpersons of the Board of Statutory Auditors, the Control and Risks Committee, the Board of Directors and the Managing Director.

During 2020, the Internal Audit Function also carried out a follow-up in relation to information systems with respect to the audit conducted the previous year.

In brief, in 2021 the Internal Audit Function performed the following audits:

- 1) Capital Adequacy - ICAAP/ILAAP;
- 2) Recovery Plan;
- 3) Anti-money laundering;
- 4) Governance and Internal Control System;
- 5) Follow-up on Information Systems;
- 6) Strategic plan;
- 7) Remuneration;
- 8) Information flows.

9.4 Organisation model under Italian Legislative Decree 231/2001

On 16 April 2018, the Board of Directors of Equita Group adopted the organisation and management model provided by Italian Legislative Decree no. 231/2001 (the "**231 Model**") in order to establish a set of rules to prevent the adoption of unlawful conduct considered potentially relevant to the application of that legislation, and, consequently, proceeded to establish the supervisory body in accordance with Article 6, paragraph 1, letter b) of Italian Legislative Decree 231/2001 (the "**Supervisory Body**").

The 231 Model is composed of (i) a general part, which regulates the overall functioning of the adopted organisation, management and control system; and (ii) several special parts, containing general principles of conduct and control protocols for each predicate offence considered relevant.

At the date of this Report, the Supervisory Body is composed of Paolo Domenico Sfameni (external member), Patrizia Pedrazzini (Head of the Group's Compliance, Risk Management and Anti-Money Laundering Function at the Company) and Elisabetta D'Ardes (Head of Internal Audit at Equita Group).

The Supervisory Body thus composed possesses the applicable requisites of autonomy, independence, professionalism and continuity of action. The Supervisory Body is entrusted, in general, the power/duty to supervise:

- compliance with the provisions of the 231 Model by the recipients expressly identified in the special section in relation to the different types of crimes covered by Italian Legislative Decree 231/2001;
- the real effectiveness and actual capacity of the 231 Model, in relation to the company structure, to prevent the crimes indicated in Italian Legislative Decree 231/2001; and
- the appropriateness of updating the 231 Model, where requirements of adjustment of the same in relation to altered company and regulatory conditions are identified. The internal control system outlined by the 231 Model is completed by the Group's code of conduct, which identifies the values, general principles and rules of conduct that must inspire the conduct of those who directly or indirectly, permanently or temporarily, work for the company.

The model is available for consultation on the website www.equita.eu (*Corporate Governance* section, *Corporate Documents* area).

9.5 Independent auditing company

The Equita Group's Shareholders' Meeting held on 26 September 2018, at second convocation, resolved to grant the independent auditing assignment for the 2018-2026 financial years to the independent auditing company KPMG S.p.A., with effect from the trading start date on Euronext STAR Milan. The Board of Directors.

The Board of Statutory Auditors provided the Board of Directors with the additional report prepared by the auditing firm KPMG S.p.A. pursuant to Article 11 of Regulation 537/2014, a document that the Board of Statutory Auditors took into account in its report to the Shareholders' Meeting.

The Board of Statutory Auditors also submitted its comments to the aforementioned report, specifying that it had closely followed the statutory audit process, holding meetings with the auditing firm both in the context of its own meetings and in the context of the meetings held jointly with the Control and Risk Committee, and that there were no findings worthy of note.

9.6 Financial Reporting Officer and other company roles and functions

In its meeting of 20 May 2020, also in compliance with the provisions of Article 154-bis of the TUF, the Board of Directors appointed by the Shareholders' Meeting of 7 May 2020 deemed it appropriate to confirm the appointment of Ms Stefania Milanese, CFO & COO of the Equita Group, as the Financial Reporting Officer (the "**Financial Reporting Officer**") with the functions set forth in Article 154-bis of the TUF.

The Board of Directors deemed it appropriate to confirm the appointment of Ms Milanese, CFO & COO of the Equita Group, as Financial Reporting Officer (a role already assigned to Ms Milanese at the Board meeting of 26 July 2018, with effect from the date of commencement of trading on Euronext STAR Milan), recognising her as a suitable person to hold this position, also in consideration of the requirements of professionalism and integrity set forth in Art. 20 of the Company's Articles of Association, according to which the Financial Reporting Officer must have at least three years' experience in accounting or administration in a listed company or in a company with a share capital of at least one million euros or in a company providing financial services. Under Article 154-*bis* of the TUF, the Financial Reporting Officer:

- draws up written declarations accompanying the Company's deeds and communications that are disclosed to the market and related to accounting information, including interim information;
- prepares administrative and accounting procedures for the preparation of the financial statements and, where appropriate, the consolidated financial statements and any other financial communication;
- certifies by means of a Report on the annual financial statements, the abridged half-yearly financial statements and the consolidated financial statements if these are prepared (i) the adequacy and effective application of the administrative and accounting procedures for the preparation of the annual financial statements; (ii) that the documents were drawn up following the applicable international accounting standards recognised by the European Union under EC Regulation no. 1606/2002 of 19 July 2002 of the European Parliament and Council; (iv) the suitability of the documents to provide a true and fair view of the financial position, results of operations and cash flows of the Company and of all the companies included in the consolidation; (v) for the separate and consolidated financial statements, that the operations Report includes a reliable analysis of the performance and results of operations, and the situation of the issuer and the companies included in the consolidation, together with a description of the main risks and uncertainties to which they are exposed; and (vi) for the abridged interim financial statements, that the interim Report on operations contains a reliable analysis of the information referred to in Art. 154-*ter*, paragraph 4, TUF.

It is also noted that the Board of Directors, at the meeting on 13 March 2019, also approved the Manual of the Appointed Manager, a document that describes in greater detail the role and functions of the Appointed Manager

in preparing the corporate accounting documents, illustrated above.

9.7 Coordination between parties involved in the internal control and risk management system

The Equita Group's Control and Risk Committee supports the management body in assessments and decisions on risks and the internal control system as provided by the Code.

The entire Board of Statutory Auditors or at least one auditor attended at meetings of the Committee.

The Control and Risk Committee carried out its activities through frequent meetings with the Heads of the Control Functions, the CFO-COO and the Independent Auditing Company, as well as through information exchanges with the Board of Statutory Auditors on matters of mutual interest, involving the latter in every meeting of the Committee.

10. Directors' interests and transactions with related parties

On 26 July 2018 the Board of Directors adopted a procedure for the management of transactions with related parties (the "**RPT Procedure**") from the listing of shares on the Euronext STAR Milan market (formerly MTA/STAR), under the regulation adopted by Consob with resolution no. 17221 of 12 March 2010 (the "**Related-Party Regulation**") (replacing the procedure for related-party transactions adopted by the Board of Directors on 10 November 2017 and subsequently amended on 14 December 2017, following the regulations applicable to companies with financial instruments admitted to trading on Euronext STAR Milan (formerly AIM Italia / Alternative Capital Market multilateral trading facility organised and managed by Borsa Italiana) which set rules on the identification, instruction, approval and carrying out of related-party transactions stipulated by the Company or through its subsidiaries.

Subsequently, with resolution dated 17 July 2019, the Company's Board of Directors made some changes to the RPT Procedure in order to simplify the procedural process to be applied to transactions with related parties and to bring some contents of the Procedure more in line with market practice. That new procedure thus replaced, commencing from 17 July 2019, the RPT Procedure previously adopted.

Subsequently, the meeting of the Board of Directors held on 13 May 2021 approved certain amendments to the 2019 RPT Procedure in order to make it fully compliant with the new Regulation containing provisions on related-party transactions adopted by Consob with resolution no. 21624 of 10 December 2020 and in force as of 1 July 2021.

In summary, the main changes made to the RPT Procedure, effective as of 1 July 2021, relate to:

- i) the elimination of the fact that the Company is a "*newly-listed company*", as it no longer falls under this definition (see Article 1.5);
- ii) the reference – with respect to the notions of "*Related-Party Transactions*", "*Related Party*" and "*Close Family Member*" – to the definitions contained in IAS 24 (see Article 2.1);
- iii) the introduction of the definition of "*Directors Involved in the Transaction*", i.e. directors with a conflict of interest who must abstain from voting in meeting of the Board of Directors on the related-party transaction (see Articles 2.1 and 5.1.7);
- iv) the introduction of a new hypothesis of exemption from the application of the Procedure, i.e. transactions decided by Equita Group and addressed to all shareholders on equal terms (see Art. 3.1(b));
- v) if the exemption "*ordinary transactions concluded at conditions equivalent to market or standard conditions.*" is applicable to Major Transactions, the introduction of the obligation for Equita Group to communicate ex post to CONSOB and to the Related Parties Committee certain information on the transaction in order to allow the Committee to promptly verify that the aforesaid exemption has been correctly applied (see Art. 3.1(e));
- vi) the introduction of the obligation for Equita Group to submit to the Committee – within 30 days from the end of the financial year in which Major Transactions have been concluded that have benefited from one of the cases of exclusion envisaged by the Procedure – a report containing the description of such

Transactions and the reasons for which the exclusion was applied (see Art. 3.4).

Moreover, although not expressly introduced by the recent Consob resolution, the principle was introduced that the powers relating to Major Transactions and Minor Transactions concerning remuneration are entrusted to the Equita Group's Remuneration Committee, which handles them on the basis of the Procedure (in order to avoid a double examination thereof by both the Related Parties Committee and the Remuneration Committee) (see Art. 6.6).

The RPT Procedure last approved at the meeting of 13 May 2021 and in force to date is published on the website www.equita.eu (*Corporate Governance* section, *Corporate Documents* area).

The Related Parties Committee is composed of Directors Silvia Demartini (independent Chair), Paolo Colonna (independent member) and Marzio Perrelli (independent member). The functions assigned to the Committee are of an advisory nature, namely:

- a) provide the competent body – in good time before the resolution and/or execution of the transaction with related parties (“**RPT**”) – with a non-binding reasoned opinion on the Company's interest in carrying out the RPT and on the appropriateness and substantive propriety of the relative conditions;
- b) promptly provide the competent body with adequate information with respect to the investigation performed on the RPT to be approved and/or executed, including any opinions acquired on the RPT; furthermore, if at the outcome of the Committee’s investigation the economic conditions of the RPT are deemed to be Market Equivalent or Standard Conditions (as defined in the Procedure) and the RPT is a Major Transaction, the Committee shall promptly (and in any case within no more than seven calendar days) verify the correct application of the condition of exemption as per art. 3.1, letter (e) of the Procedure;
- c) provide the Board of Directors with a reasoned opinion on any changes to be made to the RPT Procedure.

In 2021 the Committee met only once to consider the amendments to the RPT Procedure described above and the consequent amendments to the Rules of the Related Parties Committee resulting from the amendments to the RPT Procedure itself. The duration of the meeting was about 45 minutes.

The work of the Committee is always coordinated by its Chair, who reports the results of the meeting to the Board of Directors at the earliest opportunity. Written minutes of the meetings of the Related Parties Committee are drawn up and signed by the Chair and the secretary of the meeting.

The Committee meets on the basis of needs arising from time to time, and therefore no schedule of future meetings has been planned at present.

11. BOARD OF STATUTORY AUDITORS

11.1 Appointment and replacement

The Board of Statutory Auditors consists of three standing auditors and two alternate auditors who remain in office for three financial years; they may be re-elected and their term of office expires on the date of the Shareholders' Meeting called to approve the financial statements for the third financial year of their office.

The members of the Board of Statutory Auditors must meet the requirements of integrity, professionalism, independence and on the limit to the number of assignments held, as envisaged by the law and regulations in force at the time.

The Statutory Auditors are appointed by the Shareholders' Meeting based on lists submitted by the shareholders. Upon filing appropriate certification, shareholders who hold at least 2.5% (two point five per cent) of the share capital with voting rights, alone or together with others, or represent a lower percentage established by mandatory provisions of law or regulations, may submit a list for the appointment of the Statutory Auditors.

On this point, it should be noted that Consob, in accordance with the provisions of art. 144-*septies* of the Issuers' Regulation, in March 2020 (namely before the Shareholders' Meeting of Equita Group which then voted on the appointment of the new corporate bodies, now in office) made public the shares of investment required for the submission of lists of candidates for election to the administration and control bodies. In

particular, CONSOB, subject to any lower share envisaged by the Articles of Association, determined the minimum share of investment required for submitting lists of candidates for election to the administration and control bodies of Equita Group - occurring in May 2020 - in the amount of 2.5% of the Company's share capital. According to the latest Consob Determination (Determination no. 60) of 18 January 2022, this percentage was confirmed again. Note, however, that the corporate bodies will not be renewed at the 2022 Shareholders' Meeting.

The lists are filed at the company's registered office, following the regulatory procedures, at least 25 days before the date set for the shareholders' meeting asked to resolve on the appointment of the directors. The lists must be made available to the public by the Company at least 21 days before the date scheduled for the Shareholders' Meeting following the regulatory procedures.

Each list:

- must have the names of one or more candidates for the office of standing auditor and one or more candidates for the office of alternate auditor, marked in each section ("standing auditors" section, "alternate auditors" section) by a sequential number, not exceeding the number of members of the body to be elected;
- must include a number of candidates of different gender to ensure that the composition of the Board of Statutory Auditors complies with the legal and regulatory provisions on gender balance (male and female), it being understood that if the application of the gender distribution criterion does not result in a whole number of auditors of the less represented gender, this must be rounded up to the higher unit;
- must contain the documentation required by the Articles of Association and any other additional or different declaration, information and/or document required by legal and regulatory provisions.

Each shareholder, and shareholders belonging to the same group of companies and shareholders who have signed a relevant Shareholders' Agreement under Article 122 of the TUF, may not participate in a presentation of more than one list, nor may they vote for different lists even through a third-party or trust company.

Each candidate may only be present on one list under penalty of ineligibility.

(A) If two or more lists have been submitted, the lists submitted are voted upon and the Board of Statutory Auditors is formed based on the following provisions:

- the first 2 (two) candidates on the list that obtained the highest number of votes (the "**Majority List for the Board**") and the first candidate on the list that obtained the second highest number of votes and that was submitted by shareholders who are not even indirectly connected with the shareholders who submitted or voted for the list that obtained the highest number of votes, are elected as standing auditors; the candidate on the latter list becomes chairperson of the Board of Statutory Auditors (the "**Minority Auditor**"). The first alternate candidate on the list that obtains the highest number of votes and the first alternate candidate on the list that obtains the second highest number of votes and that was submitted by shareholders who are not even indirectly connected with the shareholders who submitted or voted for the list that obtained the highest number of votes, are elected as alternate auditors;
- a ballot shall be held if there is a tie between several lists;
- after the vote, if the Board of Statutory Auditors is not composed of the minimum number of legally established auditors of the less represented gender, the candidate of the more represented gender, elected last in sequential order from the list that obtained the highest number of votes, will be replaced by the first candidate in sequential order from the same list belonging to the less represented gender not elected under the preceding paragraphs; if the minimum number of auditors of the less represented gender established by law is not reached, the replacement shall also apply for the candidates of the list that obtained the second highest number of votes.

(B) If only one list is submitted, the entire Board of Statutory Auditors is taken from that list, if it obtains the legal majority for the ordinary Shareholders' Meeting;

(C) If auditors cannot be elected by the procedure provided for in the preceding paragraphs or if no lists are

presented, the shareholders' meeting resolves according to the legal majorities.

If there is an early termination of a standing auditor's appointment, the first alternate auditor belonging to the same list as the outgoing auditor shall take over until the next shareholders' meeting. If there is a replacement of the Chairperson, the position shall be taken, until the next Shareholders' Meeting, by the alternate member taken from the list that received the second highest number of votes or, in the absence of such list or in the event of a tie between two or more lists, by the first standing auditor on the list of the outgoing Chairperson. If the Board of Statutory Auditors is not filled by alternate Statutory Auditors, the shareholders' meeting must be called to proceed with the legal majorities.

11.2 Composition and functioning of the Board of Statutory Auditors

On 7 May 2020, the ordinary Shareholders' Meeting appointed the new Board of Statutory Auditors of the Company – currently in office – for a period of three financial years until approval of the financial statements at 31 December 2022.

Note that at the date of the Shareholders' Meeting three lists were submitted: one majority list submitted by the shareholders Francesco Perilli, Andrea Vismara, Matteo Ghilotti, Fabio Deotto and Stefano Lustig, jointly holders of 24.5% of the share capital having the right to vote (list no. 1), one minority list submitted by the shareholders Fenera Holding S.p.A., PKP Investments 1939 S.p.A. and Justus s.s., jointly holders of 5.66% of the share capital having the right to vote (list no. 2) and a second minority list submitted by the shareholders Anima SGR S.p.A., manager of the Anima Crescita Italia and Anima Iniziativa Italia funds, Mediolanum International Gestione Fondi SGR S.p.A., manager of the Mediolanum Flessuro Italia fund and Amber Capital Italia SGR S.p.A., manager of the Alpha Ucits Sicav-Amberity Fund, jointly holders of 2.80% (list no. 3).

The Standing Auditors Laura Acquadro and Paolo Redaelli and the Alternate Auditors Andrea Conso and Dora Laura Federica Salvetti were taken from list no. 1, which was the first most voted by the Shareholders' Meeting (77.05% of the voting capital), while the Chairperson of the Board of Statutory Auditors was taken from list no. 2, which was the second most voted (17.84% of the voting capital).

For further information on the submission of the lists, see the documents published on the Company website www.equita.eu (*Shareholders' Meetings Area/Shareholders' Meeting 7 May 2020*).

The Board of Statutory Auditors of the Company, appointed by the aforementioned Shareholders' Meeting and currently in office, is made up as follows: Franco Guido Roberto Fondi (Chairperson), Paolo Redaelli (Standing Auditor), Laura Acquadro (Standing Auditor), Andrea Conso (Alternate Auditor) and Dora Laura Federica Salvetti (Alternate Auditor).

The Board of Statutory Auditors of the Company is made up of one standing member of the less represented gender (the Auditor Laura Acquadro), in conformity with the criteria of gender balance established by the regulations applicable to the Company⁹, as well as one alternate member of the Board of Statutory Auditors of

⁹ It is noted that, in relation to gender diversity, various regulatory changes have taken place. In particular:

- Law no. 167 of 2020 (known as 2020 Budget Law), entering into force on 1 January 2020, establishes that, with effect from renewals of the corporate bodies of listed companies that take place in the shareholders' meeting season of 2020, the allocation criterion between genders is at least equal to two-fifths, subject to the allocation criterion of one-fifth envisaged by Article 2 of Law 12 July 2011, no. 120, for the first renewal after the trading start date. Note also that with Communication no. 1/20 of 20 January 2020, Consob clarified that, with reference to Boards of Statutory Auditors consisting of three standing auditors, uncertainties of interpretation may be created in applying the new criterion of attribution of at least two-fifths to the less represented gender, as, from the arithmetic perspective, it is impossible to guarantee for both genders the presence of at least two-fifths in bodies made up as such. Therefore, pending an adjustment intervention on the regulatory rules and taking account of the urgency connected to the application of the new provisions from the coming renewals of the corporate bodies - as part of the supervisory activity on the rules, Consob will consider the criterion of rounding upwards to the upper unit envisaged by paragraph 3 of Art. 144-undecies.1 ("Gender Balance"), of the Issuers' Regulation inapplicable due to arithmetic impossibility for corporate bodies formed by three members. Therefore, with reference to the latter, Consob will consider that the rounding down to the lower unit is in line with the new rules. Without prejudice to the criterion of rounding upwards to the upper unit envisaged by paragraph 3 of the cited 144-undecies.1 of the Issuers' Regulation for corporate bodies formed by more than three members;
- before the entry into force of the 2020 Budget Law, Art. 148, paragraph 1-*bis* of the Consolidated Finance Law established

the less represented gender. In relation to the diversity policies, see what has already been illustrated in Paragraph 4.3 of this Report.

See also Table 3 (*Structure of the Board of Statutory Auditors*) for information on the structure of the Company's Board of Statutory Auditors.

The following is a summary of the professional profiles of the members of the new Board of Statutory Auditors.

Franco Guido Roberto Fondi - Born in Milan on 15 May 1952, graduated in Business Administration at Bocconi University in Milan and is a chartered accountant. He is the founding shareholder and partner of a professional firm that operates in the sector of tax and corporate consultancy with particular specialisation in the field of financial intermediation and he works with some trade associations (Assosim and AIPB) on issues of interest to industry operators. He has covered and continues to cover the role of chairman of the board of statutory auditors and standing auditor in various companies both in the financial sector (including Kairos SGR S.p.A., Ersel S.p.A., GAM SGR S.p.A.) and industrial and commercial sector (including Alpiq Italia S.p.A., Philips S.p.A., Canon Italia S.p.A., Gaggia S.p.A.) and is a member of the Supervisory Body of GAM SGR S.p.A. as well as having covered a similar role at Unicredit S.p.A. and Banca Farmafactoring S.p.A.

Paolo Redaelli - Born in Carate Brianza on 11 August 1975, graduated in Business Administration at Bocconi University in Milan completed his academic training by obtaining a master's degree in tax law from the same university and is qualified as a chartered accountant and auditor. In 2000, he began working with the Studio Spiniello Commercialisti e Associati and became a partner of the firm in 2014. In his professional activity he deals with tax consultancy for medium to large-sized groups operating in the industrial, real estate, financial and services sector. He is also responsible for drawing up financial statements and consolidated financial statements, sworn appraisals, company and asset valuations and providing consultancy in extraordinary operations, company reorganisations and tax clearance applications. During his career he has served as statutory auditor, sole director, and liquidator for numerous companies, and written a number of specialised publications.

Laura Acquadro - Born in Milan on 1 December 1967, graduated with honours in Economics at Bocconi University in Milan and graduated with top marks in law at the State University of Milan. She is also enrolled on the Order of Chartered Accountants and Accounting Experts of Milan at no. 3757. She is also enrolled in the Register of Auditors with provision OG no. 87 of 2 November 1990, as well as in the Register of Technical Consultants of the Court of Milan at no. 9680. She is a partner in Studio Acquadro e Associati in Milan, where she performs advises on corporate and tax matters, dealing in particular with corporate and tax problems of national and international scope, as well as providing support and consultancy with regard to extraordinary business operations and company assessments. Laura Acquadro also holds the office of auditor, inter alia, in the following companies: Siram Veolia S.p.A, Ambienta SGR S.p.A., Ambienta Holding S.p.A., Cerved Master Services S.p.A., Metro Italia Cash and Carry S.p.A., Metro Dolomiti S.p.A., Jcoplastic S.p.A., Dom 2000 S.p.A., Equita SIM S.p.A., Fondazione VIDAS, Fondazione di Comunità di Milano e Associazione

that the share of the less represented gender must be at least one-third of the standing members of the Board of Statutory Auditors. However, that criterion was applied with effect from the first year of renewal of the administration and control bodies of companies listed on regulated markets after one year from the date of entry into force of Italian Law no. 120 of 2011 (so-called Golfo-Mosca Law), reserving to the less represented gender, for the first mandate in application of the law, a share equal to at least one-fifth of the directors and auditors elected. The current Board of Statutory Auditors of the Company, appointed by the Shareholders' Meeting on 7 May 2020, is the first Board of Statutory Auditors appointed after the trading start date and, therefore, as this is the first renewal, in conformity with the criteria indicated in Law no. 167 of 2020, the share of the less-represented gender that should be respected is at least one-fifth. The current composition of the Board of Statutory Auditors respects that criterion and also respects the criterion of two-fifths (required from the next renewal of the Board of Statutory Auditors), applied according to the interpretation of rounding downwards provided by Consob.

Teatri di Milano. She is also a member of some boards of directors: Immobiliare Tibaldi S.r.l, Edilnovanta S.p.A, Residenza Galeno S.r.l.

Andrea Conso - Born in Turin on 22 June 1971, he graduated in law in 1995 at the University of Turin. In 2005 he began performing the legal profession, after working as an in-house lawyer in major banking groups for over ten years. In 2014 he was one of the founding partners of Annunziata&Conso. His main areas of specialisation concern corporate, commercial, banking, financial and insurance law, as well as the sectors of e-money, fintech and blockchain; all matters dealt with in the perspective of the regulation of the financial markets and with attention also to profiles of legal comparison and application of models inherent to cross-border operations. He is also director and auditor of regulated companies mainly in the banking and financial sector. He regularly speaks at conventions and on Master's courses and post-university training courses and has written numerous publications.

Dora Salvetti – Born in Milan on 18 March 1976, she gained a degree in Economics and Business Legislation from the Luigi Bocconi Commercial University of Milan and has been qualified to perform the profession of accountant and auditor since 2004. She has worked with major Milanese professional firms and in 2003 she began to work with Studio Spiniello Commercialisti e Associati and Studio di Consulenza Tributaria Societaria. In carrying out her professional activity, she deals mainly with tax consultancy for large-sized groups operating in the financial, industrial sector and for medium-sized groups in the services and real estate sector. During her career, she has covered the role of standing auditor, director and liquidator in Italian companies.

During the financial year 31 December 2021, the Board of Statutory Auditors held 12 meetings, with an average duration of approximately one hour.

In this financial year, the Board of Statutory Auditors has met four times at the date of this Report and at least other eight meetings are planned.

The Chairperson and/or the standing auditors also participated at meetings of the various board committees (Control and Risk Committee, Remuneration Committee, Related Parties Committee).

The Board of Statutory Auditors appointed by the Shareholders' Meeting by list vote on 7 May 2020, on 13 May 2020 ascertained the continuance of the independence requirements for its members as indicated in Art. 148, third paragraph of the Consolidated Finance Law and of those envisaged by the Corporate Governance Code.

Lastly, on 4 February 2021 the Board of Statutory Auditors met and verified that each member met the independence requirements pursuant to Article 148, paragraph 3, of the TUF, as well as the combined provisions of Recommendation 7 and 9 of the Corporate Governance Code (which on the subject of independence refers to the same criteria applicable to Directors). At the outcome of the aforementioned checks, all members of the Board were found to be independent both in accordance with the Consolidated Finance Law, and in accordance with the Updated Corporate Governance Code.

During the aforementioned meeting, the Board also carried out its self-assessment with reference to its composition, dimension and functioning, in conformity with the Rules of conduct of the board of statutory auditors of listed companies issued by the National Board of Chartered Accountants and Accounting Experts in April 2018.

Subsequently, on 8 February 2022 the Board met and verified the existence of the independence requirements for each member both in accordance with Article 148, third paragraph of the TUF and in accordance with the combined provisions of Recommendation 7 and 9 of the Code (which, with regard to independence, cites the same criteria applicable for Directors), also taking into account, for the purposes of the aforementioned Recommendations, the guidance referred to in Article 2.7 of the Rules of the Board of Directors for the

evaluation of independence of the independent directors and similarly applicable also to the members of the Board of Statutory Auditors. At the outcome of the aforementioned checks, all members of the Board were found to be independent both in accordance with the Consolidated Finance Law, and in accordance with the Code.

During the aforementioned meeting, the Board also carried out its self-assessment with reference to its composition, dimension and functioning, in conformity with the Rules of conduct of the board of statutory auditors of listed companies issued by the National Board of Chartered Accountants and Accounting Experts in April 2018.

Specifically, the results of the self-assessment found that:

- as regards its composition and dimension, and also based upon the curricula vitae and roles covered by its members, there are different and complementary experiences among its members;
- as regards the availability of time and resources adequate to the complexity of the assignment, based upon the number of roles covered by its members and the actions performed in the past financial year, all members have sufficient time to carry out the mandate;
- with regard to its composition, the requirements of gender laid down by the regulations in force were respected;
- with regard to its operation, there is an effective coordination with the company structures and bodies as well as satisfactory information flows between its members and the Company's operating structures.

The Board of Statutory Auditors has always informed the Board of Directors of the checks of the requirements carried out on its members.

The Board of Statutory Auditors meets on the initiative of any one of the auditors. The Board is validly constituted with the presence of the majority of the auditors and resolves by an absolute majority of participants. The Board of Statutory Auditors adopted rules on its operations on 4 May 2020.

In relation to the remuneration of the Auditors, it is noted that the Shareholders' Meeting on 7 May 2020 established the gross annual fee of the Board of Statutory Auditors, appointed on the same date, as Euro 42,000 gross per annum for the Chairperson and Euro 30,000 gross per annum for each Standing Auditor. That remuneration is higher than that attributed in the previous three-years of the mandate 2017-2019, during which the Chairperson of the Board of Statutory Auditors had been granted an annual gross fee of Euro 37,000 and each of the remaining Standing Auditors an annual gross fee of Euro 25,000 in view of the significance of the role covered and the dimensional and sector-based characteristics of the Company. Although remuneration is substantially linked to the competence, professionalism and commitment required, the Company is considering formalising a specific indication within the Remuneration Policy that remuneration must be appropriate to the competence, professionalism and commitment required, in accordance with Recommendation 30 of the Corporate Governance Code.

The members of the Board of Statutory Auditors do not receive any form of variable remuneration or non-monetary benefit.

The Statutory Auditors are informed that if they have an interest on their own behalf or on behalf of third parties in a certain transaction of the Company they must promptly inform the other Statutory Auditors and the Chairperson of the Board about the nature, terms, origin and extent of the interest. Note that the Company has also adopted a specific policy for the management of conflicts of interest and that there are also obligations of disclosure for the Statutory Auditors in the event of interest/relations in transactions with related parties, in accordance with the provisions of the RPT Procedure.

12. Relationships with shareholders

Access to information

The Company has set up a specific, easily identifiable and accessible section on its website called "*Investor*

Relations” (available at the following link: <https://www.equita.eu/it/investor-relations/index.html>) in which information concerning the Company that may be of importance to its shareholders is made available to enable them to exercise their rights in an informed manner.

In fact, within the aforementioned section of the website general information is available on the activities and various business areas that the Equita Group operates in, financial information (e.g. quarterly, half-yearly, annual results, financial statements, reports), information on dividends, stock performance; presentations (for example relating to participation in STAR conferences), press releases, and each investor, whether institutional or retail, can contact the Company's Investor Relator directly through a dedicated email address (ir@equita.eu) specified on the Company's website. Furthermore, all the contacts of the Investor Relator and the Company's press offices are reported in each press release distributed to the financial community. As noted in the previous sections of this Report, The Company has also set up an email alert system whereby any content deemed of interest to investors (press releases, financial statements, presentations) is sent by email to all registered shareholders at the same time as publication; this email alert service is free of charge and available to all who subscribe.

As part of the preparatory process for the listing of the Company's shares on the Euronext STAR Milan (formerly MTA/STAR), the Company appointed Mr Andrea Graziotto as the Company's Investor Relator with effect from the start of trading on the aforementioned market. At the date of this Report, Mr Graziotto continues to hold the position of Investor Relator.

For further information, refer to the “*Investor relations*” section of the website www.equita.eu

Dialogue with shareholders

With regard to the dialogue with stakeholders and the related policy for managing dialogue with shareholders in general, note that at its meeting of 15 July 2021 the Company's Board of Directors resolved not to adopt a policy for dialogue with shareholders at the time since the Company has numerous internal controls and rules, as well as a structure of ownership (whereby approximately 67% of the voting rights representing the share capital are held by employees/contractors and former employees of the Group) such as to be similar to a real procedure that enables it to manage the dialogue with shareholders and to respond promptly to any needs and/or requests made by stakeholders with maximum transparency.

In this regard, note that in addition to the obligations required by law (e.g. publication of price-sensitive press releases, publication of the separate and consolidated financial statements, the half-yearly report and additional periodic information), the Company has already established various methods of interaction with shareholders.

In particular:

- the Company regularly participates in conferences organised by Borsa Italiana and other specialised operators;
- independently and together with its corporate broker (Intesa Sanpaolo), the Company organises various meetings (conference calls, specially scheduled meetings) with institutional investors;
- as indicated above, each investor, whether institutional or retail, can directly contact the Company's Investor Relator via email (ir@equita.eu) published on the Company's website; furthermore, all contact details of the investor relator and of the Company's press offices are included in each press release issued to the financial community;
- as mentioned above, the Company has set up an email alert system whereby any content deemed of interest to investors (press releases, financial statements, presentations) is sent by email to all registered shareholders at the same time as publication; this email alert service is free of charge and available to all who subscribe;
- with a view to maximum transparency, on its website the Company publishes all the notes and reports made available by Equita Group's corporate broker – Intesa Sanpaolo – to facilitate the understanding of

the case for investment for all investors, including retail investors; these notes and reports are also available on the website of Borsa Italiana.

13. SHAREHOLDERS' MEETINGS

The Shareholders' Meeting, both in ordinary and extraordinary session, is held at single convocation, in accordance with Article 2369, paragraph 1 of the Italian Civil Code, but the Board of Directors may, if it identifies the opportunity and giving express indication thereof in the notice of convocation, require the shareholders' meeting (ordinary and/or extraordinary) to be held in several convocations, applying the majorities required by law for Shareholders' Meetings held in several convocations of companies with shares traded on regulated markets.

The ability to call the Shareholders' Meeting lies with the Board of Directors, without prejudice to the power of the Board of Statutory Auditors or of at least two members to call the meeting, following Article 151 of the TUF and other applicable laws and regulations.

Under Article 10 of the Articles of Association, the entitlement to attend the Shareholders' Meeting and exercise the right to vote is certified by a communication to the Company made by the intermediary authorised to keep the accounts following the law. This is based on the evidence in its accounting records about the end of the accounting day of the seventh trading day before the date set for the Shareholders' Meeting on a single call (or on first call, if any subsequent calls are indicated in the notice of call), and received by the Company within the legal terms. With regard to the provisions concerning the increase in voting rights, see Section 2.4. of this Report.

Those who have the right to vote may be legally represented at the shareholders' meeting by means of a written proxy issued following the procedures provided for by the applicable laws and regulations.

The Company may designate in the notice of convocation, for each shareholders' meeting, a person to whom shareholders may grant a proxy with voting instructions on all or some of the items on the agenda, in the legal terms and methods.

On this point, note that, also in view of the health emergency caused by Covid-19, the 2020 and 2021 Shareholders' Meetings were held with the participation of the so-called "Designated Representative" to whom shareholders granted a proxy for participation and voting in the Shareholders' Meeting. The aforementioned Shareholders' Meetings were also held through the use of audio/video conferencing tools, as the Company availed itself of the powers sanctioned by Italian Decree-Law no. 18 of 2020, the provisions of which have been extended several times.

The shareholders' meeting may be convened outside the municipality where the registered office is located, provided that it is in Italy.

The shareholders' meeting resolves, in ordinary and extraordinary session, on the matters reserved for them by law, regulations and Articles of Association with the majorities established by law and Articles of Association. Without prejudice to applicable statutory and regulatory provisions, the ordinary shareholders' meeting has the authority to pass resolutions: **(1)** on the approval of the remuneration and incentive policies regarding bodies with strategic supervision, management and control functions and other personnel, as well as on the approval of the remuneration and incentive plans based on financial instruments; **(2)** on the approval of the criteria for the determination of the remuneration to be paid in the event of early termination of the employment relationship or early termination of office, including the limits set to such remuneration in terms of annual fixed remuneration and the maximum amount deriving from their application.

In particular, in relation to remuneration policies, Art. 2 of the Articles of Association states that the ordinary shareholders' meeting, at the time of approval of the remuneration and incentive policies, also resolves on any proposal to fix a limit to the ratio between the variable and fixed individual remuneration of personnel higher than 100% (ratio of 1:1), but in any case not exceeding the maximum limit of 200% (ratio of 2:1). The aforementioned shareholders' resolution is adopted on the proposal of the Board of Directors, which at least specifies: **(i)** the functions to which the persons involved in the decision belong, specifying, for each function,

their number and how many of them are identified as “key personnel”; **(ii)** the reasons underlying the proposal of increase; **(iii)** the implications, even prospective, on the capacity of the Company to continue to respect all prudential rules. The above proposal is approved when: **(a)** the shareholders’ meeting is constituted with at least half of the share capital and the resolution is made with the favourable vote of at least 2/3 of the share capital represented in the shareholders’ meeting; or **(b)** the resolution is assumed with the favourable vote of at least 3/4 of the share capital represented in the shareholders’ meeting, whatever the share capital with which the shareholders’ meeting is constituted.

Note that pursuant to Article 2365, paragraph 2 of the Italian Civil Code the current Articles of Association provide for concurrent powers of the Shareholders’ Meeting and the Board of Directors to adopt the following resolutions: (i) establishment or closing of secondary offices in Italy and abroad; (ii) reduction of capital following withdrawal; (iii) updating of the Articles of Association to regulatory provisions; (iv) transfer of the registered office within Italy; (v) mergers and demergers in the cases envisaged by law.

The Chairperson of the Board of Directors shall chair the Shareholders’ Meeting. In the case of his absence or impediment, the Shareholders’ Meeting is chaired by the Vice Chairperson, if appointed, and, in the case of several Vice Chairpersons, by the eldest of the attendees. In the absence or impediment of the Vice-Chairperson also, the Shareholders’ Meeting is chaired by the Managing Director. If all persons indicated above are absent or unable to attend, the Shareholders’ Meeting is chaired by the person appointed by the attendees, by a majority of the votes represented at the Shareholders’ Meeting.

Under Art. 10.7 of the Articles of Association, the person who chairs the Shareholders’ Meeting designates the minute taker. The minutes of the extraordinary shareholders’ meeting must be drawn up by a Notary.

The minutes of the meeting must be drawn up in accordance with Article 2375 of the Italian Civil Code and other applicable laws and regulations.

The Shareholders’ Meeting on 16 April 2018 adopted a Shareholders’ Meeting Regulation which regulates the following aspects:

- intervention in the Shareholders’ Meeting;
- verification of legitimacy to attend the Shareholders’ Meeting;
- access to premises in which the Shareholders’ Meeting takes place;
- constitution of the Shareholders’ Meeting and conduct of works;
- suspension and adjournment of Shareholders’ Meeting;
- management of agenda, discussion and voting;
- drafting of shareholders’ meeting minutes.

For further detailed information on the content of the Shareholders’ Meeting Regulation, see the Regulation itself published on the website www.equita.eu (Corporate Governance section, Shareholders’ Meetings area)

- With regard to the Shareholders’ Meeting of 29 April 2021, note that:
 - there were no additional proposals from the shareholders other than those drawn up by the Board of Directors and described in the Reports on the items on the agenda through which the Directors described and provided the shareholders with the necessary information to make an informed vote;
 - the aforementioned Shareholders’ Meeting was attended by all seven members of the Board of Directors (the then Chairperson Francesco Perilli, the Managing Director Andrea Vismara and the Directors Sara Biglieri, Michela Zeme, Paolo Colonna, Silvia Demartini and Marzio Perrelli) and three members of the Board of Statutory Auditors (the Chairperson of the Board of Statutory Auditors Franco Fondi and the Statutory Auditor Paolo Redaelli).

Lastly, with regard to the provisions of Recommendation 2 of the Code, note that during the 2021 financial year the Board of Directors in office did not draw up any reasoned proposals to be submitted to the Shareholders’ Meeting with respect to: (i) choices and characteristics of the corporate model; (ii) size, composition and appointment of the Board and term of office of its members; (iii) articulation of the administrative and capital

rights of the shares and (iv) percentages established for the exercise of the prerogatives placed to protect minorities since these topics have been the subject of choices made in the past (e.g. corporate model, size and composition of the Board) or it was not considered necessary to elaborate proposals in this matter (e.g. percentages for the exercise of prerogatives to protect minorities) because the corporate governance system is already substantially functional to the needs of the company.

For the sake of completeness, note that a number of amendments to the Company's Articles of Association will be submitted to the 2022 Shareholders' Meeting, including some amendments concerning the limit on the ratio between the variable and fixed components and specific meeting quorums for the approval of the aforementioned limit, since the latter are not required under the new regulations in force. For more information, see the relevant explanatory report on the item on the agenda concerning the amendments to the articles of association, available on the website www.equita.eu (*Corporate Governance, Shareholders' Meetings*).

14. OTHER CORPORATE GOVERNANCE PRACTICES

The Company has not adopted any additional corporate governance practices other than those provided for by the laws and regulations.

15. CHANGES SINCE THE REPORTING DATE

Since the end of the financial year at 31 December 2021 until the date of this Report, there have been no changes in the corporate governance structure other than those indicated in the Paragraphs of this Report.

16. CONSIDERATIONS ON THE LETTER DATED 3 DECEMBER 2021 OF THE CHAIR OF THE CORPORATE GOVERNANCE COMMITTEE

The letter of the Chairperson of the Corporate Governance Committee dated 03 December 2021 was distributed to the members of the Board of Directors and Board of Statutory Auditors and was discussed at the meeting on 22 February 2022, as part of the self-assessment process of the Board of Directors and its internal Committees.

Specifically, considering that 2022 will be the first year in which companies will have to communicate how they will comply with the new Code, the Corporate Governance Committee considered it useful this year to provide an indication of its main changes, while also underscoring the critical points resulting from previous monitoring. The recommendations for 2022 are therefore aimed at supporting companies in the process of complying with the new Code and at the same time stressing the need for an adaptation process.

The letter is available on the following website: <https://www.borsaitaliana.it/comitato-corporate-governance/documenti/comitato/letterapresidente2021.pdf>

With particular reference to the areas in which issuers were urged to adhere more closely to the recommendations of Borsa's *Corporate Governance* Committee, the following is noted:

On the issues of **sustainable success** and **dialogue with shareholders**, the Committee recommends that boards of directors “*provide adequate and concise information in the corporate governance report on the methods adopted for its pursuit and on the approach adopted in promoting dialogue with important stakeholders. In this regard, it is recommended that brief information be provided on the content of the policy of dialogue with shareholders in general, without prejudice to the advisability of publishing it in full, or at least the key elements, on the company's website*”.

On the point, it is noted that the Company and the Group companies undertook to integrate sustainability into the definition of the business strategies as well as into the internal control system and the remuneration policy. Specifically, as also highlighted during some Board meetings aimed at verifying the substantial compliance with

the provisions of the Code:

- In fact, the Board of Directors' meeting of 22 February 2022 highlighted that the approved 2020-2022 strategic plan also contains a 2020-2022 CSR (Corporate Social Responsibility) plan, the implementation status of which is monitored by the Company; this plan is based on five macro-commitments (1. increasing customer and financial community satisfaction; 2. promotion of employee welfare; 3. promotion of social and economic development of the community; 4. improvement of health and safety; 5. reduction of environmental impacts) aimed at meeting the needs of all the Group's stakeholders, such as customers, employees, the financial community (investors and shareholders) and the local community. Note that following the aforementioned board meeting, the Board of Directors' meeting of 17 March 2022 approved the new 2022-2024 strategic plan called "2024 Equita three-year business plan", which also includes the 2022-2024 CSR (Corporate Social Responsibility) Plan drawn up on the basis of the CSR strategy adopted by the Group. Specifically, for the next three years it has been decided to merge the sustainability plan into the business plan, confirming the contents already contemplated in the previous CSR Plan to which the new "Young 4 Future" objective was added in light of Equita's commitment to support the growth of young people both within Equita and in the surrounding community. Note also that in order to further rationalise the structure of the CSR Plan it was decided to merge health and safety initiatives under the objective "Promoting the well-being of employees", as they are also implemented for the benefit of human resources.

Therefore, the overall objectives that the CSR Strategy will be based on will be as follows:

1. Promote the well-being of employees;
2. Increase the satisfaction of customers and the financial community;
3. Promote the social and economic development of the community;
4. Reduction of climate impacts;
5. Young 4 Future.

For further details, see section 4.1 of this Report.

- the Group Remuneration Policy in force at the date of publication of this Report contains, among the qualitative indicators to be included in the individual performance assessment for attribution of the variable share, also sustainability indicators (namely: *Customer satisfaction; People engagement; Talent management; Human Capital; Tone from the top on compliance culture; Sustainability strategy*);
- the Company has appointed a CSR Manager ("Corporate Social Responsibility"), identified as the Managing Director, and established a CSR Committee whose main functions include that of making proposals on the Group's environment, social and governance strategy, and identifying the objectives to be achieved, monitoring their implementation over time;
- the subsidiary Equita Capital SGR subscribed to the "Principles for Responsible Investments" promoted by the United Nations and adopted a Policy on sustainable investments entitled "Responsible Investment Policy" which describes the integration of ESG aspects into the investment process, most recently approved on 14 December.

In addition to this, the Group is also continuing to promote sustainable success through its subsidiaries. In fact, Equita Capital SGR and the funds it manages are implementing the provisions of Regulation (EU) 2019/2088 ("**SFDR Regulation**") in terms of investment criteria and minimum disclosure content to be produced, in accordance with the provisions of Article 8 of the SFDR Regulation. The Responsible Investment Policy of the SGR also provides for the establishment of an ESG Committee (in addition to the CSR Committee established by the Company), which is governed by its own rules. Finally, note that the Company's financial statements include a section containing a specific disclosure in which ESG activities and projects are illustrated.

On the other hand, as regards the dialogue with stakeholders and the related policy, as already mentioned in Section 12 recall that the Board of Directors has resolved not to adopt a policy for dialogue with shareholders

at the time since the Company has numerous internal controls and rules, as well as a structure of ownership (whereby approximately 67% of the voting rights representing the share capital are held by employees/contractors and former employees of the Group) such as to be similar to a real procedure that enables it to manage the dialogue with shareholders and to respond promptly to any needs and/or requests made by stakeholders with maximum transparency.

In addition to the obligations required by law (e.g. publication of price-sensitive press releases, publication of the separate and consolidated financial statements, the half-yearly report and additional periodic information), the Company has already established various methods of interaction with shareholders. In particular:

- ✓ the Company regularly participates in conferences organised by Borsa Italiana and other specialised operators;
- ✓ independently and together with its corporate broker (Intesa Sanpaolo), the Company organises various meetings (conference calls, specially scheduled meetings) with institutional investors;
- ✓ each investor, whether institutional or retail, can directly contact the Company's Investor Relator via email (ir@equita.eu) published on the Company's website; furthermore, all contact details of the investor relator and of the Company's press offices are included in each press release issued to the financial community;
- ✓ the Company has set up an email alert system whereby any content deemed of interest to investors (press releases, financial statements, presentations) is sent by email to all registered shareholders at the same time as publication; this email alert service is free of charge and available to all who subscribe;
- ✓ with a view to maximum transparency, on its website the Company publishes all the notes and reports made available by Equita Group's corporate broker – Intesa Sanpaolo – to facilitate the understanding of the case for investment for all investors, including retail investors; these notes and reports are also available on the website of Borsa Italiana.

With regard to the **application of the principle of proportionality**, the Committee recommends that boards of directors “*consider the classification of the company in relation to the categories of the Code and the simplification options available to ‘non-large’ and/or ‘non-concentrated’ companies, and adequately indicate the choices made*”.

In this respect, on 15 July 2021 the Board of Directors performed an analysis of the Company's qualification under the Code. Specifically, Equita Group qualifies as (i) a “non-large company” (as it does not reach the levels of capitalisation described in the Code) and (ii) a “concentrated ownership” company (as it is a company in which several shareholders participating in a shareholder agreement hold the majority of the votes exercisable at the ordinary shareholders' meeting). Therefore, by virtue of the principle of proportionality, only some of the provisions of the Code are applicable to Equita Group. Note that if the Company has not adopted one of the principles of the Code applicable to it, or on the contrary if it has voluntarily decided to carry out non-obligatory fulfilments, it has always given the Board a reasoned explanation.

With regard to the **issue of directors' independence**, the Committee recommends that boards “*in the corporate governance report provide the criteria used to assess the significance of professional, commercial or financial relationships and additional remuneration, including with respect to the chairperson of the board, if the latter has been assessed as independent under the Code*”.

With regard to this Recommendation, note that within the Rules of the Board of Directors approved on 15 July 2021, Article 2.7 accurately describes the criteria used to assess the significance of professional, commercial or financial relations and additional remuneration (on this point see Section 4.7), which moreover were applied in the assessment of the independence of both Directors and Statutory Auditors during the checks performed in

February 2022. As for the Chairperson of the Board, Ms Sara Biglieri, note that she is not qualified as an independent director, and therefore the relevant provisions of the Code envisaged in the case of an independent Chair do not apply.

With regard to the question of **pre-board meeting notice**, the Committee invites boards of directors to “*manage the preparation of board and committee rules, paying particular attention to the explicit determination of the terms deemed appropriate for the distribution of documentation and the exclusion of generic confidentiality requirements as possible exemptions from compliance with such terms. When drafting the report on corporate governance, companies should also adequately explain whether they have complied with the notice period previously defined, and where in exceptional cases it has not been possible to comply with said term, explain the reasons for this and how appropriate follow-up action has been taken by the board*”.

With regard to the pre-board meeting notice, note that, again in the Board of Directors' Rules, the following term for distributing information/documents to the Board has been defined as appropriate: “*shortly after the convocation of the meeting and at least three (3) days before the board meeting, or if this is not possible, as soon as possible before the board meeting*”. This term is generally respected, and in fact the Directors have expressed a substantially positive opinion in the self-assessment.

On the other hand, as regards the rules of the control and risk and remuneration committees as envisaged by the Code, no precise term is currently specified, but when the rules next come up for review the Company will consider adding such a term.

Taking into account the above, and in particular the results of the self-assessment, it can be said that the Directors, including those who are members of the board committees, receive detailed documentation in a reasonable time before the relevant meetings.

On the matter of the **appointment and succession of directors**, the Committee “*invites non-concentrated ownership companies to properly consider the recommendations made to them with respect to the renewal of the board of directors. In this regard, note that for such companies the Code not only recommends that the outgoing board of directors express an orientation with respect to its optimal composition, taking into account the results of the self-assessment, but also disclaim this responsibility in the subsequent phase of the submission of slates by the outgoing board and/or shareholders. Specifically, the boards of directors of ‘non-concentrated’ companies are invited to request those who submit a slate containing a number of candidates exceeding half of the members to be elected to provide adequate information (in the documentation submitted for the filing of the list) on the correspondence of the list itself with the orientation expressed by the outgoing board, and to specify their candidate for the office of Chairperson*”.

With regard to this Recommendation, note that the Company qualifies as a company with concentrated ownership, and therefore also taking into account the principle of proportionality, the application of which was recommended by the Corporate Governance Committee itself, the above provisions do not apply.

On the question of **equal treatment and opportunities of genders within the company organisation**, the Committee, while observing an increasing attention to these issues, invites companies to “*provide adequate information in the corporate governance report on the concrete identification and application of such measures*”.

In this regard, note that within the company’s organisation equal treatment and opportunities of genders has always been a point of attention. This is evidenced first and foremost by the composition of the Board of Directors, which is made up of a higher representation of the less-represented gender than what is required by law.

Moreover, there are (i) job rotation initiatives aimed at fostering the development of young people; (ii) the so-called “youth workshop”, i.e. a calendar of meetings between younger resources, the CEO, CFO & COO and

senior representatives of the various divisions aimed at promoting dialogue and proposing corporate initiatives; and (iii) numerous other corporate welfare initiatives (e.g. flexible benefits, check-ups, training programmes, etc.) applicable to all Group employees.

Finally, note that the Company recently promoted a training programme aimed at raising staff awareness of equal opportunities and treatment of genders.

Finally, with regard to the topic of remuneration policies, the Committee “*in addition to reiterating the advisability of improving the policies in the definition of clear and measurable rules for the payment of the variable component and any end-of-office indemnity, recommends adequately considering the consistency of the parameters identified for variable remuneration with the strategic objectives of the business and the pursuit of sustainable success, where appropriate assessing the establishment of non-financial parameters. With particular regard to remuneration parameters linked to the achievement of environmental and social objectives, the Committee recommends that companies ensure that such parameters be predetermined and measurable*”.

With regard to the latter recommendation, note that the Remuneration Policy currently in force substantially meets the requirements of the Code as it contains the essential elements required by the Code itself (e.g. balance between fixed and variable components, limits on the payment of the variable component, performance objectives aimed at promoting sustainable success, etc.). The Remuneration Policy in force also meets the requirements of Bank of Italy Circular no. 285/2013.

However, the Company is in the process of making some changes to the Remuneration Policy (e.g. inclusion of KPIs to measure performance over the long term, therefore not only annual KPIs; inclusion of additional ESG parameters that are more easily measurable, with particular reference to SGR personnel; changes required by Bank of Italy regulations), and this also in compliance with other regulations applicable to the Group. These changes will be proposed at the next meeting in March as well as at the next Shareholders' Meeting.

Finally, note that the aforementioned Letter from the Chair of the Corporate Governance Committee was examined by the Company's Control and Risk Committee at its meeting of 21 February 2022, which was also attended by the Head of the Company's Legal Affairs Department and all members of the Board of Statutory Auditors. During this meeting, the activities carried out by the Company in the process of adapting to the Code were discussed, finding substantial compliance therewith. At the Board meeting held on 22 February 2022, the Board of Statutory Auditors also declared that it agreed with the considerations expressed by the Chairperson of the Board regarding the letter from the Chair of the Corporate Governance Committee dated 3 December 2021.

TABLE 1: INFORMATION ON THE OWNERSHIP STRUCTURE AT THE DATE OF THIS REPORT

SHARE CAPITAL STRUCTURE				
	No. of shares	% of SC.	Listed (indicate markets)/unlisted	Rights and obligations.
Ordinary shares (under the Articles of Association, the possibility of requesting an increase in voting rights is envisaged).	50,497,000	100%	Q/EXM-STAR	Each ordinary share gives the right to one vote. There are, however, shares with increased vote which attribute 2 votes per share.
Preferred shares	-	-	-	-
Multiple voting shares	-	-	-	-
Other categories of shares with voting rights	-	-	-	-

No director of the Company left office during 2021. Regarding the resignation from the role of Chairperson, see the details in the Report.

Number of meetings held during financial year 2021: 7

Quorum required for the submission of lists by minorities for the election of one or more members: 2.5%

NOTES

The symbols indicated below must be inserted in the column “Role”:

- This symbol indicates the director in charge of the internal control and risk management system.
- ❖ This symbol indicates the main person responsible for managing the issuer (Managing Director or CEO).
 - This symbol indicates the Lead Independent Director (LID).

* * First appointment date of each director means the date on which the director was appointed for the first time (in absolute terms) in the Issuer's BoD.

** This column indicates the list from which each director was taken (“M”: majority list; “m”: minority list; “BoD”: list submitted by the BoD).

*** This column indicates the number of assignments of director or auditor covered by the interested party in other listed companies or those of significant size.

(*) This column indicates the attendance of the directors at BoD meetings and the committees (indicates the number of meetings they attended compared to the total of meetings they could have attended; e.g. 6/8; 8/8 etc.).

(1) Appointed by the Shareholders at the Meeting held on 15 June 2017 with effect from 1 July 2017.

(2) Note that within the Equita Group, Mr Perilli holds a position in Equita Group S.p.A and in Equita SIM S.p.A., a wholly-owned subsidiary of Equita Group S.p.A.

(3) Please note that Mr Vismara holds the position in Equita Group S.p.A., Equita SIM S.p.A., a wholly-owned subsidiary of Equita Group S.p.A., as well as the position in Equita K Finance S.r.l., a wholly-owned subsidiary of Equita Group S.p.A.

(4) It is noted that the Directors in office were appointed by way of the list vote procedure.

TABLE 3: STRUCTURE OF THE BOARD COMMITTEES AT THE END OF THE FINANCIAL YEAR

Position/Qualification	Members	Executive Committee		RPT Committee		Control and Risks Committee		Remuneration Committee		Appointments Committee	
Chairperson of the Board of Directors	Sara Biglieri	-	-	-	-	6/6	M	-	-	-	-
Managing Director	Andrea Vismara	-	-	-	-	-	-	-	-	-	-
Executive Director	Francesco Perilli	-	-	-	-	-	-	2/2(*)	M	-	-
Independent director (TUF and Code)	Michela Zeme	-	-	-	-	6/6	C	3/3	M	-	-
Independent director (TUF and Code)	Silvia Demartini	-	-	1/1	C	6/6	M	1/1(**)	M	-	-
Independent director (TUF and Code)	Paolo Colonna	-	-	1/1	M	-	-	3/3	C	-	-
Independent director (TUF and Code)	Marzio Perrelli	-	-	1/1	M	-	-	-	-	-	-

(*) Note that Mr Perilli held the position of member of the Remuneration Committee until 9 September 2021, when he was replaced by Director Silvia Demartini in consideration of the position of executive director assumed by Mr Perilli on 9 September 2021.

(**) Note that Ms Demartini took office as a member of the Remuneration Committee on 9 September 2021, the date she was appointed to replace Mr Perilli in view of the position of executive director taken by Mr Perilli on 9 September 2021.

C = Committee Chair
M = Committee member

TABLE 4: STRUCTURE OF THE BOARD OF AUDITORS

Role	Members	Year of birth	Date of first appointment in the Equita Group *	In office since	In office until	List**	Indep. Code	Attendance at Board meetings***	No. other appointments****
Chairperson	Franco Guido Roberto Fondi	1952	25/01/2018 ⁽¹⁾ as Chairperson of the Board of Statutory Auditors	25/01/18 ⁽¹⁾	Fin. 2022	m	X	12/12	17
Statutory auditor	Paolo Redaelli	1975	21/09/2015 as Standing Auditor	15/06/2017	Fin. 2022	M	X	12/12	20
Statutory auditor	Laura Acquadro	1967	1/07/2017 ⁽²⁾	15/06/2017	Fin. 2022	M	X	12/12	29
Alternate auditor	Andrea Conso	1971	7/05/2020	7/05/2020	A. 2022 Fin. Stat.	M	-	-	7
Alternate auditor	Dora Salvetti	1976	7/05/2020	7/05/2020	A. 2022 Fin. Stat.	M	-	-	9
AUDITORS LEAVING BOARD DURING RELEVANT FINANCIAL YEAR									
<p>It is noted that the Chairperson of the Board of Statutory Auditors Franco Fondi and the Standing Auditors Laura Acquadro and Paolo Redaelli ceased office on 7 May 2020. On the same date, the aforementioned Auditors were newly appointed by the Shareholders' Meeting, by list vote procedure, until the date of the Shareholders' Meeting called to approve the 2022 financial statements.</p> <p>Note also that the Alternate Auditors Filippo Annunziata and Andrea Polizzi ceased office on 7 May 2020. On the same date, the Shareholders' Meeting appointed as Alternate Auditors, by list vote procedure, Andrea Conso and Dora Salvetti, who will remain in office until the date of the Shareholders' Meeting called to approve the 2022 financial statements.</p>									
Number of meetings held during relevant financial year: 12									
Quorum required for list submission by minorities for the election of one or more members (under Art. 147-ter TUF): 2.5%									

NOTES

** Date of first appointment of each auditor means the date on which the auditor was appointed for the first time (in absolute terms) in the issuer's Board of Statutory Auditors.

** This column indicates the list from which each auditor was taken ("M": majority list; "m": minority list).

*** This column indicates the attendance of the auditors at Board of Auditors meetings (indicates the number of meetings they attended compared to the number of meetings they could have attended; e.g.. 6/8; 8/8 etc.).

**** This column indicates assignments as director or auditor covered by the interested party following Art. 148(2) of the TUF and the respective implementing provisions contained in Consob Issuers' Regulation. The complete list of assignments is published by Consob on its internet website following Art. 144, point 15, of Consob Issuers' Regulation.

- (1) Following Francesco di Carlo's resignation as Chairperson of the Board of Statutory Auditors, on 18 December, 2017, effective from 25 January 2018, Franco Guido Roberto Fondi was appointed Statutory Auditor and Chairperson of the Board of Statutory Auditors by Shareholders at the 16 April 2018 Meeting
- (2) Appointed by the Shareholders at the Meeting held on 15 June 2017 with effect from 1 July 2017.
- (3) It is noted that the Auditors in office were appointed by way of the list vote procedure.
